C.1. – Copy of the Draft SoCC

C.2. – Emails Provided to Local Authority

C.1. – Copy of the Draft SoCC

1. Introduction

- 1.1 We are publishing this Statement of Community Consultation in connection with proposed improvements to the A46 Newark Bypass between Farndon and Winthorpe junctions (referred to throughout this document as 'the scheme').
- 1.2 The purpose of this document is to set out how we will consult the local community about our proposal. It outlines the details of our statutory consultation, including where you can find information and how to respond. The document also provides background to the scheme and how the application to build it will progress.
- 1.3 This document will be available to view and download via the scheme webpage at this address www.nationalhighways.co.uk/a46-newark-bypass after the launch of the public consultation and paper copies will be available on request.
- 1.4 To make sure we approach our consultation in the best way for the local community, we have consulted with Newark and Sherwood District Council and Nottinghamshire County Council on this document. These are the local authorities at district and county level in the area in which the scheme is proposed to be built.

2. The application

- 2.1 The scheme is being developed under the Planning Act 2008 and we are publishing this statement under Section 47 (Duty to consult the local community) of that Act.
- 2.2 Under the Planning Act 2008, we are required to make an application to the Secretary of State for Transport through the Planning Inspectorate for a Development Consent Order (DCO) to build and operate the proposed scheme. The Planning Inspectorate will examine our application and the Secretary of State for Transport will decide whether the proposed scheme should go ahead based on a recommendation made by the Planning Inspectorate.
- 2.3 A key consideration for the Planning Inspectorate and the Secretary of State for Transport when assessing our DCO application is the National Policy Statement for National Networks (NPS NN), which was published in 2014. The NPS NN policy sets out the need and Government policies for nationally significant infrastructure rail and road projects for England and is the policy against which decisions on major road projects are made. It can be found on the GOV.UK website at this address: www.gov.uk/government/publications/national-policy-statement-for-national-networks
- 2.4 When we submit our application, the Planning Inspectorate must consider whether our public consultation, required by the Planning Act 2008, has been adequate.
- 2.5 The best way to provide feedback to inform our final design on this proposed scheme is by taking part in this consultation.
- 2.6 We anticipate that our DCO application for the proposed scheme will be submitted in summer 2023.
- 2.7 You can find more information about the Planning Inspectorate and the Planning Act 2008 on its National Infrastructure Planning website: <http://infrastructure.planninginspectorate.gov.uk> or by calling the Planning Inspectorate on 0303 444 5000.

3. The scheme

- 3.1 In March 2020, the Government's second Road Investment Strategy (RIS2) included a commitment for National Highways to improve the A46 'Trans-Midlands Trade Corridor' between the M5 and the Humber Ports, through the creation of a continuous dual carriageway from Lincoln to Warwick.
- 3.2 The A46 Newark Bypass is part of the strategic A46 route connecting the Midlands, running from Lincoln to Gloucestershire via Leicester and Coventry. Much of this road is already high-quality dual carriageway, and by filling in key sections it would be possible to create a coast-to-coast highway without the need for major new road building across open countryside.
- 3.3 The single greatest gap in this route is the A46 at Newark. An upgraded dual carriageway opened in 2012, but which stopped three miles short of the A1. We now propose to fill in this gap, eliminating regular traffic jams and creating a consistently good connection from the A1 at Newark to the M1 at Leicester.
- 3.4 The objectives of the proposed scheme are to:
- Improve safety of the A46 and its junctions, reducing the frequency and severity of incidents along the A46.
 - Reduce congestion along the A46 and its junctions.
 - Improve links to the A1 by removing A46 through-traffic from the A1/A46 junction.
 - Improve journey times and journey time reliability along the A46 and its junctions between Farndon and Winthorpe.
 - supporting the movement of Goods and Access to Transport Hubs along the A46 corridor including the Humber ports and East Midlands Airport.
 - Improving accessibility to Newark-on-Trent and the local area
 - enabling economic growth and development in Newark-on-Trent, Nottinghamshire, and Lincolnshire.
 - Increase resilience of the A46 by providing two lanes in each direction separated by a central reserve barrier.
 - Increase resilience of the wider strategic road network (e.g., A1 and M1) by providing a more suitable alternative route when incidents occur
 - Seek to improve noise levels in Noise Important Areas ('noise hotspots') affected by improvements to the A46.
 - Deliver better environmental outcomes through mitigation, protection and enhancement, and contribute to biodiversity.

