A.1 Impacts during construction

This section presents a summary assessment of the impact from construction of the proposed scheme on all archaeological remains (Table A.1), built heritage assets (Table A.2), and historic landscape types (Table A.3).

Table A.1 Construction impacts on archaeological remains

Asset No.	Name	Designation	Value	Duration of Impact	Description of Impact	Magnitude of Impact	Significance of Effect	Mitigation	Magnitude of Residual Impact	Significance of Residual Effect
1	Roman Road Extending North East From Chelmsford	Non-Designated	Low	Permanent	Removal of archaeological remains during construction. This would affect approximately 1.2km of an asset which is approximately 12km long in total.	Moderate	Slight	Watching Brief	Moderate	Neutral
2	Springfield-white Hart Lane	Non-Designated	Low	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
5	New or Little Park, New Hall, Boreham	Non-Designated	Low	Short-Term	This asset was removed by construction of the A12 Chelmsford Bypass and Junction 19. No impact from the proposed scheme is predicted.	No Change	Neutral	None Proposed	No Change	Neutral
6	Greater Beaulieu Park	Non-Designated	Low	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
11	Land East of White Hart Lane, Springfield: Balancing Pond Area	Non-Designated	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral

Asset No.	Name	<u>Designation</u>	Value	Duration of Impact	Description of Impact	Magnitude of Impact	Significance of Effect	Mitigation	Magnitude of Residual Impact	Significance of Residual Effect
14	Winsford Hill	Non-Designated	Low	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
17	North eastern chelmsford	Non-Designated	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
19	IND 1 (Springfield), Chelmsford	Non-Designated	Low	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
23	IND 1 (Springfield), Chelmsford - Phase 2	Non-Designated	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
26	East of Brookend	Non-Designated	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral

32	Cropmarks SW of Genfield	<u>Non-Designated</u>	Negligible	Short-Term	This asset was removed during construction of the A12 Chelmsford Bypass. No impact from construction of the proposed scheme is predicted.	No Change	Neutral	None Proposed	No Change	Neutral
37	Chelmsford North East Industrial Estate Findspot	<u>Non-Designated</u>	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
38	Pillbox (destroyed), under A12, E of Chelmer Village	<u>Non-Designated</u>	Negligible	Short-Term	This asset was removed during construction of the A12 Chelmsford Bypass. No impact from construction of the proposed scheme is predicted.	No Change	Neutral	None Proposed	No Change	Neutral
39	Pillbox (destroyed), under A12 E of Chelmer Village	<u>Non-Designated</u>	Negligible	Short-Term	This asset was removed during construction of the A12 Chelmsford Bypass. No impact from construction of the proposed scheme is predicted.	No Change	Neutral	None Proposed	No Change	Neutral
40	Water feeder ditch, Chelmer and Blackwater Navigation	<u>Non-Designated</u>	Negligible	Short-Term	Potential for removal of remains associated with this asset during construction.	No Change	Neutral	None Proposed	No Change	Neutral

Asset No.	Name	Designation	Value	Duration of Impact	Description of Impact	Magnitude of Impact	Significance of Effect	Mitigation	Magnitude of Residual Impact	Significance of Residual Effect
42	Water feeder, Chelmer and Blackwater Navigation 1	Non-Designated	Negligible	Short-Term	Potential for removal of remains associated with this asset during construction.	Moderate	Slight	Photographic Survey	Minor	Neutral
43	Water feeder, Chelmer and Blackwater Navigation 2	Non-Designated	Negligible	Short-Term	Potential for removal of remains associated with this asset during construction.	Moderate	Slight	Photographic Survey	Minor	Neutral
45	Red Deer Park, New Hall, Boreham	Non-Designated	Negligible	Permanent	Construction of proposed attenuation ponds and creation of woodland planting would potentially remove archaeological remains associated with approximately 30% of the total area of this asset.	Moderate	Slight	Trial Trenching; Strip Map and Sample, the need for and extent of which will be informed by trial trenching	Moderate	Neutral
46	Prepared Rifle Emplacement, Springfield	Locally Listed Building	Medium	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
47	Post, Chelmer and Blackwater Navigation 1	Non-Designated	Low	Short-Term	Construction of the proposed scheme would result in the removal of this asset.	Major	Moderate	Photographic Survey; Careful removal and safe storage; Replacement close to original location	Major	Slight

