1 INTRODUCTION

1.1 PURPOSE OF THIS DOCUMENT

- 1.1.1. This Statement of Common Ground (SoCG) relates to an application made by Highways England (the “Applicant”) on 7 July 2020 to the Secretary of State (SoS) for Transport via the Planning Inspectorate (the “Inspectorate”) under the Planning Act 2008 (the “2008 Act”) for a Development Consent Order (DCO). The DCO was accepted for examination by the Inspectorate on 4 August 2020.
- 1.1.2. If made, the DCO would grant consent for the A1 in Northumberland, Morpeth to Ellingham (the “Scheme”). The Scheme is formed of two parts as follows: A1 Morpeth to Felton (Part A) and A1 Alnwick to Ellingham (Part B). A detailed description of the Scheme can be found in Chapter 2: The Scheme of the Environmental Statement (ES) [APP-037].
- 1.1.3. This SoCG does not seek to replicate information which is available elsewhere within the Application documents. All documents are available on the Inspectorate website:
<https://infrastructure.planninginspectorate.gov.uk/projects/North%20East/A1-in-Northumberland---Morpeth-to-Ellingham/>
- 1.1.4. The SoCG has been produced to confirm to the Examining Authority where agreement has been reached between the parties to it and where agreement has not (yet) been reached. SoCGs are an established means in the planning process of allowing all parties to identify and so focus on specific issues that may need to be addressed during the examination.

1.2 PARTIES TO THIS STATEMENT OF COMMON GROUND

- 1.2.1. This SoCG has been prepared by (1) Highways England as the Applicant and (2) National Grid Gas (NGG).
- 1.2.2. Highways England became the Government-owned Strategic Highways Company on 1 April 2015. It is the highway authority in England for the strategic road network and has the necessary powers and duties to operate, manage, maintain and enhance the network. Regulatory powers remain with the SoS. The legislation establishing Highways England made provision for all legal rights and obligations of the Highways Agency, including in respect of the Application, to be conferred upon or assumed by Highways England.
- 1.2.3. NGG is the company with responsibility for the transmission and supply of gas nationally, including within the North East.

1.3 TERMINOLOGY

- 1.3.1. In the tables in the Issues section of this SoCG, “Not Agreed” indicates a final position, and “Under discussion” indicates where these points will be the subject of on-going discussion wherever possible to resolve or refine, the extent of disagreement between the parties. “Agreed” indicates where the issue has been resolved.

- 1.3.2. It can be taken that any matters not specifically referred to in Chapter 3 of this SoCG are not of material interest or relevance to NGG and therefore have not been the subject of any discussions between the parties. As such, those matters can be read as agreed, only to the extent that they are either not of material interest or relevance to NGG.

2 RECORD OF ENGAGEMENT

- 2.1.1. A summary of the meetings and correspondence that has taken place between Highways England and NGG in relation to the Application is outlined in Table 2-1.
- 2.1.2. This table has been split to reflect that discussions were held with NGG in relation to Part A only. There have been no discussions between Highways England and NGG in relation to Part B of the Scheme as there are no records of any NGG apparatus in the vicinity of Part B.
- 2.1.3. As such, engagement in relation to Part A is recorded in Table 2.2, below, whilst all engagement following combination of Part A and Part B into the Scheme in March 2020 is recorded in Table 2.1.

3 ISSUES

Table 3-1 - Issues Related to the Whole Scheme

Item	National Grid	Highways England Response	Status
1.	NGG may require protective provisions to be included within the DCO to ensure that its interests are adequately protected and to ensure compliance with relevant safety standards.	The dDCO [REP1-005 and 006] includes protective provisions for gas undertakers in Part 1 of Schedule 10. The Applicant is also working with NGG to reach agreement on protective provisions.	Under discussion
