| <b>1. Details of the purpose for which compulsory acquisition and temporary possession powers are sought</b> | <b>1</b> |
| 1.1. Summary   | 1        |

## **1. Details of the purpose for which compulsory acquisition and temporary possession powers are sought**

### **1.1. Summary**

- 1.1.1. The specific purposes for which each plot of Land subject to compulsory acquisition powers or temporary possession powers is required are set out in Table 1 below.
- 1.1.2. The first column of the table identifies the plot number (as shown on the Land Plans and used in the Book of Reference).
- 1.1.3. The second column in the table sets out those parts of the Land where we are seeking the DCO power for:
- Permanent acquisition of land; or
  - Permanent acquisition of rights over land; or
  - Temporary possession of land;
- 1.1.4. The third column of the table sets out in broad terms the uses for which the plot in question is required.
- 1.1.5. The fourth column of the table sets out the corresponding Works numbers as shown on the Works Plans.
- 1.1.6. Table 1 should be read in conjunction with and by reference to the:
- Land Plans (Application Document 5.13)
  - Works Plans (Application Document 5.16)
  - Draft DCO (Application Document 5.1)
  - Book of Reference (Application Document 5.7)

| Table 1 Details of the purpose for which compulsory acquisition and temporary possession powers are sought |                               |   |                  |
|--|-------------------------------|---|------------------|
| Plot No.   | DCO Power Sought              | Purpose(s) for which plot of land is required   | Work Number(s)   |
| 0102-01-01   | Temporary possession of land  | Required for the provision of working space and to facilitate the construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of landscaping and reprofiling.   | Work No. 0102-1A |
| 0102-01-02   | Permanent acquisition of land | The construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of non-motorised user facilities, landscaping and reprofiling, construction of surface water drainage infrastructure.                                       | Work No. 0102-1A |
| 0102-01-03   | Permanent acquisition of land | The construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of non-motorised user facilities, landscaping and reprofiling.  | Work No. 0102-1A |
| 0102-01-04   | Permanent acquisition of land | The construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of non-motorised user facilities, new private means of access, landscaping and reprofiling, construction of surface water drainage infrastructure.          | Work No. 0102-1A |
| 0102-01-05   | Permanent acquisition of land | The construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of non-motorised user facilities, new private means of access, landscaping and reprofiling, construction of surface water drainage infrastructure.          | Work No. 0102-1A |
| 0102-01-06   | Permanent acquisition of land | Required to facilitate the construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of landscaping and reprofiling, construction of surface water drainage infrastructure, permanent diversion of third party apparatus. | Work No. 0102-1A |
| 0102-01-07   | Permanent acquisition of land | Required to facilitate the construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of landscaping and reprofiling, construction of surface water drainage infrastructure, permanent diversion of third party apparatus. | Work No. 0102-1A |
| 0102-01-08   | Temporary possession of land  | Required for the provision of working space and to facilitate the construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of new private means of access, landscaping and reprofiling.                                  | Work No. 0102-1A |
| 0102-01-09   | Permanent acquisition of land | The construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of non-motorised user facilities, new private means of access, landscaping and reprofiling.   | Work No. 0102-1A |