- Improve the customer experience and satisfaction of all customers affected by the scheme.
- Maintain and improve facilities for cyclists, walkers and horse riders where existing facilities are affected.

3.5 As required by the Planning Act 2008, we are publishing a Preliminary Environmental Information (PEI) Report and a Non-Technical Summary (NTS) of the PEI Report, as part of our consultation material.

3.6 The purpose of the PEI Report and the associated NTS is to help consultees to develop an informed view of the project as part of the statutory pre-application consultation by providing sufficient information about the likely environmental effects of the project. The PEI Report and NTS will be available to view online at the deposit locations listed in Section 6 of this document.

3.7 The PEI Report is a statutory requirement for projects that require an Environmental Statement in accordance with the Infrastructure Planning (EIA) Regulations 2017. The PEI Report will document the knowledge to date regarding the environmental baseline and provide an indication of the likely environmental effects and potential mitigation.

3.8 Additional information about the proposed scheme will be included in our public consultation brochure. Copies of the brochure will be available at the deposit locations, listed in Section 6 of this document, during the consultation period and also on our scheme webpage at this address: www.nationalhighways.co.uk/a46-newark-bypass

4. Previous community engagement

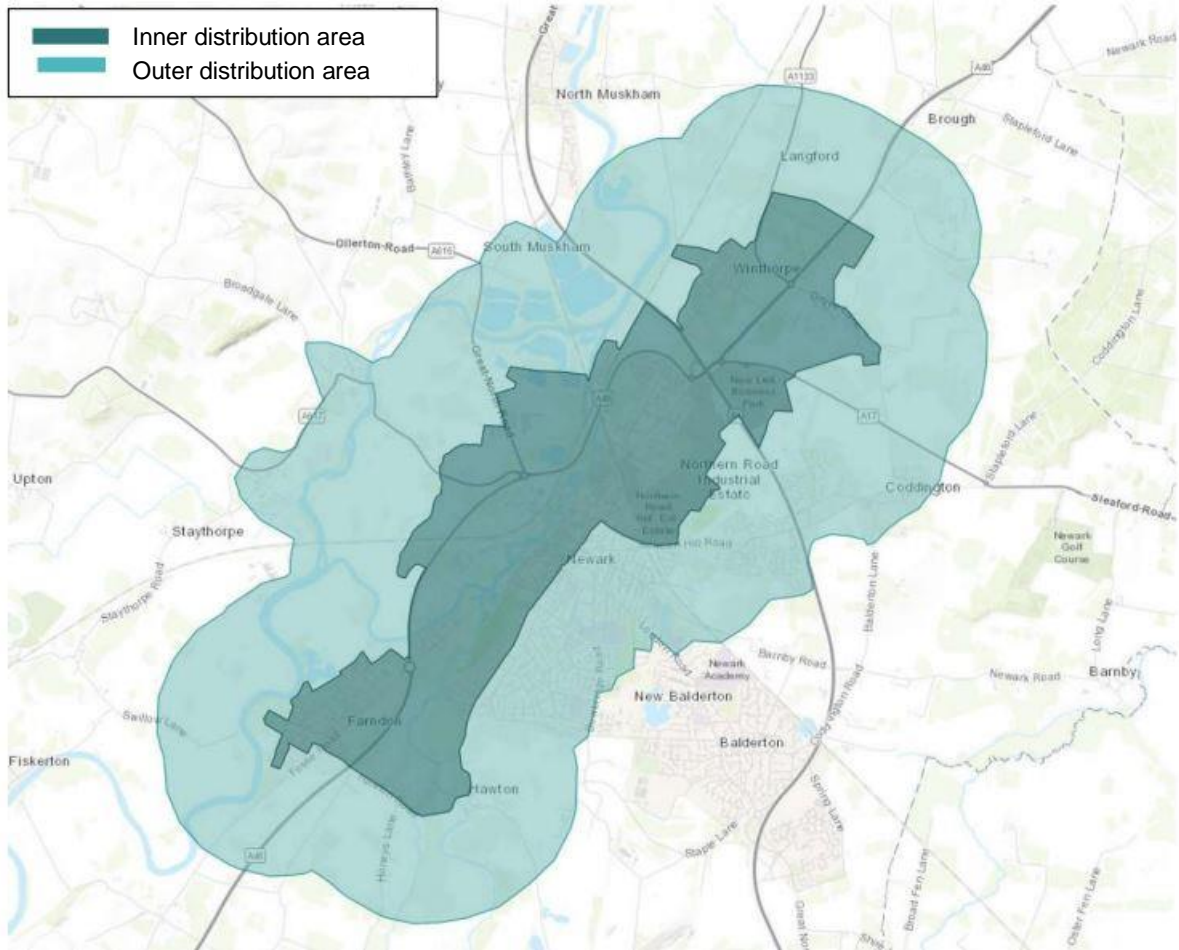

- 4.1 We have previously carried out one stage of consultation, from December 2020 to February 2021, when we consulted on two different options for the scheme design, through an options consultation.
- 4.2 The options consultation sought opinions from the local community on which option was preferred and why. Public consultation materials provided information on the options and included a response form, which included both 'closed' questions and 'open' questions.
- 4.3 Following the options consultation, a Preferred Route Announcement (PRA) was made in February 2022 which announced Option 2 Modified as the preferred route for the scheme. Option 2 Modified now forms the basis for our plans as we are developing the preliminary design for statutory consultation.
- 4.4 More details, including the result of the options consultation and how we decided to progress the preferred route are included in the Report on Public Consultation and the PRA brochure for the scheme, available to download from our scheme webpage at this address: www.nationalhighways.co.uk/a46-newark-bypass

DRAFT

5. Statutory public consultation

- 5.1 The public consultation will run from 24 October 2022 to 5 December 2022. During the public consultation period, we will be consulting on the following elements of the proposed scheme:
- The scheme, including development of the design since the PRA
 - Environmental mitigation measures
 - Emerging arrangements for the construction stage of the scheme.
- 5.2 Anyone who is interested in this proposed scheme is welcome to take part. We will listen to everyone's views, and we will consider all opinions before we submit our DCO application.
- 5.3 In consultation with Newark and Sherwood District Council and Nottinghamshire County Council, we have developed a distribution area for our consultation materials, this can be seen in Figure 1.
- 5.4 This area is based on who we think will be interested in or affected by our proposals. We will communicate with people living and working in this area to let them know about our consultation by posting information directly to them.
- 5.5 Properties located within the inner distribution area will receive public consultation brochures and response forms directly in the post. Properties located within the outer distribution area will receive an information postcard providing them with details about the public consultation.

