Dear Sir or Madam

PLANNING ACT 2008 AND THE INFRASTRUCTURE PLANNING (EXAMINATION PROCEDURE) RULES 2010

CONSULTATION SEEKING COMMENTS FROM THE APPLICANT and ALL INTERESTED PARTIES / REQUEST FOR INFORMATION REGARDING TR010062 A66 Northern Trans Pennine Project

The Historic Buildings and Monuments Commission for England is more commonly known as Historic England. We are the government's statutory advisor on all matters relating to the historic environment. It is our duty under the provisions of the National Heritage Act 1983 to secure the preservation and enhancement of the historic environment

Historic England has participated in the examination of the Application in order to ensure the historic environment is fully and properly taken into account in the determination of the Application and, if consented, that appropriate safeguards have been built into the Development Consent Order ("DCO"), Environmental Management Plan and supporting documents. We have also sought to ensure that opportunities are taken to enhance the historic environment over the lifetime of the Project where possible.

In the letter dated 18 October 2023, published on the A66 PINS website, Historic England were invited by the Secretary of State to provide any further comments with reference to the Lake District World Heritage Site and the level of assessment of impact on it that has been provided.

We have no additional comments to make on this issue, but would highlight that we were provided with an additional document by the Applicant on 2 May 2023, and our response to the information it contained is set out in in our final statement to the examination (paragraphs 2.3-2.4 [REP9-042]).

Yours sincerely

Lee McFarlane

Heritage Lead, A66 Trans Pennine Project
Inspector of Ancient Monuments
