1	Gateley Legal on behalf of David and Stephen Bolton	RR-050 REP2-051	Part 1 (Category 1)	1/11a	Permanent acquisition of all interests in land	<p><u>Status of negotiation</u></p> <p>The Applicant wrote to the Interested Party on 23.03.22 offering a meeting to commence discussions towards a private agreement to secure the land and rights in land sought by the project.</p> <p>The Applicant was informed via email on 05.05.22 by the Interested Party they wished to enter negotiations.</p> <p>An email from the Applicants agent was sent on 19.07.22 offering a meeting to discuss acquisition by agreement. A teams meeting held with the Interested Party's agent on 27.07.22 to outline the process and to identify Interested Party issues. There has been ongoing email discussion around the extent of the land acquisition and rights required. A meeting was held on 20.01.23 and matters are to be progressed once the response to the Relevant Representation has been reviewed by Interested Party and their Agent.</p> <p>A review of the land requirements has been undertaken and an updated plan for progression of lesser rights by agreement is to be issued and matters to be agreed. A telephone discussion was held with agent on 31.03.23 to discuss a way forward and valuation principles. A meeting with the Interested Party's agent was held 10.05.23 to discuss progression of lesser rights by agreement with a view to agreeing matters post examination.</p> <p><u>Status of objection</u></p> <p>The Applicant has responded to the points raised through the Relevant Representation and written representation through the documents submitted at Deadline 1 and Deadline 3 respectively, 'The Applicant's Response to Relevant Representations' [REP1-002] and 'The Applicant's Comments on Written Representations' [REP3-009].</p> <p>The parties are working towards a position that can be agreed and detailed plans have been produced to reflect this negotiated position (final plan issued 15 June 2023). The new rights plan has been substantially agreed. The Applicant's recent change application also removed areas of permanent land acquisition from the draft DCO powers.</p> <p>To date, the Interested Party has not been prepared to negotiate and agree terms for the permanent acquisition of the land as still objects to the principle of acquisition of that land. Despite this objection, the Applicant remains confident that progress will be made on agreeing terms and this will continue post examination.</p>
