Subject: M3 Junction 9 Improvement project - Adequacy of consultation request

Planning Act 2008 (as amended) – Section 55
Application by National Highways for an Order Granting Development Consent for the M3 Junction 9 Improvement - Adequacy of consultation request

Thank you for contacting the New Forest National Park Authority regarding the adequacy of consultation undertaken by National Highways as part of the development of their proposals for the M3 junction 9 improvements at Winnall, Winchester.

The New Forest National Park Authority is defined as a 'local authority' under section 42 and 43 of the Planning Act 2008 for the proposed development. We can confirm that in our view the consultation undertaken by National Highways with the National Park Authority has been appropriate. The National Park Authority therefore considers that the applicant has complied with the relevant legal duties set out in your letter dated 23 November 2022 (attached).

If you have any queries regarding the National Park Authority's response please get back to me at this email address.
