# 1 Introduction

## 1.1 Purpose of this document

- 1.1.1 This Guide to the Documents to be Certified (this 'Guide') is provided in relation to the M54 to M6 Link Road Scheme (the 'Scheme'). Highways England (the 'Applicant') has submitted an application under Section 37 of the Planning Act 2008 (the 'PA 2008') for an Order to grant development consent (a DCO) for the Scheme.
- 1.1.2 The purpose of this Guide is to help the Examining Authority and interested parties understand the draft DCO through identifying the latest version of any document that has been submitted as part of the Examination and to also indicate those documents which are to be certified. It also aims to help the Examining Authority and interested parties understand the parameters for implementing the DCO and how it will be implemented. The Guide also contains a full record of documents submitted to the Inspectorate, including application documents that are not proposed to be certified and additional documents submitted after acceptance of the application in February 2020.
- 1.1.3 This Guide has been submitted with the application and will be updated where necessary throughout the Examination to confirm:
- any revised versions of any application documents; and/or
  - any additional documents produced since submission of the application that would be certified documents were the Secretary of State to grant development consent based on the DCO as drafted at the point of issue of this Guide.
- 1.1.4 The documents identified with a 'y' in Table 1 replicate those listed in Schedule 10, 'Documents To Be Certified' in the draft DCO [TR010054/APP/3.1].

## 2 Application Documents Submitted

- 2.1.1 Table 1 sets out all Application Documents submitted to the Planning Inspectorate
- 2.1.2 The table tracks the latest version of the documents, with previous superseded versions to be greyed out. The table is to be reviewed and treated as a “document” during the Examination process.
- 2.1.3 The table indicates those documents which are to be certified by the Secretary of State, additional application documents that are not to be certified and any new documents submitted at particular Examination deadlines.
