Subject: Late submission for deadline 8

Dear A66dualling@planninginspectorate.gov.uk

Name	Dr Andrew Boswell
A66 Northern Trans-Pennine Project Link Roads Registration	20032002
Organisation	Climate Emergency Policy and Planning (CEPP)

FAO: Mr Richard Allen (Lead Panel Member for the Examining Authority)
Bart Bartkowiak (Case Manager)

I have seen the Applicant's submission on the Examination website today entitled "TR010062-002069-A66 - Letter in response to Dr Boswells Deadline 7 Subm.pdf".

I am writing ASAP to inform you that I am intending to work on completing my submission over the next day, including working overnight tonight to try and facilitate the earliest possible delivery of it. I would like to respectfully suggest to Mr Allen that the submission if delivered by close of play tomorrow, Thursday May 18th, can be taken as a late submission at Deadline D8 and shared immediately with the Applicant and all other parties. I hope this would fully mitigate the concerns from the Applicant around the time to respond before the end of the Examination.

I apologise to the ExA and other parties for any inconvenience: I have literally been incredibly overstretched.

I hope this quick email, and forewarning of my suggestion above, will help Mr Allen in responding to the Applicant's letter.

With best regards

[Dr Andrew Boswell](#)