Figure 1: Consultation material distribution areas

5.6 We have undertaken an Equality Impact Assessment (EqIA) for the proposed scheme. We have also consulted with Newark and Sherwood District Council and Nottinghamshire County Council for ways of identifying and engaging with local organised or demographic groups with specific needs. Information in the EqIA is used to inform our public consultation approach to make it as inclusive and accessible as possible to the local community.

5.7 The table below shows methods we will use to promote our public consultation and gather feedback on the scheme proposals. More information regarding public consultation documentation and information can be found in Section 6 of this document.

Method	Detail
Public consultation brochure	<p>The brochure will contain details of the proposed scheme, including proposed environmental mitigation measures and updates to the scheme design. It will also include details of public consultation events and methods available for submitting public consultation responses.</p> <p>Hard copies of the brochure will be posted to residential and business addresses within the inner distribution area shown in Figure 1 and will be available at deposit locations listed in Section</p>

Method	Detail
	6 of this document. An online version of the brochure will be available on the scheme webpage.
Public consultation response form	<p>The public consultation response form is the formal method for submitting a response to the public consultation and should be used alongside the public consultation brochure.</p> <p>Hard copies of the response form will be posted to residential and business addresses within the inner distribution area shown in Figure 1 and will be available at deposit locations listed in Section 6 of this document. An online version of the response form will be available via the scheme webpage.</p>
Letters and information postcards	Information letters will be posted to stakeholders along with the public consultation brochure and public consultation response form. Information postcards will be posted to residential and business addresses within the outer distribution area shown in Figure 1.
Statutory notices	<p>We will publicise statutory notices to publicise the proposed DCO application and this Statement of Community Consultation document in a national newspaper, the London Gazette, and in local newspapers including:</p> <ul style="list-style-type: none"> • The Newark Advertiser • The Nottingham Post
Scheme webpage	<p>This will provide information about the proposed scheme as well as electronic versions of all public consultation materials: www.nationalhighways.co.uk/a46-newark-bypass</p>
Consultation events	<p>We will hold events at local community venues to give local people the opportunity to speak to members of staff to find out more information about the proposed scheme and the public consultation. These public consultation events will take place at:</p> <ul style="list-style-type: none"> • Winthorpe Community Centre, Winthorpe, Newark • Bridge Community Centre, Lincoln Road, Newark • Newark Town Hall, Market Place, Newark • Farndon Memorial Hall, Marsh Lane, Newark
Online information events	We will hold online information events where we will present information about the scheme proposals and the public consultation and also hold a live question and answer session.
Social media	We will use social media channels, including Twitter and Facebook, to promote the consultation. We will also approach

Method	Detail
	some stakeholders to help promote the consultation using their social media channels.
Press releases	We will distribute press releases to local news and media outlets on key dates throughout the consultation.
Posters	We will display posters with details about the public consultation at public locations.