Asset No.	Name	<u>Designation</u>	Value	Duration of Impact	Description of Impact	Magnitude of Impact	Significance of Effect	Mitigation	Magnitude of Residual Impact	Significance of Residual Effect
48	Post, Chelmer and Blackwater Navigation 2	Non-Designated	Low	Short-Term	Construction of the proposed scheme would result in the removal of this asset.	Major	Moderate	Photographic Survey; Careful removal and safe storage; Replacement close to original location	Major	Slight
54	South of Bulls Lodge	Non-Designated	Negligible	Short-Term	Construction of the proposed Payne's Lane footbridge and utilities diversions would remove archaeological remains associated with a small part of the total area of this asset.	Minor	Slight	Trial Trenching; Strip Map and Sample, the extent of which will be informed by archaeological trial trenching	Negligible	Neutral
55	Bulls Lodge Farm Dam	Non-Designated	Low	Short-term	This asset is located north of and outside the provisional orders limit. The setting of this asset is dominated by the nearby quarry and the effects of noise from traffic using the adjacent access road. No impact is predicted.	No Change	Neutral	None Proposed	No Change	Neutral
58	Hammonds Farm, Cropmark 1	Non-Designated	Low	Long-term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
59	Field barns (site of), Chelmer and Blackwater Navigation	Non-Designated	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral

Asset No.	Name	<u>Designation</u>	Value	Duration of Impact	Description of Impact	Magnitude of Impact	Significance of Effect	Mitigation	Magnitude of Residual Impact	Significance of Residual Effect
62	Boreham-Old A12	Non-Designated	Negligible	Permanent	Construction of the proposed scheme would remove archaeological remains associated with a very small part of this asset.	Negligible	Neutral	None Proposed	Negligible	Neutral
64	Post, Chelmer and Blackwater Navigation 3	Non-Designated	Low	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
65	Boreham Hall Cropmarks	Non-Designated	Low	Permanent	Construction of the proposed access track parallel with the existing A12 as well as an attenuation pond and creation of woodland planting would potentially remove archaeological remains associated with this asset.	Moderate	Slight	Strip Map and Sample	Minor	Neutral
66	Bulls Lodge Farm Cropmarks	Non-Designated	Low	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
70	Hammonds Farm, Cropmark 2	Non-Designated	Medium	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral

Asset No.	Name	Designation	Value	Duration of Impact	Description of Impact	Magnitude of Impact	Significance of Effect	Mitigation	Magnitude of Residual Impact	Significance of Residual Effect
72	Lionfield Cottages Cropmarks	Non-Designated	Medium	Permanent	Construction of proposed attenuation ponds, outfalls, an access track, and junction 19 satellite compound, as well as creation of woodland planting would remove archaeological remains associated with the known extent of this asset.	Major	Large	Archaeological Excavation	Major	Moderate
73	Site of Boreham Windmill	Non-Designated	Negligible	Short-Term	All archaeological remains associated with this asset was removed during construction of the A12 Chelmsford Bypass. No further impact from construction of the proposed scheme is predicted.	No Change	Neutral	None Proposed	No Change	Neutral
74	Site of Buckshorn house near Boreham House	Non-Designated	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral

Asset No.	Name	<u>Designation</u>	Value	Duration of Impact	Description of Impact	Magnitude of Impact	Significance of Effect	Mitigation	Magnitude of Residual Impact	Significance of Residual Effect
75	Boreham to Springfield Link Main	<u>Non-Designated</u>	Negligible	Short-Term	Archaeological remains associated with this asset were removed during construction of the water main. No further impact from the proposed scheme is predicted.	No Change	Neutral	None Proposed	No Change	Neutral
76	North of Boreham, Findspot of Bronze Age spearhead	<u>Non-Designated</u>	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
80	South West of Boreham	<u>Non-Designated</u>	Low	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
81	North of Boreham, Rectilinear Enclosure	<u>Non-Designated</u>	Medium	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
83	Land rear of 8-10 Oak Cottages, Elm Way, Boreham	<u>Non-Designated</u>	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
84	Buxted Chicken Factory, Boreham	<u>Non-Designated</u>	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral

Asset No.	Name	<u>Designation</u>	Value	Duration of Impact	Description of Impact	Magnitude of Impact	Significance of Effect	Mitigation	Magnitude of Residual Impact	Significance of Residual Effect
85	Water feeder, Chelmer and Blackwater Navigation 3	<u>Non-Designated</u>	Negligible	Short-Term	Construction of the proposed scheme would remove archaeological remains associated with approximately 700m of this asset's total length of 1.9km (approximately 40%). The history and function of this type of asset is well understood and therefore the significance of this impact has been assessed to be slight.	Moderate	Slight	None Proposed	Moderate	Slight
92	Former Hamilton Motors site, Main Road, Boreham	<u>Non-Designated</u>	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
95	West of depot	<u>Non-Designated</u>	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
105	Porters house and moated site (Site of)	<u>Non-Designated</u>	Negligible	Short-Term	This asset was removed during construction of the A12 Chelmsford bypass. No impact from construction of the proposed scheme is predicted.	No Change	Neutral	None Proposed	No Change	Neutral
106	Land rear of Owls, Waltham Road, Boreham	<u>Non-Designated</u>	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral

