Dear Emré

**Application by Highways England for an Order Granting Development
Consent for M54 to M6 Link Road Project – Adequacy of consultation request**

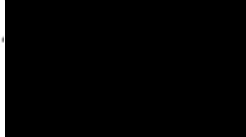

Thank you for your recent correspondence regarding the above.

I can confirm that South Staffordshire Council is satisfied that consultation to date on the above proposal is adequate; and Highways England has complied, in relation to the proposed application, with its duties under sections 42, 47 and 48 of PA2008 relating to consultation and publicity. Due to the limited time available to consider the finalised scheme prior to submission, there remains outstanding issues to be addressed between South Staffordshire Council/Staffordshire County Council and Highways England in relation to the detail of specific proposals; however the local authorities look forward to working positively with Highways England to ensure the best possible scheme can be delivered to the benefit of road users and our communities.

Yours sincerely

Councillor Roger Lees

Deputy Leader and Cabinet Member for Planning and Regulatory Services
South Staffordshire Council
