1 INTRODUCTION

1.1 Purpose of this document

- 1.1.1 This Book of Reference relates to an application made by National Highways Limited (the “Applicant”) to the Planning Inspectorate under the Planning Act 2008 for a Development Consent Order (“DCO”). If made, the DCO would grant consent for the Applicant to undertake the M3 Junction 9 Improvement (the “Scheme”).
- 1.1.2 This Book of Reference lists the plots of land over which the Applicant is seeking powers of compulsory acquisition in the DCO for the purposes of the Scheme. For each plot it identifies whether the Applicant is seeking the power to acquire that plot outright, the power to create and/or acquire permanent rights, or the power to create and/or acquire temporary rights of possession and use. It also lists the persons with land outside the DCO boundary who may be entitled to make a relevant claim for compensation due to the effects of construction or when the new or altered road is in use.
- 1.1.3 This Book of Reference has been prepared and submitted in compliance with Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009, and in accordance with the Department for Communities and Local Government guidance 'Planning Act 2008: Guidance related to procedures for compulsory acquisition' (September 2013).
- 1.1.4 As this Book of Reference is part of the application documents it should be read in conjunction with the **Land Plans (Document Reference 2.2)**, the **Statement of Reasons (Document Reference 4.1)** and the **draft DCO (Document Reference 3.1)**.
- 1.1.5 This Book of Reference is divided into five parts as prescribed by Regulation 7(1) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009. Each of the five Parts are summarised in the next chapter, together with a brief commentary on how the requirements in the Regulations have been interpreted and applied to the collation of each Part of the Book of Reference.
- 1.1.6 A detailed description of the Scheme can be found in the **Introduction to the Application (Document Reference 1.3)** and in **Chapter 2 (The Scheme and its Surroundings)** of the **Environmental Statement (Document Reference 6.1)**.

2 BOOK OF REFERENCE DESCRIPTION

2.1 PART 1 DESCRIPTION

- 2.1.1 Regulation 7(1)(a) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 states;

Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to –

- I. powers of compulsory acquisition;*
- II. rights to use land, including the right to attach brackets or other equipment to buildings; or*
- III. rights to carry out protective works to buildings*

- 2.1.2 Part 1 of this Book of Reference contains the names and addresses of each person within Categories 1 and 2, as set out in Section 57 of the Planning Act 2008, along with the area of each plot of land in which the development will be carried out.

- 2.1.3 A person is within Category 1 if the Applicant after making diligent inquiry, knows that they are an owner, lessee, tenant, or occupier of the land. A person is within Category 2 if they have an interest in the land or have the power to sell and convey or release the land

- 2.1.4 Parties recorded in Part 3 of this Book of Reference have also been included in Part 1.

2.2 PART 2 DESCRIPTION

- 2.2.1 Regulation 7(1)(b) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 states;

Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57

- 2.2.2 Part 2 of this Book of Reference contains the names and addresses (if known by the Applicant) of each person within Category 3, as defined by Section 57 of the Planning Act 2008.

- 2.2.3 A person is within Category 3 if the Applicant believes that, if the DCO were to be made and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the Planning Act 2008. A relevant claim is a claim under section 10 of the Compulsory Acquisition Act 1965, a claim under part 1 of the Land Compensation Act 1973, or a claim under section 152(3) of the Planning Act 2008.

2.2.4 It is considered that Category 3 also includes:

- Certain Category 1 ‘Owners’
- All Category 1 ‘Lessees and Tenants’, and
- Any Category 2 interests for land within the DCO boundary.

2.3 PART 3 DESCRIPTION

2.3.1 Regulation 7(1)(c) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 states;

Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with

2.3.2 Part 3 of this Book of Reference contains the names of all those with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with as part of the DCO.

2.3.3 Category 2 persons included within Part 1 of this Book of Reference have also been included within Part 3 where their rights may be affected. Examples include tenants of the land, or statutory undertakers with services in or under the land, and whose rights over the land are likely to be affected whether the land is required permanently or temporarily.