Table A.3 Construction impacts on historic landscape

Asset No.	Name	Designation	Value	Duration of Impact	Description of Impact	Magnitude of Impact	Significance of Effect	Mitigation	Magnitude of Residual Impact	Significance of Residual Effect
HLT1	Settlement	Non-Designated	Low	Permanent	Through the majority of its route, the proposed scheme either follows its existing alignment close to or through nearby settlements. An offline section south of Rivenhall End would remove a single land parcel of this type at the periphery of the settlement. This would not affect the ability to understand the relationship between the settlement, surrounding rural landscape, and the A12.	Minor	Slight	None Proposed	Minor	Slight
HLT 2	Communications	Non-Designated	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
HLT 3	Industry	Non-Designated	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
HLT 4	Mineral Extraction	Non-Designated	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
HLT 5	Horticulture	Non-Designated	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
HLT 6	Recreation	Non-Designated	Negligible	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
HLT 7	Post-medieval designed landscape	Non-Designated	Medium	Short-term	Construction of the proposed scheme close to New Hall Boreham (Asset 7) will be entirely within the existing highway boundary and would have at most a minor visual impact at the periphery of the asset.	Minor	Slight	Level 2 Historic Landscape Recording	Minor	Slight
HLT 8	Ancient Woodland	Non-Designated	Medium	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral

Asset No.	Name	Designation	Value	Duration of Impact	Description of Impact	Magnitude of Impact	Significance of Effect	Mitigation	Magnitude of Residual Impact	Significance of Residual Effect
HLT 9	Post-medieval Plantation	Non-Designated	Low	Permanent	Construction of the proposed scheme would remove part of a single occurrence of this type between Easthorpe Road and Potts Green.	Minor	Slight	None Proposed	Minor	Slight
HLT 10	Unenclosed Heath	Non-Designated	Low	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral
HLT 11	Enclosed Meadow Pasture	Non-Designated	Low	Permanent	Construction of the proposed scheme would sever three land parcels and remove field boundaries associated with this type, reducing its legibility in a single area.	Moderate	Slight	Level 2 Historic Landscape Recording	Moderate	Slight
HLT 12	Pre-18th Century Enclosure	Non-Designated	Low	Permanent	Construction of the proposed scheme would sever land parcels and remove sections of field boundaries associated with this type at six locations, including near junction 21; near Junction 22; near Rivenhall End; near Feering; near Easthorpe; and near Potts Green. This would have minimal impact on the understanding of this type at a landscape scale.	Minor	Slight	Level 2 Historic Landscape Recording	Minor	Slight
HLT 13	18th and 19th Century Enclosure	Non-Designated	Low	Permanent	Construction of the proposed scheme would sever land parcels and remove sections of field boundaries associated with this type at five locations, including at Borrow Pit F; near Rivenhall End; Borrow Pit I; and near Feering. This would have minimal impact on the understanding of this type at a landscape scale.	Minor	Slight	Level 2 Historic Landscape Recording	Minor	Slight

Asset No.	Name	Designation	Value	Duration of Impact	Description of Impact	Magnitude of Impact	Significance of Effect	Mitigation	Magnitude of Residual Impact	Significance of Residual Effect
HLT 14	Modern Agriculture	Non-Designated	Negligible	Permanent	Construction of the proposed scheme would sever land parcels and remove sections of field boundaries associated with this type at multiple locations.	Moderate	Slight	Level 2 Historic Landscape Recording	Moderate	Slight
Asset 7	New Hall, Boreham	Grade II Registered Park and Garden	High	Short-Term	The closest element of the designed landscape is the driveway and its avenue of trees which are approximately 60m west of the closest elements of the proposed scheme west of junction 19. However, the nature of the existing railway line and mature vegetation which separate the park from the proposed scheme would screen it from most activity during construction.	No Change	Neutral	None Proposed	No Change	Neutral
Asset 67	Boreham House, Landscape Park	Grade II Registered Park and Garden	High	Short-Term	The presence of construction plant would create a prominent visual impact in a key view from the interior of the park, affecting the ability to understand the relationship between the park, the house and the wider landscape.	Minor	Moderate	Level 2 Historic Landscape Recording. Considerate construction limits on work times and cleanliness of associated roads. Standard mitigation measures to reduce noise and vibration during construction. Details of these standard measures are provided in Section 12.10 of Chapter 12: Noise and Vibration [TR010060/APP/6.1].	Minor	Moderate

Asset No.	Name	Designation	Value	Duration of Impact	Description of Impact	Magnitude of Impact	Significance of Effect	Mitigation	Magnitude of Residual Impact	Significance of Residual Effect
Asset 162	Hatfield Priory Landscape Park	Grade II Registered Park and Garden	High	Short-Term	Hatfield Priory Landscape Park is located approximately 580m away from the closest element of the proposed scheme. It is also screened by buildings forming the southern part of Hatfield Peverel. Taking this into account, no impact is predicted.	No Change	Neutral	None Proposed	No Change	Neutral
Asset 480	Braxted Park	Grade II* Registered Park and Garden	High	Short-Term	No Impact	No Change	Neutral	None Proposed	No Change	Neutral

A.2 Impacts during operation

This section presents a summary assessment of the impact from operation of the proposed scheme on all archaeological remains (Table A.4), built heritage assets (Table A.5), and historic landscape types (Table A.6).
