M5 Junction 10 Improvements Scheme

Dear Mr Maund,

Development Consent for the M5 Junction 10 Improvements Scheme: TR010063

Planning Act 2008 (as amended) - Section 89 and The Infrastructure Planning (Examination Procedure) Rules 2010 - Rule 9

Procedural Decision made under Section 89

Further to the Rule 9 letter received from the Examining Authority on 23 April 2024 the Applicant can provide the following response.

The Applicant can confirm that it intends to submit the following documents by the deadline of 10 May 2024:

- Homes England Funding Response.
- Operational Unexploded Ordnance Emergency Response Plan.
- Severe Weather Plan.

With regard to the submission of landscape and visual photomontages the Applicant can confirm that, following the agreement of viewpoint locations with the Joint Councils, these are currently in production. Whilst we will endeavor to submit the photomontages at the earliest opportunity it is unlikely that these will be available in advance of the Preliminary Meeting. However, the Applicant can commit to providing the requested information by 30 June 2024.

If you require any further information on the above, please do not hesitate to contact myself at the above address or contact the M5 J10 project team: m5junction10@atkinsrealis.com

Yours sincerely,

[REDACTED]