2.3.4 Parties recorded in Part 3 of this Book of Reference have also been included in Part 1.

2.4 PART 4 DESCRIPTION

2.4.1 Regulation 7(1)(d) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 states;

Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made

2.4.2 There is no land in which the Crown has an interest as part of the Scheme. For the avoidance of doubt, any land held by the Applicant no longer constitutes Crown Land. A transfer scheme made pursuant to the Infrastructure Act 2015 states that the “Highways Agency Designated Undertaking” which is defined as the property and rights which were held for the purposes of Relevant Highway Agency Purposes (activities carried out by the Highways Agency or those which concerned functions relating to the highways) is transferred to the Applicant. This includes, for example, all highways in England previously under the jurisdiction of the Highways Agency unless they have been specifically excluded. As the Applicant is not a government department nor does it hold said interests on trust, these

plots are not considered Crown Land (as per section 227 of the Planning Act 2008).

2.5 PART 5 DESCRIPTION

2.5.1 Regulation 7(1)(e) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 states;

Part 5 specifies land –

- i. the acquisition of which is subject to special parliamentary procedure;*
- ii. which is special category land*
- iii. which is replacement land*

2.5.2 Part 5 of this Book of Reference specifies the land that as part of the DCO is acquired subject to special parliamentary procedure, is special category land or is replacement land. There is no land to which Part 5 applies and therefore this section is blank.

3 BOOK OF REFERENCE NOTES

3.1 Notes

- 3.1.1 Part 1 of this Book of Reference provides the area in square metres of all land included in the DCO. For ease of reference, the areas have been repeated in Parts 2 to 5 of this Book of Reference.
- 3.1.2 The term 'approximately' is used before all plot area measurements as these measurements are given in square metres and each measurement is rounded up to the nearest whole square metre.
- 3.1.3 Each plot of land shown in this Book of Reference has been given a unique reference. The first number relates to the Land Plans sheet on which the plot is located. The second number differentiates between different land owners on each plan. The numbers given to each land owner are assigned from north to south. Finally, the letters which suffix the land owner reference are used to differentiate between plots of the same unique owner on that Land Plan from north to south.
- 3.1.4 The description of each plot of land includes reference to the principal land use power(s) sought in the **draft Development Consent Order (Document Reference 3.1)** in respect of that plot. The table below is provided to explain the relationship between this **Book of Reference (Document Reference 4.3)**, the **draft Development Consent Order (Document Reference 3.1)**, and the **Land Plans (Document Reference 2.2)** and to clarify the powers sought in relation to compulsory acquisition and temporary possession.

Table 3.1 - Relationship with the Land Plans and DCO		
Colour of the plot on Land Plans	Principal land use power sought (as set out in the Book of Reference)	Principal relevant DCO Article
Pink	Land to be acquired permanently	Article 24
Blue	Land to be used temporarily and rights to be acquired permanently	Article 27
Green	Land to be used temporarily	Articles 34 and 35
Yellow	Land not included in Development Consent Order Boundary	N/A
No colour	Land where no powers are sought	N/A

- 3.1.5 The land shown coloured pink and blue will also be subject to the powers of temporary possession for the purpose of carrying out the authorised

development (by virtue of Article 34 (Temporary use of land for carrying out the authorised development)) of the DCO.

- 3.1.6 By virtue of Article 35 (Temporary use of land for maintaining authorised development) of the DCO any land within the Order Limits which is reasonably required for the purpose of maintaining the authorised development may be entered and/or temporarily possessed.

3.2 How to use this Book of Reference

- 3.2.1 The table below provides a step by step guide to enable any person with an interest in the land to identify how the Applicant's proposals may affect the land in which they have an interest.

Table 3.2 - How to use this Book of Reference	
Step One	
Look at the Land Plans (Document Reference 2.2) and find the area (plot(s)) of land in which you have an interest.	
Step Two	
Note the colour and the number of the plot(s).	
Using Table 3.1 above, the colour of the plot(s) will tell you of the purpose for which it is required.	
Step Three	
Use the plot(s) number to identify where the land is referred to in other DCO Application documents:	
<p>This Book of Reference (Document Reference 4.3) –</p> <p>Which provides a brief description of each plot (including an approximate area measurement) and details of persons who own, lease or otherwise occupy or have an interest in the land.</p>	
<p>The Statement of Reasons (Document Reference 4.1) –</p> <p>Particularly Annex A, which provides details of the purpose for which compulsory acquisition and temporary possession powers are sought and references each plot in the Book of Reference to these purposes.</p>	
<p>The draft Development Consent Order (DCO) (Document Reference 3.1) –</p> <p>Which contains the powers needed to carry out a scheme, and includes the powers of compulsory acquisition to assemble the land required that are listed in Table 3.1.</p>
