

**Deadline 9 Submissions on the A66 Northern Trans-Pennine Project**

**Submitted on Behalf of Messrs Heron**

**25<sup>th</sup> May 2023**

**1. Introduction**

1.1 We are instructed to submissions on behalf of the Heron family comprising the families below, 'The Heron Family':

*Mr J Heron,* [REDACTED]

*Mrs D and Mr I Heron,* [REDACTED]

*Mr J and Mrs M Heron,* [REDACTED]

*Mr S and Mrs C Heron,* [REDACTED]

*Mr D and Mrs M Heron,* [REDACTED]

1.2 We have previously submitted on behalf of the Heron Family written submissions for deadlines 1,2, 3, 5, 6 and 7. We do not propose to repeat those representations, but would stress that the issues raised remain unresolved.

**2. Deadline 9 Submission**

2.1 Within our Deadline 7 Submissions we outlined substantial concerns in respect of the '*Operational Risk Assessment*' (ORA) prepared by the Applicant in respect of their proposed relocation of the Brough Hill Fair to their preferred 'Bivvy Site' adjacent to Eastfield Farm in Warcop.

2.2 Although the Applicant has sought to bolster and further justify their ORA, we submit that it remains unreliable and the material concerns that we outlined at Deadline 7 have not been addressed. We therefore

respectfully suggest that the Examining Authority (ExA) must rely on the Risk Assessment provided by the Heron Family at Deadline 6.
