1 Introduction

1.1 Purpose of this document

- 1.1.1 This Book of Reference relates to National Highways' application to the Planning Inspectorate under the Planning Act 2008 (the "2008 Act") for the A66 Northern Trans-Pennine project Development Consent Order 202x ("DCO"). If made, the DCO would grant consent for the Applicant to undertake the A66 Northern Trans-Pennine Project (the "Project").
- 1.1.2 This Book of Reference lists the plots of land over which the Applicant is seeking powers of compulsory acquisition (articles 19 and 22) and powers of temporary possession (articles 29 and 30) in the DCO for the purposes of the Scheme. For each plot it identifies whether the Applicant is seeking the power to acquire that plot outright, the power to create and/or acquire permanent rights, or the power to create and/or acquire temporary rights of possession and use. It also lists the persons who may be entitled to make a relevant claim for compensation as explained in paragraph 2.2 below.
- 1.1.3 A detailed description of the Project can be found in Chapter 2 of the Environmental Statement (Application document 3.2).
- 1.1.4 This Book of Reference has been prepared and submitted in compliance with Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the "2009 Regulations"), as amended, and in accordance with the Department for Communities and Local Government guidance 'Planning Act 2008: Guidance related to procedures for compulsory acquisition' (September 2013). It has also been prepared in accordance with Regulation 7 of the 2009 Regulations.
- 1.1.5 As this Book of Reference is part of the application documentation it should be read in conjunction with the Land Plans (Application document 5.13), the Crown land Plans, (Application document 5.14), the Special Category Land Plans (Application document 5.15), the Statement of Reasons (Application document 5.8) and the draft DCO (Application document 5.1).
- 1.1.6 The Project comprises eight schemes (as listed in paragraph 1.1.6 below) and this Book of Reference has therefore been divided into eight volumes, each of which includes the five Parts of the Book of Reference, as explained in paragraph 1.1.7 and section 2 below.
- 1.1.7 The eight schemes comprising the Project are:
- Scheme 0102 – M6 Junction 40 to Kemplay Bank
 - Scheme 03 – Penrith to Temple Sowerby
 - Scheme 0405 – Temple Sowerby to Appleby
 - Scheme 06 – Appleby to Brough
 - Scheme 07 – Bowes Bypass
 - Scheme 08 – Cross Lanes to Rokeby

- Scheme 09 – Stephen Bank to Carkin Moor
- Scheme 11 – A1(M) Junction 53 Scotch Corner

There is no Scheme 10.

1.1.8 Each scheme-based volume of the Book of Reference for the Project is divided into five parts as prescribed by Regulation 7(1) of the 2009 Regulations. Each of the five Parts is described in the next chapter, together with a brief commentary on how the requirements in the Regulations and the related definitions in the 2008 Act have been interpreted and applied to the collation of each Part of the Book of Reference.

2 Book of Reference Description

2.1 Part 1

2.1.1 Part 1 of the Book of Reference is described in Regulation 7(1)(a) of the 2009 Regulations, as follows;

“Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to:

(i) powers of compulsory acquisition;

(ii) rights to use land, including the right to attach brackets or other equipment to buildings; or

(iii) rights to carry out protective works to buildings”

2.1.2 Part 1 of this Book of Reference contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) of the 2008 Act, along with the area of each plot of land in which the development will be carried out.

2.1.3 A person is within Category 1, as defined in section 57 of the 2008 Act, if the applicant after making diligent inquiry, knows that they are an owner, lessee, tenant, or occupier of the land. A person is within Category 2 if they are interested in the land or have the power to sell and convey or release the land.

2.1.4 National Highways has taken the approach of seeking powers of compulsory acquisition (or acquisition of rights) in respect of all plots of land required for the Scheme, even where it already holds an interest or presumes it holds an interest in the land. This approach has been taken to ensure that it has the right to acquire the interests it needs in all of the land within the Order limits even if an unidentified owner later asserts an interest in land which National Highways believes it owns.

2.1.5 The description of each plot also includes the reference to the principal land use power(s) sought in the draft DCO in respect of that particular plot:

2.1.6 In respect of plots shaded pink on the Land Plans, where National Highways proposes to acquire the land (on an outright and permanent basis), the plot description includes this wording: "Permanent acquisition of..."

2.1.7 In respect of plots shaded grey on the Land Plans, where National Highways proposes to acquire the land (on an outright and permanent basis), for the purposes of providing replacement land for special category land, the plot description includes this wording: " Permanent acquisition of..."

2.1.8 In respect of plots shaded blue on the Land Plans, where National Highways proposes to create and acquire new rights over land, the plot description includes this wording: "Permanent acquisition of new rights over...";

2.1.9 In respect of plots shaded green on the Land Plans, where National Highways proposes to possess and use land temporarily, the plot description includes

this wording: "Temporary possession of..."

