# 1. Introduction

## 1.1. Scheme Background

- 1.1.1. Gloucestershire faces significant challenges to achieve its vision for economic growth. The Joint Core Strategy (JCS) is a partnership between Gloucester City Council, Cheltenham Borough Council (CBC) and Tewkesbury Borough Council (TBC) which sets out a strategic planning framework for the three areas. The Adopted JCS 2011-2031 is a coordinated strategic development plan, adopted in December 2017, which shows how the region will develop and includes a shared spatial vision targeting 35,175 new homes and 39,500 new jobs by 2031.
- 1.1.2. Major development of new housing (c.9,000 homes) and employment land is proposed in the JCS in strategic and safeguarded allocations to the west and north-west of Cheltenham, these being: West Cheltenham (Golden Valley); North West Cheltenham (Elms Park); and safeguard land to the west and the north-west of Cheltenham (all shown in Figure 1-1). The West Cheltenham development, in turn, is linked to wider economic investment, including a government supported cyber business park (Cyber Central UK) adjacent to the Government Communications Headquarters (GCHQ) site in west Cheltenham.
- 1.1.3. The existing M5 Junction 10 only provides access and egress to and from the north, with no connectivity to M5 south; this causes existing traffic to cross Cheltenham through various routes to access and leave the M5 from the south using other M5 junctions. This contributes significantly to existing traffic flows across Cheltenham, with significant congestion at peak times. To unlock the housing and job opportunities, a highway network is needed that has the capacity to accommodate the increased traffic it will generate, within a sustainable transport context.
- 1.1.4. Upgrading M5 Junction 10 to an all movements junction has been identified as a key infrastructure requirement to enable the housing and economic development proposed by the JCS and supported in the Gloucestershire Local Enterprise Partnership's (GFirst LEP) Strategic Economic Plan and the transport network sought by GCC (Host Authority) in the adopted Gloucestershire Local Transport Plan. Improvements to M5 J10 are critical to maintaining the safe and efficient operation of the junction; and enabling the planned development and economic growth. A bid was submitted in March 2019 to Homes England to the Housing Infrastructure Fund (HIF), wherein an investment case was made for the following infrastructure improvements. Funding was successfully awarded by Homes England in March 2020 for:
- Element 1: Improvements to Junction 10 on the M5 and a new road linking Junction 10 to west Cheltenham.
  - Element 2: A38/A4019 Junction Improvements at Coombe Hill.
  - Element 3: A4019 widening, east of Junction 10.
  - Element 4: An upgrade to Arle Court Park and Ride.
- 1.1.5. Elements 1 and 3 comprise the M5 Junction 10 Improvements Scheme (the Scheme). The upgrade to Arle Court Park and Ride (now known as the Arle Court Transport Hub) (Element 4) and the junction improvements at Coombe Hill (Element 2) were included as part of the package of improvements funded by Homes England. As they do not form part of the proposed improvement of M5 Junction 10, and are located some distance from the junction, GCC (the Applicant for the Scheme) has decided to take these two elements

forward as separate packages of work in order to accelerate the programme for these elements.

## 1.2. Purpose of the report

- 1.2.1. This Book Reference relates to an application made by Gloucestershire County Council (the “Applicant”) to the Planning Inspectorate under the Planning Act 2008 (the “2008 Act”) for a Development Consent Order (“DCO”). If made, the DCO would grant consent for the Applicant to undertake the M5 J10 Improvement Scheme (the “Scheme”).
- 1.2.2. A detailed description of the Scheme can be found in the ‘Introduction to the Application’ (TR010063/APP/1.1) and Chapter 2 The Proposed Scheme in the Environmental Statement (TR010063/APP/6.2).
- 1.2.3. This Book of Reference lists the plots of land over which the Applicant is seeking powers of compulsory acquisition (Articles 24) and powers of temporary possession (Articles 34) in the DCO for the purposes of the Scheme. For each plot it identifies whether the Applicant is seeking the power to acquire that plot outright, the power to create and/or acquire permanent rights, or the power to create and/or acquire temporary rights of possession and use. It also lists the persons with land outside the DCO boundary who may be entitled to make a relevant claim for compensation due to the effects of construction or when the new or altered road is in use.
- 1.2.4. This Book of Reference has been prepared and submitted in compliance with Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the “2009 Regulations”), as amended, and in accordance with the Department for Communities and Local Government guidance ‘Planning Act 2008: Guidance related to procedures for compulsory acquisition’ (September 2013).
- 1.2.5. As this Book of Reference is part of the application documents for the Scheme it should be read in conjunction with the Lands Plans (TR010063/APP/2.2), Crown Land Plans (TR010063/APP/2.7), Special Land Category Plans (TR010063/APP/2.6), the Statement of Reasons (TR010063/APP/4.1) and the draft DCO (TR010063/APP/3.1).
- 1.2.6. This Book of Reference is divided into five parts as prescribed by Regulation 7(1) of the 2009 Regulations. Each of the five Parts are summarised in the next chapter, together with a brief commentary on how the requirements in the Regulations have been interpreted and applied to the collation of each Part of the Book of Reference.

