4 December 2024

Dear Mr Maund

Application by Gloucestershire County Council (the Applicant) for an Order Granting Development Consent for the M5 Junction 10 Highways Improvements Scheme

Out of deadline submission from National Highways (4 December 2024)

National Highways have submitted the final Principal Areas of Disagreement Summary Statement (PADSS) on 4 December 2024 following the signing of a side agreement between National Highways and the Applicant, Gloucestershire County Council, to aid the Examining Authorities reporting.

The Applicant will also be submitting an updated version of the Statement of Common Ground (SoCG) on 4 December 2024 following the signing of the side agreement.

As a consequence of the side agreement being signed, all matters within the PADSS and SoCG are now considered to be closed.

Therefore, National Highways have no areas of disagreement with the Applicant and formally remove the objection to the DCO application (Ref: TR010063).

Lastly, National Highways would like to thank the Examining Authority and Planning Inspectorate Case Team for their time and efforts in respect to this DCO application. If you have any queries, please do contact me at your earliest convenience.

Yours sincerely

Andrew Alcorn
Programme Manager
