2 Application Documents Submitted.....	2

1 Introduction

1.1 Purpose of this document

1.1.1 This Guide to the [Application Documents to be Certified](#) (this 'Guide') is provided in relation to the M54 to M6 Link Road Scheme (the 'Scheme'). Highways England (the 'Applicant') has submitted an application under Section 37 of the Planning Act 2008 (the 'PA 2008') for an [Order to granting](#) development consent (a DCO) for the Scheme.

~~1.1.2~~ The purpose of this Guide is to help the Examining Authority ([ExA](#)) and interested parties understand the [documents submitted as part of the application](#). [The Guide identifiesraft DCO through identifying](#) the latest version of any document that has been submitted as part of the Examination and ~~to also~~ [indicates](#) those documents which are to be certified. The Guide ~~also~~ contains a full record of documents submitted to the [Planning Inspectorate by the Applicant](#), including application documents that are not proposed to be certified and additional documents submitted after acceptance of the application in February 2020.

~~1.1.3~~ [This Guide has been submitted with the application and will be updated where necessary throughout the Examination to confirm:](#)

~~1.1.4~~ [any revised versions of any application documents; and/or](#)

~~1.1.51.1.2~~ [any additional documents produced since submission of the application that would be certified documents were the Secretary of State to grant development consent based on the DCO as drafted at the point of issue of this Guide.](#)

~~1.1.61.1.3~~ The documents identified with a 'y' in Table 1 replicate those listed in Schedule 10, 'Documents [tTo Bbe](#) Certified' in the draft DCO **[TR010054/APP/3.1]**.

2 Application Documents Submitted

~~2.1.1~~ Table 1 sets out all ~~A~~ application ~~d~~ documents submitted to the Planning Inspectorate ~~by the Applicant~~.

~~2.1.2~~~~2.1.1~~ ~~Table 1~~~~The table~~ tracks the latest version of the documents, with previous superseded versions ~~to be~~ greyed out and the text struck through. The table is to be reviewed and treated as a “document” during the Examination process.

~~2.1.2~~ ~~Table 1~~~~The table~~ indicates ~~th~~ose documents which are to be certified by the Secretary of State, additional application documents that are not to be certified and any new documents submitted at particular Examination deadlines. Note that all new and revised documents that relate to the application Volumes 1 to 7 are included in the relevant section in Table 1. All new documents that do not relate to the application Volumes 1 to 7 ~~are~~ included in Volume 8 in Table 1.

~~2.1.3~~ ~~Key plans are issued as plan sets with each set given a revision number in Table 1. Tables 2 to 12 in this Guide provide the full list of plan reference numbers in each set. For example, the Works Plans are listed under application document TR010054/APP/2.2 in Table 1, with the numbers for individual plans that make up this set provided in Table 5.~~

~~2.1.3~~ ~~This revision of this Guide is being submitted to the Planning Inspectorate as part of a formal request for seven Scheme changes. Given that the decision to accept or reject the Scheme changes lies with the ExA, the previous versions of documents submitted remain live until a decision is reached on whether the Scheme will be examined with the changes. Therefore, to clearly differentiate between the version with and without the Scheme changes, the version incorporating Scheme changes in this Guide is labelled with ‘Scheme changes version’ in blue text.~~

[Table 4](#) ~~Table 4~~: [Schedule of Crown Land Plan Revisions](#) [document 2.3]

[The Applicant is in receipt of a letter dated 3rd June 2020 from the Coal Authority confirming their interest is not Crown Land for the purposes of the Planning Act 2008. This means that there are no Crown interests within the limits of the DCO application and, accordingly, no Crown Land plans are required. This letter was sent to the Inspectorate for consideration by the ExA on 26 June 2020 \[AS-040\]. Should the ExA agree with this position, the Applicant would propose to withdraw the Crown Land plans so that they no longer form part of the application documents. However, until this position is agreed the below table will be retained.](#)