## 1.3. Location of the scheme

- 1.3.1. The M5 links the Midlands with the South West, running from Junction 8 of the M6 at West Bromwich near Birmingham to Exeter in Devon, and linking with the M4 north of Bristol. Junction 10 (of the M5) is located 76 km to the south of Birmingham, 64 km to the north of Bristol, 8 km to the south of Tewkesbury, 6.5 km to the north-west of Cheltenham, and 12 km to the north-east of Gloucester.
- 1.3.2. The junction is in a strategically important location for the region, particularly as northern and western Cheltenham are the sites of a number of large retail parks and employment areas, and the location of planned future housing and nationally significant business development.
- 1.3.3. The locations of the proposed infrastructure improvements that make up the Scheme, the JCS site allocations (the North West Cheltenham Development Area, and the West Cheltenham Development Area) and the safeguarded land to the north-west and west of Cheltenham are illustrated in Figure 2-3.

- 1.3.4. The JCS site allocations (the North West Cheltenham Development Area and the West Cheltenham Development Area) are referred by their respective developers as the Elms Park and the Golden Valley developments :
- 1.3.5. Elms Park (North West Cheltenham) – to the north of the A4019: mixed use development of up to 4,285 new homes, business park, retail and community facilities, transport hub and public transport interchange, schools and new areas of green infrastructure. An outline planning application for the development was submitted to Tewkesbury Borough Council (TBC) in 2016 (ref. 16/02000/OUT).
- 1.3.6. Golden Valley (West Cheltenham) – to the south of the B4634: mixed use development for 2,371 homes and 45 ha. of employment land, including community facilities, a primary school, green infrastructure, formal and informal public open space, and sports pitch provision. An outline planning application for the development was submitted to Cheltenham Borough Council (CBC) in 2022 (ref.22/01817/OUT).
- 1.3.7. The Order limits for the Scheme overlap with these areas as follows:
- Where access points are included as part of the Scheme, there is overlap with: the southern edge of the North West Cheltenham Development Area and the northwestern edge of the West Cheltenham Development Area.
  - Where mitigation measures for the Scheme have been developed, which also fit with the built development proposal for the areas, there is overlap with: the southern edges of the North West Cheltenham Development Area, and the safeguarded land to the north-west of Cheltenham.
  - The Scheme does not overlap with the safeguarded land to the west of Cheltenham.

## 2. Book of Reference Description

### 2.1. Part 1 Description

2.1.1. Regulation 7 (1)(a) of the 2009 Regulations states;

*Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to –*

- *powers of compulsory acquisition;*
- *rights to use land, including the right to attach brackets or other equipment to buildings; or*
- *rights to carry out protective works to buildings*

2.1.2. Part 1 of this Book of Reference contains the names and addresses of each person within Categories 1 and 2, as set out in Section 57 of the 2008 Act, along with the area of each plot of land in which the development will be carried out.

2.1.3. A person is within Category 1 if the Applicant after making diligent inquiry, knows that they are an owner, lessee, tenant, or occupier of the land. A person is within Category 2 if they are interested in the land or have the power to sell and convey or release the land.

2.1.4. Parties recorded in Part 3 of this Book of Reference have also been included in Part 1.

2.1.5. The Applicant has taken the cautious approach of seeking powers of compulsory acquisition (or rights of use) in respect of all plots of land required for the Scheme even where it already holds an interest or presumes it holds an interest in the land. This approach has been taken to ensure that it has the right to acquire the interests it needs in the whole of the DCO land even where an unidentified owner later asserts an interest in land which the Applicant believes it owns.

## 2.2. Part 2 Description

2.2.1. Regulation 7(1)(b) of the 2009 Regulations states;

*Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57*

2.2.2. Part 2 of this Book of Reference contains the names and addresses (if known by the Applicant) of each person within Category 3, as defined by Section 57 of the 2008 Act.

2.2.3. A person is within Category 3 if the Applicant thinks that, if the DCO were to be made and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the 2008 Act. These include persons whose land is not directly affected under the DCO (their interest is outside the DCO boundary) who we believe would or might be entitled to make a relevant claim; and the persons identified in paragraph 2.2.4 below. A relevant claim is a claim under section 10 of the Compulsory Acquisition Act 1965, a claim under Part 1 of the Land Compensation Act 1973, or a claim under section 152(3) of the 2008 Act.

2.2.4. It is considered that Category 3 also includes:

- Certain Category 1 'Owners' (where land is not being permanently acquired);
- All Category 1 'Lessees and Tenants';
- Any Category 2 interests for land within the DCO boundary; and
- Persons with land outside the Order Limits who the applicant thinks might be able to make a relevant claim (as defined above).

