Subject: A12/A120 Junction 24, Messing Village
Importance: High

Good afternoon,

I have attached hereto a full report on the condition of roads surrounding the ancient village of Messing and Inworth in Essex, UK.

These villages will be destroyed by the plan Jacobs UK have proposed. We maintain there is serious **toxic fume danger to children** at our village school. The proposal will mean that over 140 vehicles will flow into and through **the** villages. These are multi axle and HGV transports. We maintain there will be serious harm and possibly **loss of life** as this volume of vehicles is pumped through our villages. These ancient villages will be destroyed by this.

There is an alternative plan which both Essex County Council and ALL local councils support. Jacobs UK will not **even** consider it.

Therefore, we are sending this information to you so that should the proposal go ahead and when someone is hurt, or worse, which they most assuredly will be, we can prove how hard we tried to warn you. If you ignore this, of course, that opens the doors for us to involve corporate lawyers and investigations.

PLEASE force Jacobs UK to reconsider this dangerous and foolhardy proposal.

Thank you

Andrew
