Dear Sir/Madam

The Infrastructure Planning (Examination Procedure) Rules 2010 (as amended) – Rule 9

Application by Highways England for an Order Granting Development Consent for the M54 to M6 Link Road Project

Publication of 360° Photography

We write further to our letter dated 31 March 2021 which included notification that the ExA was content to receive further representations on the 360° Photography at **D8 (7 April 2021)**. It has been drawn to the ExA's attention that the e-mail notification of the publication of this letter was not circulated until today.

In order to ensure a fair and open process and that no parties are prejudiced by this, the ExA has made a procedural decision to extend this deadline again. Any further representations on the 360° Photography will therefore be accepted at **D9 (16 April 2021)**. This will be accepted as "comments on any additional information/submissions received" and would therefore not necessitate a change in the Examination Timetable.

Yours faithfully

Kenneth Stone