| Table 1 Details of the purpose for which compulsory acquisition and temporary possession powers are sought |                               |  |   |
|--|-------------------------------|--|---|
| Plot No.   | DCO Power Sought              | Purpose(s) for which plot of land is required  | Work Number(s)                                      |
| 0102-01-10   | Permanent acquisition of land | The construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the improvement of the existing M6 northbound merge slip road from the M6 Junction 40 roundabout and the construction of an additional auxiliary lane at the M6 Junction 40 and the improvement of the existing A66 circulatory carriageway at M6 Junction 40 and the provision of non-motorised user facilities, new private means of access, landscaping and reprofiling.                      | Work No. 0102-1A, Work No. 0102-2, Work No. 0102-1B |
| 0102-01-11   | Permanent acquisition of land | The construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of non-motorised user facilities.  | Work No. 0102-1A                                    |
| 0102-01-12   | Permanent acquisition of land | The construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of non-motorised user facilities.  | Work No. 0102-1A                                    |
| 0102-01-13   | Permanent acquisition of land | The improvement of the existing M6 northbound merge slip road from the M6 Junction 40 roundabout and the construction of an additional auxiliary lane at the M6 Junction 40 and the improvement of the existing M6 southbound diverge slip road to the M6 Junction 40 roundabout and the construction of an additional auxiliary lane at the M6 Junction 40 and the improvement of the existing A66 circulatory carriageway at M6 Junction 40 and the provision of non-motorised user facilities, landscaping and reprofiling. | Work No. 0102-2, Work No. 0102-3, Work No. 0102-1B  |
| 0102-01-14   | Permanent acquisition of land | The construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of non-motorised user facilities, landscaping and reprofiling.   | Work No. 0102-1A                                    |
| 0102-01-15   | Permanent acquisition of land | The construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the provision of non-motorised user facilities.  | Work No. 0102-1A                                    |
| 0102-01-16   | Permanent acquisition of land | The improvement of the existing M6 southbound diverge slip road to the M6 Junction 40 roundabout and the construction of an additional auxiliary lane at the M6 Junction 40 and the provision of landscaping and reprofiling.  | Work No. 0102-3                                     |
| 0102-01-17   | Permanent acquisition of land | The construction of additional carriageway and improvements to the existing A66 on the western approach to M6 Junction 40 and the improvement of the existing A66 circulatory carriageway at M6 Junction 40 and the improvement of the existing M6 northbound diverge slip road to the M6 Junction 40 roundabout, the construction of an additional auxiliary lane at the M6 Junction 40 and the provision of landscaping and reprofiling.   | Work No. 0102-1A, Work No. 0102-1B, Work No. 0102-6 |

| Plot No.   | DCO Power Sought              | Purpose(s) for which plot of land is required  | Work Number(s)   |
| 0405-04-13   | Permanent acquisition of land | Required to facilitate the improvement of the existing A66, once de-trunked and the provision of non-motorised user facilities, new private means of access, landscaping and reprofiling, permanent diversion of third party apparatus.                              | Work No. 0405-4B |
| 0405-04-14   | Permanent acquisition of land | Required to facilitate the improvement of the existing A66, once de-trunked and the provision of non-motorised user facilities.  | Work No. 0405-4B |
| 0405-04-15   | Permanent acquisition of land | The improvement of the existing A66, once de-trunked and the provision of non-motorised user facilities, de-trunking works associated with the existing A66.   | Work No. 0405-4B |
| 0405-04-16   | Permanent acquisition of land | The improvement of the existing A66, once de-trunked and the provision of non-motorised user facilities, new private means of access, landscaping and reprofiling, de-trunking works associated with the existing A66.   | Work No. 0405-4B |
| 0405-04-17   | Permanent acquisition of land | The improvement of the existing A66, once de-trunked and the provision of non-motorised user facilities, new private means of access, landscaping and reprofiling, de-trunking works associated with the existing A66, permanent diversion of third party apparatus. | Work No. 0405-4B |
| 0405-04-18   | Permanent acquisition of land | The improvement of the existing A66, once de-trunked and the provision of non-motorised user facilities, new private means of access, landscaping and reprofiling, de-trunking works associated with the existing A66, permanent diversion of third party apparatus. | Work No. 0405-4B |
| 0405-04-19   | Permanent acquisition of land | The improvement of the existing A66, once de-trunked and the provision of non-motorised user facilities, landscaping and reprofiling.  | Work No. 0405-4B |
| 0405-04-20   | Permanent acquisition of land | The improvement of the existing A66, once de-trunked and the provision of new private means of access, landscaping and reprofiling.  | Work No. 0405-4B |
| 0405-04-21   | Permanent acquisition of land | The improvement of the existing A66, once de-trunked and the provision of new private means of access, landscaping and reprofiling, de-trunking works associated with the existing A66.  | Work No. 0405-4B |
| 0405-04-22   | Permanent acquisition of land | Required to facilitate the improvement of the existing A66, once de-trunked and the provision of non-motorised user facilities, landscaping and reprofiling, de-trunking works associated with the existing A66.   | Work No. 0405-4B |
| 0405-04-23   | Permanent acquisition of land | Required to facilitate the improvement of the existing A66, once de-trunked and the provision of non-motorised user facilities, new private means of access, landscaping and reprofiling.  | Work No. 0405-4B |

