Rebecca Lush from Transport Action Network (TAN) would like to register to participate virtually in the preliminary meeting on 29 November.

My email is [REDACTED]@transportactionnetwork.org.uk and my phone number is [REDACTED]. The TAN unique reference number is 20031952.

We would like to ask a number of questions relevant to the preliminary meeting agenda.

1. Would the Examining Authority please consider notifying Interested Parties (IPs) when there are any Written Questions directed at them specifically, and the deadline for their response? Some IPs will miss questions directed at them, due to the substantial volume of material produced at examination unless they are notified personally. (Agenda item 2 - examination process)
2. Given that many people will be attending hearings online due to the huge geographical spread of the route, stretching 50 miles, how will the Examining Authority ensure that those attending online will not be at a disadvantage compared to those who can attend in person such as National Highways? (Agenda item 2 - examination process)
3. How will the Examining Authority deal with the eight different sections of the project? Will they be dealt with altogether, or will submissions and responses be kept separate for the different sections? (Agenda item 2 - examination process)
