Register to attend February/March hearing – Late Registration

Dear Sirs,

I have today received an email from Bernice Sanders, Senior Project Manager, A66 Northern Trans-Pennine project, National Highways, dated 17th February, inviting us to attend the hearings on 1-3rd March. Attached was a copy of the Rule 13 and Rule 16 letter which advised how we should register, but which gave 14th February as the Deadline.

This is therefore a late submission for which we apologise, but I ask that it is accepted as the invitation to attend came after the deadline for registration.

We are now taking advice from a legal and planning consultant, Abbie North, who will assist us with deadlines and unfamiliar procedures in future.

Please accept this letter as our request to register for attendance at the hearings on 1st – 3rd March.

I have asked National Highways to let us know which day is relevant, but because I understand that the agenda is not published until 5 days before the hearings, I would like to register for all three days, although we will appear only on the relevant day(s).

Registered names:

Bill Lloyd
Billy Welch
Abbie North

Yours sincerely,

Bill Lloyd
