This *Applicant's Examination Responses Navigator* document has been designed to provide a signposting reference to where a matter raised in a Written Representation (WR) has already been addressed by the Applicant in its response to Relevant Representations<sup>1</sup> and / or in its Deadline 1 submissions<sup>2</sup>.

The Applicant's Written Representations responses<sup>3</sup> (WRRs) submitted at Deadline 2 only respond to *new* issues and they refer all readers (Interested Parties, Affected Persons and the Examining Authority) to this document. The reader will then be able to cross-check points made in a WR to which the Applicant's WRR does not respond with what the Applicant has previously said on the point in its response to Relevant Representations and / or in Deadline 1 submissions.
