Dear Sirs

Application by Highways England for an Order Granting Development Consent for the A1 in Northumberland – Morpeth to Ellingham project

Response at Deadline 5 (D5)

I write on behalf of Historic England with reference to the above deadline, and the issues highlighted with reference to this Deadline in the Planning Inspectorate's letter of 19th November 2020.

I can confirm that the only issue relating to Historic England's interests here is with reference to updating the ExA on the proposed Statement of Common Ground between Historic England and Highways England: This is still progressing, and we hope will be able to conclude agreement shortly.

We note that the ExA has no additional questions in connection with the historic environment at this time.

I hope this advice is helpful to the ExA, and we would be happy to assist further on these issues, or any others within our remit, as required.

Yours faithfully
