All current application drawings and ES Figures that exceed 10Mb in size have been submitted at Deadline 3 as either lower resolution drawings or documents split into smaller (sub 10Mb) files. It is not intended that these are to be treated as new documents as these are solely intended to facilitate digital hearings and no changes have been made since previous versions beyond the resolution. Table 1 below sets out the current application documents and low resolution/size equivalents submitted at Deadline 3.
