##### A417 MISSING LINK

##### SECTIONS 91, 92 and 93 OF THE PLANNING ACT 2008

##### RULE 13(6) OF THE INFRASTRUCTURE PLANNING (EXAMINATION PROCEDURE) RULES 2010

##### NOTICE OF HEARINGS RELATING TO THE A417 MISSING LINK

##### PLANNING INSPECTORATE REFERENCE: TR010056

NOTICE IS HEREBY GIVEN that, at the dates, times and locations set out below, an open floor hearing, compulsory acquisition hearing and issue specific hearing will be held by the Examining Authority (appointed by the Secretary of State) for the examination of the application made by National Highways for a Development Consent Order ("the DCO") for the A417 Missing Link ("the Application").

The Application was made to the Secretary of State (via the Planning Inspectorate) under section 37(2) of the Planning Act 2008 on 31 May 2021 and was accepted by the Planning Inspectorate for examination on 29 June 2021. The Application has been given the Planning Inspectorate reference number TR010056.

##### SUMMARY OF THE SCHEME

The Application seeks development consent for the A417 Missing Link in the south-west region, located within the administrative areas of Gloucestershire County Council, Tewkesbury Borough Council and Cotswold District Council ("the Scheme").

The main aspects of the Scheme comprise:

- 3.4 miles of new dual carriageway connecting the existing A417 Brockworth bypass with the existing A417 dual carriageway south of Cowley in Gloucestershire.
- A new crossing near Emma's Grove for walkers, cyclists and horse riders including disabled users, which would accommodate the Cotswolds Way National Trail (referred to as the Cotswold Way crossing).
- A new junction near to Ullenwood, connecting the existing A436 and Leckhampton Hill with the new A436 Link Road and Cold Slad Lane.
- A new multi-purpose crossing north of Shab Hill to provide essential mitigation for bats and enhancement opportunity for ecology and landscape integration. The crossing would also carry the Gloucestershire Way (referred to as the Gloucestershire Way crossing).
- A new junction at Shab Hill, providing a link from the A417 to the A436 (towards the A40 and Oxford) and to the B4070 (for Birdlip and other local destinations).
- A new junction would be included near Cowley, replacing the existing Cowley roundabout and providing local access to Stockwell and other local settlements including Caudle Green, Nettleton Bottom and Brimpsfield. The junction would make use of the existing Cowley Wood Lane underbridge to allow for all directions of travel to be made.
- The re-purposing of the current A417 between Stockwell Lane and the Cotswold Way crossing, providing a traffic free walking, cycling and horse-riding route, including for disabled users.

Other sections would be retained as lower-class public roads, maintaining local access for residents. If the DCO is made by the Secretary of State, it would allow National Highways, for the purpose of constructing, operating and maintaining the Scheme, to acquire compulsorily interests in and rights over land, including the power to create and acquire new rights over land, and to take possession of and to use land temporarily.

The DCO would also make provision for development, which would constitute associated development together with other ancillary matters, including those referenced in Schedule 1 of the Draft DCO (Document Reference 3.1 Rev 2, REP4-014).
