Dear Duncan and Maxine, thank you for the reminder, yes we did have a good break despite the restrictions, thank you.

I'm afraid I can't supply the full flood risk assessment yet as it is not fully complete. We been able to provide an extract from the drainage strategy report which should be more useful, as the FRA does not relate to the micro drainage files.

This document is in draft format as we need to reach agreement with the Inland drainage board as the Flood risk Authority and Beds Borough Council who will adopt the road. However, I wanted to give you an indication of what is being discussed.

I hope we can get together soon, albeit virtually.

Regards

Dear Anne-Marie,

I hope you had a nice time on annual leave...or as nice as it can be in another lock down!!!!

Hazel Said she would have some information available on your return so we can proceed with WSP.

Just to clarify:

"In order to investigate your queries below more thoroughly and understand the design parameters that Highways England's drainage design (contained in the MDX files, received on 2nd October) has been based on, can we please be provided with Highways England's Flood Risk Assessment?"

Kind Regards

Duncan and Maxine
