# 1 Introduction

## 1.1 General

- 1.1.1 National Highways (the Applicant) has submitted an application under Section 37 of the Planning Act 2008 (PA 2008) for an order to grant development consent for the A12 Chelmsford to A120 Widening Scheme (the proposed scheme).
- 1.1.2 This Book of Reference has been prepared to accompany the application for a Development Consent Order (DCO), made by the Applicant to the Secretary of State for Transport (SoS) via the Planning Inspectorate (the Inspectorate).
- 1.1.3 The application is seeking powers to widen the existing A12 to three lanes between Boreham Interchange (J19) and Marks Tey Interchange (J25). These works extend for a total of 15 miles (24km) and comprise two new three-lane bypasses, between the existing Junction 22 and 23; and between the existing Junction 24 and 25 respectively, to be known as the A12. A detailed description of the Scheme can be found in Chapter 2 of the Environmental Statement [TR010060/APP/6.1].
- 1.1.4 This Book of Reference lists the plots of land over which the Applicant is seeking powers of compulsory acquisition and powers of temporary possession in the DCO for the purposes of the Scheme. For each plot it identifies whether the Applicant is seeking the power to acquire that plot outright, the power to create and/or acquire permanent rights, or the power to create and/or acquire temporary rights of possession and use. It also lists the persons with land outside the Order Limits who may be entitled to make a relevant claim for compensation due to the effects of construction or when the new or altered road is in use.
- 1.1.5 This Book of Reference has been prepared and submitted in compliance with Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the 2009 Regulations), as amended, and in accordance with the Department for Communities and Local Government guidance 'Planning Act 2008: Guidance related to procedures for compulsory acquisition' (September 2013).
- 1.1.6 As this Book of Reference is part of the application documents it should be read in conjunction with the Land Plans [TR010060/APP/2.8], the Crown Land Plans [TR010060/APP/2.9], the Special Category Land Plans [TR010060/APP/2.5], the Statement of Reasons [TR010060/APP/4.1] and the draft DCO [TR010060/APP/3.1] and where relevant, the Land Plans, the Works Plans, the Special Category Land Plans, the Statement of Reasons and the draft DCO as submitted with the Change Application.
- 1.1.7 This Book of Reference is divided into five parts as prescribed by Regulation 7(1) of the 2009 Regulations. Each of the five Parts are summarised in the next chapter, together with a brief commentary on how

the requirements in the Regulations have been interpreted and applied to the collation of each Part of the Book of Reference.

## 2 Book of Reference Description

### 2.1 Part 1 description

2.1.1 Part 1 of the Book of Reference is described in Regulation 7(1)(a) of the 2009 Regulations, this states:

*“Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of sections 56(2)(d)) in respect of any land which it is proposed shall be subject to –*

- I. powers of compulsory acquisition*
- II. rights to use land, including the right to attach brackets or other equipment to buildings; or*
- III. rights to carry out protective works to buildings;”*

2.1.2 Part 1 of this Book of Reference contains the names and addresses of each person within Categories 1 and 2, as set out in Section 57 of the 2008 Act, along with the area of each plot of land in which the development will be carried out.

2.1.3 A person is within Category 1 if the Applicant after making diligent inquiry, knows that they are an owner, lessee, tenant, or occupier of the land. A person is within Category 2 if they are interested in the land or have the power to sell and convey or release the land.

2.1.4 The Applicant has taken the cautious approach of seeking powers of compulsory acquisition (or rights of use) in respect of all plots of land required for the Scheme even where it already holds an interest or presumes it holds an interest in the land. This approach has been taken to ensure that it has the right to acquire the interests it needs on land within the Order Limits even where an unidentified owner later asserts an interest in land which the Applicant believes it owns.

2.1.5 Part 1 contains plots of unregistered land that are often occupied by a number of parties including local highways and National Highways as highway authority. In these cases, the Applicant has undertaken efforts to determine the proprietor but no persons have been identified. In the absence of unknown ownership information, the Applicant has applied the ‘half-width’ presumption to the adjacent landowners as adopted by the Land Registry in its ‘HM Land Registry plans: boundaries (practice guide 40, supplement 3)’. This states “...*that the owner of land abutting on a road is also the owner of the adjoining section of the road up to the middle line (ad medium filum).*”

## 2.2 Part 2 description

2.2.1 Part 2 of the Book of Reference is described in Regulation 7(1)(b) of the 2009 Regulations, this states:

*“Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57;”*

2.2.2 Part 2 of this Book of Reference contains the names and addresses (if known by the Applicant) of each person within Category 3, as defined by Section 57 of the 2008 Act. A person is within Category 3 if the Applicant believes that, if the DCO were to be made and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the 2008 Act. These include persons whose land is not directly affected under the DCO (their interest is outside the Order Limits) who the Applicant believe would or might be entitled to make a relevant claim; and the persons identified in para 2.2.3 below. A relevant claim is a claim under section 10 of the Compulsory Acquisition Act 1965, a claim under part 1 of the Land Compensation Act 1973, or a claim under section 152(3) of the 2008 Act.

2.2.3 It is considered that Category 3 also includes:

- a. Certain Category 1 ‘Owners’ (where they are a category 2 interest elsewhere in the Order Limits)
- b. All Category 1 ‘Lessees and Tenants’,
- c. Any Category 2 interests for land within the Order Limits.

and, therefore those interests listed in Part 1 have not been repeated in Part 2.

