Subject: A66 DCO (Case Ref: TF153943)

Dear Mark

I write to represent my constituents with regard to the A66.

I would urge you to approve the DCO for the A66 Northern Trans-Pennine improvement project. The A66 is a vital arterial road, connecting Cumbria with the rest of the country but in places it is a very dangerous road. I'm determined to support the dualling of the A66 because it will reduce accidents, prevent road closures and above all it will surely mean that lives are saved.

I would urge you to do the same and ensure that this project goes ahead.

Thank you for your time and assistance in this matter.

Yours sincerely

TIM FARRON MP