| Table 1 Details of the purpose for which compulsory acquisition and temporary possession powers are sought |                               |   |                  |
|--|-------------------------------|---|------------------|
| Plot No.   | DCO Power Sought              | Purpose(s) for which plot of land is required   | Work Number(s)   |
| 0405-04-25   | Permanent acquisition of land | Required to facilitate the improvement of the existing A66, once de-trunked and the provision of non-motorised user facilities, landscaping and reprofiling, de-trunking works associated with the existing A66.  | Work No. 0405-4B |
| 0405-04-26   | Permanent acquisition of land | The improvement of the existing A66, once de-trunked and the provision of non-motorised user facilities, landscaping and reprofiling, de-trunking works associated with the existing A66.   | Work No. 0405-4B |
| 0405-04-27   | Permanent acquisition of land | The improvement of the existing A66, once de-trunked and the provision of non-motorised user facilities, new private means of access, landscaping and reprofiling, de-trunking works associated with the existing A66.  | Work No. 0405-4B |
| 0405-04-28   | Temporary possession of land  | Required for the provision of working space and to facilitate the improvement and re-alignment of the existing Sleastonhow Lane, the stopping up of part of the existing Sleastonhow Lane and the construction of new private means of access and the provision of landscaping and reprofiling.                 | Work No. 0405-13 |
| 0405-04-29   | Permanent acquisition of land | The improvement and re-alignment of the existing Sleastonhow Lane, the stopping up of part of the existing Sleastonhow Lane and the construction of new private means of access and the provision of landscaping and reprofiling, construction of surface water drainage infrastructure.                        | Work No. 0405-13 |
| 0405-04-30   | Permanent acquisition of land | The improvement and re-alignment of the existing Sleastonhow Lane, the stopping up of part of the existing Sleastonhow Lane and the construction of new private means of access and the provision of landscaping and reprofiling, construction of surface water drainage infrastructure.                        | Work No. 0405-13 |
| 0405-04-31   | Permanent acquisition of land | The improvement of the existing A66, once de-trunked and the provision of landscaping and reprofiling, de-trunking works associated with the existing A66.  | Work No. 0405-4B |
| 0405-04-32   | Permanent acquisition of land | Required to facilitate the improvement and re-alignment of the existing Sleastonhow Lane, the stopping up of part of the existing Sleastonhow Lane and the construction of new private means of access and the provision of landscaping and reprofiling, construction of surface water drainage infrastructure. | Work No. 0405-13 |
| 0405-04-33   | Permanent acquisition of land | Required to facilitate the improvement and re-alignment of the existing Sleastonhow Lane, the stopping up of part of the existing Sleastonhow Lane and the construction of new private means of access and the provision of landscaping and reprofiling, construction of surface water drainage infrastructure. | Work No. 0405-13 |

| Plot No.   | DCO Power Sought              | Purpose(s) for which plot of land is required  | Work Number(s)                        |
| 0405-05-34   | Permanent acquisition of land | The improvement of a length of the existing A66 (to be de-trunked) to the south-west of Powis House and the construction of a new cycleway alongside the carriageway the existing A66 and the provision of new private means of access, landscaping and reprofiling, de-trunking works associated with the existing A66.   | Work No. 0405-18                      |
| 0405-05-35   | Permanent acquisition of land | The improvement of a length of the existing A66 (to be de-trunked) to the south-west of Powis House and the construction of a new cycleway alongside the carriageway the existing A66 and the provision of new private means of access, landscaping and reprofiling, de-trunking works associated with the existing A66.   | Work No. 0405-18                      |
| 0405-05-36   | Permanent acquisition of land | Required to facilitate the provision of new [footpaths] between the existing A66 and the existing Long Marton on the north side of the new A66 and the provision of landscaping and reprofiling, permanent diversion of third party apparatus.   | Work No. 0405-14                      |
| 0405-05-37   | Permanent acquisition of land | The construction of the new A66 eastbound and improvements to sections of the existing A66 eastbound and works related to the construction of a new compact grade separated junction, de-trunking and reclassification of the existing A66, provision of public rights of way (including overbridge) and new and replacement private means of access and the construction of the new A66 westbound and improvements to sections of the existing A66 westbound, including a compact grade separated junction, stopping up and re-provisions of public rights of way and the provision of landscaping and reprofiling, permanent diversion of third party apparatus.                           | Work No. 0405-1B,<br>Work No. 0405-2B |
| 0405-05-38   | Permanent acquisition of land | The improvement of a length of the existing A66 (to be de-trunked) to the south-west of Powis House and the construction of a new cycleway alongside the carriageway the existing A66 and the provision of new private means of access, landscaping and reprofiling.   | Work No. 0405-18                      |
| 0405-05-39   | Permanent acquisition of land | Required to facilitate the provision of new [footpaths] between the existing A66 and the existing Long Marton on the north side of the new A66 and the provision of landscaping and reprofiling, permanent diversion of third party apparatus.   | Work No. 0405-14                      |
| 0405-05-40   | Permanent acquisition of land | The construction of the new A66 eastbound and improvements to sections of the existing A66 eastbound and works related to the construction of a new compact grade separated junction, de-trunking and reclassification of the existing A66, provision of public rights of way (including overbridge) and new and replacement private means of access and the construction of the new A66 westbound and improvements to sections of the existing A66 westbound, including a compact grade separated junction, stopping up and re-provisions of public rights of way and the provision of environmental mitigation, landscaping and reprofiling, permanent diversion of third party apparatus. | Work No. 0405-1B,<br>Work No. 0405-2B |