## **2.3 Part 3 description**

2.3.1 Part 3 of the Book of Reference is described in Regulation 7(1)(c) of the 2009 Regulations, this states:

*“Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with;”*

2.3.2 Part 3 of this Book of Reference contains the names of all those with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with as a result of the Scheme.

## 2.4 Part 4 description

- 2.4.1 Part 4 of the Book of Reference is described in Regulation 7(1)(d) of the 2009 Regulations, this states:
- “Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made;”*
- 2.4.2 The Order Limits includes Crown land owned by The Crown Estate Commissioners and Crown land over which rights are held by the Secretary of State for Transport and the Secretary of State for Levelling Up Housing and Communities..
- 2.4.3 For the avoidance of doubt, any land held by National Highways no longer constitutes Crown land (as defined in section 227 of the 2008 Act). A transfer scheme made pursuant to the Infrastructure Act 2015 states that the “Highways Agency Designated Undertaking” which is defined as the property and rights which were held for the purposes of Relevant Highways Agency Purposes (activities carried out by the Highways Agency or those which concerned functions relating to the highways) is transferred to National Highways (formerly Highways England). This includes, for example, all highways in England previously under the jurisdiction of the Highways Agency unless they have been specifically excluded. As the Applicant is not a government department nor does it hold said interests on trust, these plots are not considered to be Crown land.
- 2.4.4 Non-Crown interests in the plots listed in Part 4 (Crown land) will only be subject to powers of compulsory acquisition with the consent of the relevant Crown body.

## **2.5 Part 5 description**

- 2.5.1 Part 5 of the Book of Reference is described in Regulation 7(1)(e) of the 2009 Regulations, this states:
- 2.5.2 Part 5 of this Book of Reference specifies land that the acquisition of which may be subject to special parliamentary procedure, is special category land or is replacement land.
- 2.5.3 The DCO also proposes the compulsory acquisition of land, and rights over land, that is open space, and which engages sections 131 and 132 of the Planning Act 2008. National Highways proposes to replace that open space land for which freehold acquisition is sought with land to be given in exchange and which will be vested in the prospective seller and subject to the same rights, trusts and incidents as are currently attached to the open space that is proposed to be acquired for the Scheme. The replacement land is not less in area than the open space and is in close proximity to the open space that is proposed to be acquired. The open space and replacement land are identified on the Special Category Land Plans and is listed in Part 5 of the Book of Reference.

## 3 Book of Reference Notes

### 3.1 Notes

- 3.1.1 Part 1 of this Book of Reference provides the area in square metres of all land include in the Order Limits. For ease of reference the areas have been repeated in Parts 2 to 5 of this Book of Reference
- 3.1.2 The term ‘approximately’ is used before all plot area measurements as these measurements are given in square metres and each measurement is rounded to the nearest whole square metre.
- 3.1.3 Each plot of land shown in this Book of Reference has been given a unique reference. The first number relates to the Land Plans sheet on which the plot is located. The second number differentiates between different landowners on each plan. Finally, the letters which suffix the landowner reference are used to differentiate between plots of the same unique owner on that Land Plan.
- 3.1.4 The extent of acquisition or use of each plot of land includes reference to the principal land use power(s) sought in the draft DCO in respect of that plot. The table below is provided to explain the relationship between the Book of Reference, the Land Plans and the draft DCO and to clarify the powers sought in relation to compulsory acquisition and temporary possession.

**Table 3.1 – Relationship between the Land Plans and DCO**

Colour of the plot on Land Plans	Principal Land use Power Sought	Relevant DCO Article
Pink	Permanent Acquisition of all interests in land	Article 27
Blue	Land to be used temporarily and new rights to be acquired permanently	Article 30
Green	Land to be used temporarily	Article 40
Yellow	Permanent acquisition of all interests in the airspace over land	Article 38
Purple	Permanent acquisition of all interests in the subsoil	Article 38
Orange	Land not subject to powers of compulsory acquisition or temporary possession	N/A

3.1.5 The areas of land shaded in grey on the Land Plans are shown as ‘Land not subject to powers in the Order’ as they are bounded by red line but are not required for the project.

### 3.2 How to use this Book of Reference

3.2.1 The table below provides a step-by-step guide to enable any party with an interest in the land to identify how the Applicant’s proposals may affect the land in which they have an interest.

**Table 3.2 – How to use this Book of Reference**

<b>Step One</b>
Look at the Land Plans [TR010060/APP/2.8] and find the area (plot(s)) of land in which you have an interest.
<b>Step Two</b>
Note the colour and the number of the plot(s).
Using Table 3.1 above, the colour of the plot(s) will tell you the purpose for which it is required.
<b>Step Three</b>
Use the plot(s) number to identify where the land is referred to in other DCO Application documents:
This Book of Reference – Which provides a description of each plot (including an approximate area measurement) and details of persons who own, lease or otherwise occupy or have any other interest in the land.
The Statement of Reasons [TR010060/APP/4.1] Refer to Annex A to this document, which provides details of the purpose for which compulsory acquisition and temporary possession powers are sought and references each plot in the Book of Reference to these purposes.
The draft Development Consent Order (DCO) [TR010060/APP/3.1] Which contains the powers needed to carry out a scheme, and includes the powers of compulsory acquisition to assemble the land required that are listed in Table 3.1.
