Network Rail Infrastructure Limited (NR) requests an opportunity to be heard at the hearings on 27 or 28 June 2023 if necessary. NR is currently in negotiations with the applicant and hopes to have resolved its concerns with the A12 DCO project ahead of these hearings. However, NR would like to reserve the right to be heard if required. NR's preference is for its solicitors Addleshaw Goddard to appear on its behalf virtually. Topics raised at the hearings would be any remaining concerns NR has relating to the impact of the A12 DCO project on the safety of the railway, and/or the Beaulieu Station development, and details of the protections NR require to resolve these concerns.