| Table 1 Details of the purpose for which compulsory acquisition and temporary possession powers are sought |                               |  |  |
|--|-------------------------------|--|--|
| Plot No.   | DCO Power Sought              | Purpose(s) for which plot of land is required  | Work Number(s)   |
| 0405-05-41   | Permanent acquisition of land | The provision of new [footpaths] between the existing A66 and the existing Long Marton on the north side of the new A66 and the construction of the new A66 eastbound and improvements to sections of the existing A66 eastbound and works related to the construction of a new compact grade separated junction, de-trunking and reclassification of the existing A66, provision of public rights of way (including overbridge) and new and replacement private means of access and the construction of the new A66 westbound and improvements to sections of the existing A66 westbound, including a compact grade separated junction, stopping up and re-provisions of public rights of way and the provision of landscaping and reprofiling, permanent diversion of third party apparatus. | Work No. 0405-14,<br>Work No. 0405-1B,<br>Work No. 0405-2B |
| 0405-05-42   | Permanent acquisition of land | The provision of new [footpaths] between the existing A66 and the existing Long Marton on the north side of the new A66 and the construction of the new A66 eastbound and improvements to sections of the existing A66 eastbound and works related to the construction of a new compact grade separated junction, de-trunking and reclassification of the existing A66, provision of public rights of way (including overbridge) and new and replacement private means of access and the construction of the new A66 westbound and improvements to sections of the existing A66 westbound, including a compact grade separated junction, stopping up and re-provisions of public rights of way and the provision of landscaping and reprofiling, permanent diversion of third party apparatus. | Work No. 0405-14,<br>Work No. 0405-1B,<br>Work No. 0405-2B |
| 0405-05-43   | Temporary possession of land  | Required for the provision of working space and to facilitate the construction of the new A66 westbound and improvements to sections of the existing A66 westbound, including a compact grade separated junction, stopping up and re-provisions of public rights of way and the provision of landscaping and reprofiling.  | Work No. 0405-2B   |
| 0405-05-44   | Permanent acquisition of land | Required to facilitate the provision of new [footpaths] between the existing A66 and the existing Long Marton on the north side of the new A66 and the provision of landscaping and reprofiling, permanent diversion of third party apparatus.   | Work No. 0405-14   |
| 0405-05-45   | Permanent acquisition of land | The construction of the new A66 westbound and improvements to sections of the existing A66 westbound, including a compact grade separated junction, stopping up and re-provisions of public rights of way and the provision of landscaping and reprofiling.  | Work No. 0405-2B   |
| 0405-05-46   | Temporary possession of land  | Required for the provision of working space and to facilitate the construction of the new A66 westbound and improvements to sections of the existing A66 westbound, including a compact grade separated junction, stopping up and re-provisions of public rights of way and the provision of landscaping and reprofiling.  | Work No. 0405-2B   |

