THE PLANNING INSPECTORATE
A66 NORTHERN TRANS-PENNINE PROJECT CASE TEAM

Dear Sir/Madam

TOWN AND COUNTRY PLANNING ACT 1990

PROPOSAL: Adjoining authority consultation for the A66 Northern Trans-Pennine project

LOCATION: A66 BETWEEN THE M6 JUNCTION 40 AT PENRITH AND THE A1(M) JUNCTION 53 AT SCOTCH CORNER

I refer to the above noted application, to which you agreed that a formal response could be provided by 26th January 2024.

I can confirm that Hartlepool Borough Council have no objections to the application.

For your information, I have received the following comments from internal consultees, which I have set out for your consideration:

HBC Planning Policy

We would support strategically improving the A66 as we would support other infrastructure improvements, an improved highway network regionally and across the north east would hopefully have positive knock on impacts for Hartlepool. We trust that the decision maker considers the acceptability of the scheme (design etc.) and that options for any sustainable transport improvements have been included, if possible.

HBC Head of Service for Heritage and Open Spaces

This proposal will not impact on listed buildings, locally listed buildings or conservation areas in Hartlepool.

Tees Archaeology

This proposal will not impact upon archaeological remains within Hartlepool.

Other Matters

Please note I have received no responses at the time of writing from HBC Highways, HBC Public Protection, HBC Ecology or HBC Engineering Consultancy. If I receive a response from any of these I will forward them but in the meantime, should you wish to request views from the above consultees, they can be contacted on:
