Subject: A417 Missing Link Option 30
Date: 03 October 2021 14:26:05

Dear Sir/ Madam,

Highways England has done extensive consultation with residents of the area including those residents of Birdlip and Cowley. As a result of their study and consultation a new route for the A417 has been proposed which addresses our concerns about safety, pollution and rat-running all of which have been a bane to residents. Nothing has changed to warrant a route other than option 30. The Parish council which includes Birdlip and Cowley approved this because it is the best route to address all our concerns.

I didn't realise that there was a deadline of 3rd September to register my interest.

Yours faithfully,
Paula Drummond
