M60/M62/M66 SIMISTER ISLAND INTERCHANGE SECTION 47 PLANNING ACT 2008 (AS AMENDED) NOTICE PUBLICISING A STATEMENT OF COMMUNITY CONSULTATION

National Highways is planning improvements to the M60 junction 18 Simister Island Interchange. This includes a new loop structure to provide a free-flow link road between the M60 eastbound to the M60 southbound, widening the M60 to five lanes between junctions 17 and 18, and installing a new hard shoulder in both directions.

We intend to make an application to the Planning Inspectorate under section 37 of the Planning Act 2008 (as amended) for a development consent order to authorise construction of the scheme.

Before making our application, we must produce a document called the Statement of Community Consultation setting out how we will consult the local community about our proposals. We also must make this statement available for inspection by the public and publish this notice stating where and when the statement can be inspected. We then must carry out consultation in accordance with the statement.

This notice contains a summary of the consultation details. However, full details of the consultation can be found in the Statement of Community Consultation. This can be viewed online, along with our consultation materials, at www.nationalhighways.co.uk/M60-Simister-Island or at the following deposit point locations during our consultation period from 15 February to March 28 2023.

Please note, consultation materials will be available from the start of the consultation on the website and at deposit locations, not in advance.