## 2.3. Part 3 Description

2.3.1. Regulation 7(1)(c) of the 2009 Regulations states;

*Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with*

2.3.2. Part 3 of this Book of Reference contains the names of all those with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with as part of the DCO.

2.3.3. Category 2 persons included within Part 1 of this Book of Reference have also been included within Part 3 where their rights may be affected. Examples include tenants of the land, or statutory undertakers with services in or under the land, and whose rights over the land are likely to be affected whether the land is required permanently or temporarily.

2.3.4. Parties recorded in Part 3 of this Book of Reference have also been included in Part 1.

## 2.4. Part 4 Description

2.4.1. Regulation 7(1)(d) of the 2009 Regulations states;

*Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made.*

2.4.2. For the avoidance of doubt, any land held by the Applicant no longer constitutes Crown Land. A transfer scheme made pursuant to the Infrastructure Act 2015 states that the “Highways Agency Designated Undertaking” which is defined as the property and rights which were held for the purposes of Relevant Highway Agency Purposes (activities carried out by the Highways Agency or those which concerned functions relating to the highways) is transferred to the Applicant. This includes, for example, all highways in England previously under the jurisdiction of the Highways Agency unless they have been specifically excluded. As the Applicant is not a government department nor does it hold said interests on trust, these plots are not considered Crown Land (as per section 227 of the 2008 Act).

## 2.5. Part 5 Description

2.5.1. Regulation 7 (1)(e) of the 2009 Regulations states;

- i. the acquisition of which is subject to special parliamentary procedure;*
- ii. which is special category land*
- iii. which is replacement land*

2.5.2. Part 5 of this Book of Reference specifies land that as part of the DCO is acquired subject to special parliamentary procedure, is special category land or is replacement land.

2.5.3. The DCO does not affect such land.

## 3. Book of Reference Notes

- 3.1.1. Part 1 of this Book of Reference provides the area in square metres of all land included in the DCO.
- 3.1.2. The term ‘approximately’ is used before all plot area measurements as these measurements are given in square metres and each measurement is rounded up to the nearest whole square metre.

*Table 3.1*

<i>Colour of the plot on Land Plans</i>	<i>Description of the plot in the Book of Reference</i>	<i>Principal land use power sought</i>	<i>Principal relevant DCO Article</i>
<i>Pink</i>	<i>“All rights and interests in...”</i>	<i>Compulsory acquisition of all interests and rights in land (including as required, subsoil, surface land or airspace)</i>	<i>Article 24</i>
<i>Blue</i>	<i>“Permanent acquisition of rights and temporary possession of</i>	<i>Creation and compulsory acquisition of new rights (including where necessary, a right to impose restrictive covenants) and Temporary possession and use of land</i>	<i>Article 27</i>
<i>Green</i>	<i>“Temporary possession and use of...”</i>	<i>Temporary possession and use of land</i>	<i>Article 34</i>

- 3.1.3. Each plot of land shown in this Book of Reference has been given a unique reference. The first number relates to the Land Plans sheet on which the plot is located. The second number differentiates between different landowners on each plan. The numbers given to each landowner are assigned from west to east. Finally, the letters which suffix the landowner reference are used to differentiate between plots of the same unique owner on that Land Plan from west to east.
- 3.1.4. The description of each plot of land includes reference to the principal land use power(s) sought in the draft DCO in respect of that plot. The table below is provided to explain the relationship between this Book of Reference, the draft Development Consent Order (TR010063/APP/3.1), and the Land Plans (TR0100363/APP/2.2) and to clarify the powers sought in relation to compulsory acquisition and temporary possession.

## 3.2. How to use this Book of Reference

- 3.2.1. The table below provides a step-by-step guide to enable any person with an interest in the land to identify how the Applicant’s proposals may affect the land in which they have an interest.

*Table 3.2 – How to use this Book of Reference*

<i>Step One</i>
<i>Look at the Land Plans (TR010064/APP/2.2) and find the area (plot(s)) of land in which you have an interest.</i>
<i>Step Two</i>
<i>Note the colour and the number of the plot(s).</i>
<i>Using Table 3.1 above, the colour of the plot(s) will tell you of the purpose for which it is required.</i>
<i>Step Three</i>
<i>Use the plot(s) number to identify where the land is referred to in other DCO Application documents:</i>
<i>This Book of Reference – Which provides a brief description of each plot (including an approximate area measurement) and details of persons who own, lease or otherwise occupy or have an interest in the land.</i>
<i>The Statement of Reasons (TR010063/APP/4.1) – Particularly Annex A, which provides details of the purpose for which compulsory acquisition and temporary possession powers are sought and references each plot in the Book of Reference to these purposes.</i>
<i>The draft Development Consent Order (DCO) (TR010063/APP/3.1) – Which contains the powers needed to carry out a scheme and includes the powers of compulsory acquisition to assemble the land required that are listed in Table 3.1.</i>

## 4. Part 1

### 4.1. Names and addresses for service of each person within Categories 1 and 2 as defined in Section 57 of the 2008 Act
