Categories: Deadline

Please find attached the Environment Agency's response to the Inspector's initial questions.

Furthermore, please treat this as a formal request for the Environment Agency (as a Statutory Party) to be considered as a Interested Party for the purposes of this examination. Our Statement of Common Ground outlines the discussions to date with the applicant, regarding matters relating to waste, groundwater, pollution, water-based ecology and flooding. Matters are still to be agreed with regards to Water Framework Directive compliance and work is ongoing to resolve these issues.

If you have any queries please let me know.
