Planning Inspectorate Case Team M54/M6

M54 to M6 Link Road Scheme – Deadline 6

Documents submitted

Please find enclosed the following documents from the Applicant for Deadline 6:

- 1.5 Guide to the Application (version P13 to supersede version P12 submitted on 20 January 2021). Clean and tracked changes versions.
- 2.2 Land Plans (version P05 to supersede version P04 submitted on 17 December 2020). The changes made are:
 - Splitting plot 4/20c into two plots by introducing a new plot 4/20d (temporary possession) with corresponding reduction in the size of plot 4/20c (permanent acquisition). This change relates to the area known as the 'Dark Lane fence'. The change reflects the agreed position between the Applicant and Allow Ltd that, instead of permanent acquisition, temporary possession of the land will taken to upgrade the boundary treatments only.
 - Splitting plot 6/17o into two plots by introducing a new plot 6/39 with a very small corresponding reduction to plot 6/17o. This new plot has been introduced because further information has been provided on the occupation of this plot and it is considered useful to distinguish the plot to clarify the area being referenced. Both plots are still proposed to be permanently acquired and there is no additional land to be acquired.
- 2.7 Streets, Rights of Way and Access Plan (version P04 to supersede version P03 submitted on 9 October 2020). The change made is to show an access to the plot to the west and north of plot 4/20c as requested by Allow Ltd.
- 3.1 Draft Development Consent Order (version 5 to supersede [REP4-005]). Clean and tracked changes versions, with pdfs and word versions submitted. The changes made to the draft reflect the changes to the above plans and/or are in response to the Third Set of Written Questions. A small amendment has also been made to the description of Work No. 14 in response to ongoing design work.

- Validation report for Draft DCO (version 5)
- 3.2 Explanatory Memorandum (version 4 to supersede [REP2-007]). Clean and tracked changes versions.
- 3.3 Consents and Agreements Position Statement (version P04 to supersede [REP4-009]). Updated to reflect latest position on consents and agreements. Clean and tracked changes versions.
- 4.1 Statement of Reasons (version P08 to supersede [AS-131]). Clean and tracked changes versions.

Other matters

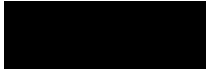

We would also like to inform the Examining Authority that consultation on the environmental information relating to the design changes accepted on 29 October 2020 under the Infrastructure

Planning (EIA) Regulations 2017 concluded on 6 January 2021. No responses were received to that consultation.

Further, we would notify the Examining Authority that a revised draft application for a European Protected Species Licence for Great Crested Newts was submitted to Natural England on 29 January 2021 as agreed. Natural England has confirmed the draft application has been received and they will consider it and, if agreed, issue a revised Letter of No Impediment. This will be submitted to the Examining Authority if and when it is received.

Please feel free to contact me if you have any queries on any documents submitted.

Yours Sincerely

Andrew Kelly