2.1.10 The three categories of wording described above cross-refer to articles in the draft DCO as follows:

- "Permanent acquisition of....." – the compulsory acquisition of land pursuant to article 19 of the draft DCO.
- "Permanent acquisition of new rights over..." – the creation and compulsory acquisition of new rights over land pursuant to article 22 of the draft DCO.
- "Temporary possession of..." – the temporary possession and use of land for the purposes of constructing the authorised development pursuant to article 29, and for the purposes of maintaining the authorised development pursuant to article 30 of the draft DCO.

2.2 Part 2

2.2.1 Part 2 of the Book of Reference is described in Regulation 7(1)(b) of the 2009 Regulations as follows;

"Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57"

2.2.2 Part 2 of this Book of Reference contains the names and addresses (if known by the Applicant) of each person within Category 3, as defined by Section 57 of the 2008 Act. A person is within Category 3 if the Applicant believes that, if the DCO were to be made and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the 2008 Act. A relevant claim is a claim under section 10 of the Compulsory Purchase Act 1965, a claim under Part 1 of the Land Compensation Act 1973, or a claim under section 152(3) of the 2008 Act.

2.2.3 It is considered that Category 3 includes Category 1 owners where land is not being acquired and all Category 1 lessees and tenants. Category 3 contains persons with interests in land within the Order limits. Category 3 also contains persons with interests in land outside the Order limits who, it is considered, might be able to make a relevant claim (as defined above).

2.3 Part 3

2.3.1 Part 3 of the Book of Reference is described in Regulation 7(1)(c) of the 2009 Regulations as follows;

"Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with"

2.3.2 Part 3 of this Book of Reference contains the names of all those with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with pursuant to the exercise of powers in the DCO.

- 2.3.3 Certain relevant category 2 persons included within Part 1 of the Book of Reference have also been included within Part 3 where their rights may be considered to be affected. Examples include tenants of the land, or statutory undertakers with services in or under the land, and whose rights over the land are likely to be affected whether the land is required permanently or temporarily.

2.4 Part 4

- 2.4.1 Part 4 of the Book of Reference is described in Regulation 7(1)(d) of the 2009 Regulations, this states;
“Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made”
- 2.4.2 The Order limits include Crown Land held by the Secretary of State for Defence and by the Public Trustee (Ministry of Justice).
- 2.4.3 For the avoidance of doubt, any land held by National Highways no longer constitutes Crown land (as defined in section 227 of the 2008 Act). A transfer scheme made pursuant to the Infrastructure Act 2015 states that the “Highways Agency Designated Undertaking” which is defined as the property and rights which were held for the purposes of Relevant Highways Agency Purposes (activities carried out by the Highways Agency or those which concerned functions relating to the highways) is transferred to National Highways (formerly Highways England). This includes, for example, all highways in England previously under the jurisdiction of the Highways Agency unless they have been specifically excluded. As the Applicant is not a government department nor does it hold said interests on trust, these plots are not considered to be Crown land.

2.5 Part 5

- 2.5.1 Part 5 of the Book of Reference is described in Regulation 7(1)(e) of the 2009 Regulations, this states;
“Part 5 specifies land –
(i) the acquisition of which is subject to special parliamentary procedure;
(ii) which is special category land;
(iii) which is replacement land”
- 2.5.2 Part 5 of this Book of Reference specifies land that the acquisition of which may be subject to special parliamentary procedure, is special category land or is replacement land.

- 2.5.3 The DCO also proposes the compulsory acquisition of land, and rights over land, that is open space, and which engages sections 131 and 132 of the Planning Act 2008. National Highways proposes to replace that open space land with land to be given in exchange and which will be vested in the prospective seller and subject to the same rights, trusts and incidents as are currently attached to the open space that is proposed to be acquired for the Scheme. The replacement land is not less in area than the open space and is in close proximity to the open space that is proposed to be acquired. The open space and replacement land is identified on the Land Plans (where the replacement land is shaded grey) and in the Special Category Land Plans and is listed in Part 5 of the Book of Reference.

3 Book of Reference Notes

- 3.1.1 Part 1 of this Book of Reference provides the area in square metres of each plot of land included in the DCO.
- 3.1.2 The term 'approximately' is not used before all plot area measurements because the draft DCO (Article 2(4)) requires all areas described in square metres in the Book of Reference to be read as being approximated. This is because these measurements are given in square metres and each measurement is rounded up to the nearest whole square metre.
- 3.1.3 Each plot of land shown in this Book of Reference has been given a unique reference. The first number relates to the relevant scheme of the project, the second number relates to the Land Plans sheet on which the plot is located. The third number differentiates between each plot sequentially. The numbers given to each plot are generally assigned from west to east across each sheet.
