1. INTRODUCTION

1.1 Introduction

- 1.1.1 This Application Document Tracker (this 'Tracker') relates to an application for a Development Consent Order (DCO) made by Highways England (the 'Applicant') to the Secretary of State for Transport via the Planning Inspectorate (the 'Inspectorate') under section 37 of the Planning Act 2008 (the '2008 Act'). If made, the DCO would grant consent for A1 in Northumberland: Morpeth to Ellingham (the 'Scheme'). It provides a guide to the application documents submitted to the Inspectorate on the 7 July 2020.
- 1.1.2 The application was accepted for examination on 4 August 2020. This Tracker has been prepared in response to a Procedural Decision issued by the Examining Authority on 5 August 2020 which requested this Tracker be provided prior to commencement of the Relevant Representation period.
- 1.1.3 This is a live document and will be updated and submitted, when updated, for each examination deadline to help the Examining Authority and interested parties understand the application as it evolves through examination by identifying the latest version of any application document
- 1.1.4 It is proposed that this Tracker replaces the Guide to the Documents to be Certified (**Application Document Reference: TR010041/APP/1.4**) submitted with the application as it also identifies those application documents which would be certified as set out in Schedule 12 of the draft DCO (**Application Document Reference: TR010041/APP/3.1**).

1.2 Application Document Tracker

- 1.2.1 This Tracker provides a full list of all the application documents submitted to date, indicating the latest version and when an updated application document is submitted once the Scheme is in examination.
- 1.2.2 Any new documents submitted, i.e.: those not submitted at application, during the course of the examination will also be added to this Tracker within the volumes grouped below as applicable. Those figures embedded within documents are not listed as they do not have a unique document reference.
- 1.2.3 For ease of navigation these documents are grouped by volumes as follows:

Volume	Content
1	Application Information The completed application form, covering letter and introduction to the application and Applicant.
2	Plans/drawings/sections Plans that illustrate the location of the Scheme, the proposed works, proposed land-take, engineering drawings and other plans/drawings to support the application.
3	Draft Development Consent Order and The legal powers the Applicant is seeking to enable it to build, operate and maintain the Scheme, together with separate

	Related Documents	documents explaining the provisions of the Order and how other required consents will be obtained.
4	Compulsory Acquisition Information	Evidence of why the Applicant requires legal powers to compulsorily acquire land, how the Scheme would be funded and details of the land interests that are required for the construction and operation of the Scheme.
5	Consultation Report and Related Documents	Details of the pre-application consultation the Applicant has undertaken on the Scheme and how consultation feedback has been taken into account.
6	Environmental Statement and Related Documents	An assessment of the likely environmental impacts of the Scheme including any significant effects (both positive and negative) of the Scheme and a description of mitigation measures proposed to reduce any negative impacts.
7	Other Documents	Additional documents that support the application; these are not legally required but provide useful information on the Case for the Scheme, compliance with the NPS NN, Outline Construction Environmental Management Plan and Construction Traffic Management Plan.

Application Document Tracker

Submitted on 14 September 2020 in response to Procedural Decision issued on 5 August 2020
