Subject: A417 Site Inspections

Good Afternoon George,

With reference to my earlier voicemail, the Examination Timetable set within Annex A to the Rule 8 Letter^[1] reserves time for Accompanied Site Inspections during w/c 28 February 2022 where necessary and subject to any COVID-19 restrictions. With reference to discussions had during the Wednesday Compulsory Acquisition Hearing (CAH1) and Thursday Issue Specific Hearing (ISH2) this week, the applicant believes that there are important circumstances where an Accompanied Site Inspection may be of benefit the Examining Authority at the following locations:

- FlyUp 417 Ltd – Accessed from Stopping Point K referenced on Document REP1-007; ‘8.1 Suggested Location for Site Inspections’
- Stockwell Farm – Accessed from Stopping Point C referenced on Document REP1-007; ‘8.1 Suggested Location for Site Inspections’
- Emma’s Grove – Accessed from Stopping Point G (nearby to viewpoint 23) referenced on Document REP1-007; ‘8.1 Suggested Location for Site Inspections’

The position of the Applicant is that it will be beneficial to have Interested Parties and representatives of the Applicant in attendance during the Accompanied Site Inspections.

In practical terms the site inspections can be undertaken in accordance with current COVID-19 restrictions, wholly outside and not within buildings or other confined spaces, social distancing measures can also be maintained.

If you would like to discuss together, please do not hesitate to get in touch.

Best wishes

Chris

Chris Palmer BSc MSc MRTPI
Director - DCO & Major Infrastructure