| 09-02-13   | Temporary possession of land  | Required for the provision of working space and to facilitate the construction of a new realigned section of the de-trunked A66, works to effect the stopping up of redundant lengths of the existing A66, public rights of way (including an equestrian track and a footway) and private means of access and the provision of landscaping and reprofiling, de-trunking works associated with the existing A66.   | Work No. 09-3B  |
| 09-02-14   | Permanent acquisition of land | The construction of a new realigned section of the de-trunked A66, works to effect the stopping up of redundant lengths of the existing A66, public rights of way (including an equestrian track and a footway) and private means of access and the construction of a new overbridge and the realignment of Collier Lane to the existing de-trunked A66 carriageway, works to effect the stopping up of part of Collier Lane <del>and the construction of a new footpath and works to effect the stopping up a length of existing Footpath 20.55/1/1 and private means of access</del> and the construction of a new footpath connecting the new shared equestrian track on the north side of the de-trunked A66 to the existing Footpath 20.23/8/1 on the south side of the new A66 and the provision of non-motorised user facilities, new private means of access, landscaping and reprofiling, construction of surface water drainage infrastructure. | Work No. 09-3B, Work No. 09-5, <del>Work No. 09-7</del> , Work No. 09-6 |
| 09-02-15   | Permanent acquisition of land | The construction of new footpath, works to stop up lengths of the existing Footpath 20.72/1/1 and Footpath 20.23/8/1 and the construction of new carriageways of the A66 and the provision of non-motorised user facilities, landscaping and reprofiling, construction of surface water drainage infrastructure.  | Work No. 09-4, Work No. 09-1B   |
| 09-02-16   | Permanent acquisition of land | Required to facilitate the construction of new footpath, works to stop up lengths of the existing Footpath 20.72/1/1 and Footpath 20.23/8/1 and the provision of non-motorised user facilities, landscaping and reprofiling.  | Work No. 09-4   |
| 09-02-17   | Permanent acquisition of land | Required to facilitate the construction of a new realigned section of the de-trunked A66, works to effect the stopping up of redundant lengths of the existing A66, public rights of way (including an equestrian track and a footway) and private means of access and the provision of landscaping and reprofiling, construction of surface water drainage infrastructure.   | Work No. 09-3B  |

| Table 1 Details of the purpose for which compulsory acquisition and temporary possession powers are sought |                               |  |  |
|--|-------------------------------|--|--|
| Plot No.   | DCO Power Sought              | Purpose(s) for which plot of land is required  | Work Number(s)                               |
| 09-02-18   | Permanent acquisition of land | The construction of a new overbridge and the realignment of Collier Lane to the existing de-trunked A66 carriageway, works to effect the stopping up of part of Collier Lane and the construction of new footpath, works to stop up lengths of the existing Footpath 20.72/1/1 and Footpath 20.23/8/1 and the construction of new carriageways of the A66 and the provision of non-motorised user facilities, landscaping and reprofiling.   | Work No. 09-5, Work No. 09-4, Work No. 09-1B |
| 09-02-19   | Permanent acquisition of land | The construction of a new overbridge and the realignment of Collier Lane to the existing de-trunked A66 carriageway, works to effect the stopping up of part of Collier Lane and the construction of new footpath, works to stop up lengths of the existing Footpath 20.72/1/1 and Footpath 20.23/8/1 and the construction of new carriageways of the A66 and the provision of non-motorised user facilities, landscaping and reprofiling.   | Work No. 09-5, Work No. 09-4, Work No. 09-1B |
| 09-02-20   | Permanent acquisition of land | The construction of new footpath, works to stop up lengths of the existing Footpath 20.72/1/1 and Footpath 20.23/8/1 and the construction of a new footpath connecting the new shared equestrian track on the north side of the de-trunked A66 to the existing Footpath 20.23/8/1 on the south side of the new A66 and the construction of new carriageways of the A66 and the provision of non-motorised user facilities, environmental mitigation, landscaping and reprofiling, construction of surface water drainage infrastructure. | Work No. 09-4, Work No. 09-6, Work No. 09-1B |
| 09-02-21   | Permanent acquisition of land | Required to facilitate the construction of a new footpath connecting the new shared equestrian track on the north side of the de-trunked A66 to the existing Footpath 20.23/8/1 on the south side of the new A66 and the provision of non-motorised user facilities, environmental mitigation, landscaping and reprofiling.  | Work No. 09-6                                |
| 09-02-22   | Permanent acquisition of land | The construction of a new realigned section of the de-trunked A66, works to effect the stopping up of redundant lengths of the existing A66, public rights of way (including an equestrian track and a footway) and private means of access and the provision of non-motorised user facilities, landscaping and reprofiling, de-trunking works associated with the existing A66, construction of surface water drainage infrastructure.  | Work No. 09-3B                               |
| 09-02-23   | Permanent acquisition of land | Required to facilitate the construction of new footpath, works to stop up lengths of the existing Footpath 20.72/1/1 and Footpath 20.23/8/1 and the provision of non-motorised user facilities, environmental mitigation, landscaping and reprofiling, construction of surface water drainage infrastructure.  | Work No. 09-4                                |
| 09-02-24   | Permanent acquisition of land | Required to facilitate the construction of a new overbridge and the realignment of Collier Lane to the existing de-trunked A66 carriageway, works to effect the stopping up of part of Collier Lane and the provision of construction of surface water drainage infrastructure.  | Work No. 09-5                                |

| Table 1 Details of the purpose for which compulsory acquisition and temporary possession powers are sought |                               |   |                |