6. Responding to the statutory consultation

6.1 Responses to the public consultation must be received by 11:59pm on 5 December 2022.

6.2 Responses can be submitted using the following methods during the public consultation period:

- Completing a copy of the public consultation response form and posting it back to the project team using the scheme freepost address: Freepost A46 NEWARK BYPASS. There is no need for a stamp when using this freepost address, the response form can be placed in an envelope with the freepost address written on the front. Responses posted on the public consultation closing date will still be accepted.
- Completing the online version of the public consultation response form available via the scheme webpage at this address: www.nationalhighways.co.uk/a46-newark-bypass
- Giving a copy of a public consultation response form to a member of staff at one of the consultation events

7. Statutory consultation information and documents

7.1 We will make the following documents available to help inform public consultation responses:

- Public consultation brochure and response form
- Scheme map
- Preliminary Environmental Information (PEI) Report and Non-Technical Summary (NTS) of the PEI Report
- Section 48 Notice
- Statement of Community Consultation
- Report on Public Consultation – April 2021

7.2 Public consultation documents will be available at deposit locations within the area of the proposed scheme during the public consultation period.

7.3 The deposit locations and opening hours are correct at the time of publishing this document, however, these may change due to circumstances outside our control.

7.4 If deposit locations are not accessible, all materials are available on the scheme webpage at the following address: www.nationalhighways.co.uk/a46-newark-bypass

7.5 The deposit locations are as follows:

- Winthorpe Community Centre, Winthorpe, Newark
- Bridge Community Centre, Lincoln Road, Newark
- Newark Town Hall, Market Place, Newark
- Farndon Memorial Hall, Marsh Lane, Newark
- Newark and Sherwood District Council, Newark
- Newark Library, Newark

7.6 Individual copies of the public consultation brochure and response form can be provided free of charge. These can be requested by contacting the project team using the contact details below.

7.7 Paper copies of other public consultation documents can also be supplied, but there may be a charge applied in certain cases to cover the cost of printing and postage, up to the sum of £500.

7.8 Public consultation materials can also be provided in alternative formats. These can be requested by contacting the project team using the contact details below.

The A46 project team contact details:

Email address: **A46NewarkBypass@nationalhighways.co.uk**

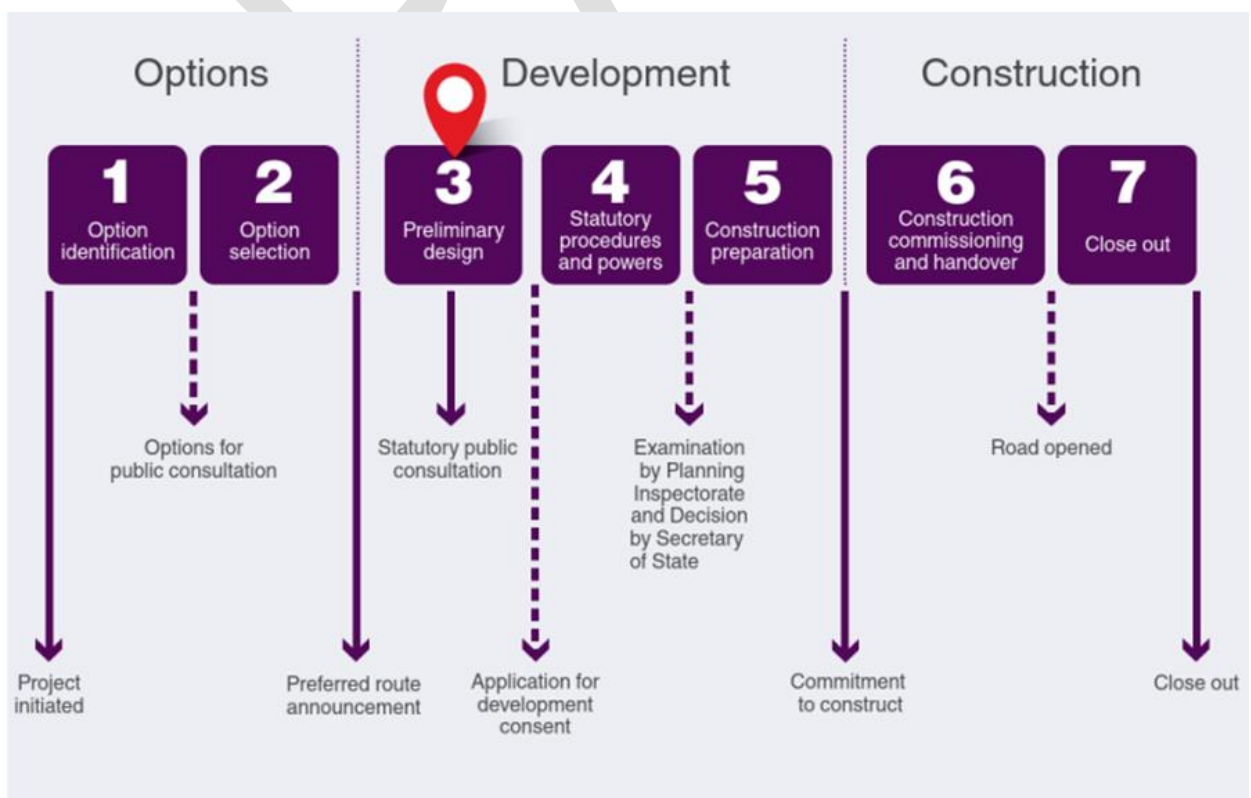

Telephone number: **0300 123 5000 (Contact Centre)**

Project office address: **A46 Newark Bypass Project Team,
National Highways,
2 Colmore Square,
Birmingham B4 6BN**

DRAFT

8. Next steps

- 8.1 Where we consider it appropriate, and before submitting our DCO application, we may choose to undertake further targeted consultation on certain changes to the proposed scheme, made in response to consultation feedback or updated technical information. Such consultation will be for a minimum of 28 days.
- 8.2 We will record and carefully consider all responses received during the consultation which will be taken into account when finalising our DCO application before we submit it to the Planning Inspectorate.
- 8.3 We will summarise our findings in a Consultation Report which will include a description of how our application was informed by the responses received, and outline any changes made as a result of consultation. The Consultation Report forms part of our application to the Planning Inspectorate, as required by Section 37(3) of the Planning Act 2008.
- 8.4 The Planning Inspectorate will decide whether the application meets the required standards to proceed to examination and will determine whether our public consultation has been adequate.
- 8.5 For more information visit our scheme webpage where you can also sign up for email alerts whenever the webpage is updated.
- 8.6 The image below shows where we are in the process and the next steps:

9. Your data, your rights

9.1 On 25 May 2018, the General Data Protection Regulations (GDPR) became law. The law requires National Highways to explain to you – consultees, stakeholders and customers – how your personal data will be used and stored. National Highways adheres to the Government’s consultation principles, the Planning Act 2008 as required, and may collect personal data to help shape development of highways schemes. Personal data collected by the project team will be processed and retained by National Highways and its appointed contractors until the Scheme is complete. Under the GDPR regulations you have the following rights:

- Right of access to the data (Subject Access Request)
- Right for the rectification of errors
- Right to erasure of personal data – this is not an absolute right under the legislation
- Right to restrict processing or to object to processing
- Right to data portability

9.2 If, at any point, National Highways plans to process the personal data we hold for a purpose other than that for which it was originally collected, we will tell you what that other purpose is. We will do this prior to any further processing taking place and we will include any relevant additional information, including your right to object to that further processing.

9.3 You have the right to lodge a complaint with the supervisory authority, the Information Commissioners Office.

9.4 If you’d like more information about how we manage data, or a copy of our privacy notice, please contact: DataProtectionAdvice@nationalhighways.co.uk

[REDACTED]
Delivered: 27/06/2022 17:05

Good afternoon [REDACTED]

I am working on behalf of National Highways on the A46 Newark Bypass scheme.

My colleague [REDACTED] at Skanska contacted you last week and mentioned that we would be sharing our **Statement of Community Consultation** with Nottinghamshire County Council for a formal review. I've attached it to this email for your attention.

Our Statement of Community Consultation sets out how we will consult with local communities and stakeholders during our upcoming consultation for the A46 Newark Bypass scheme.

As outlined in Section 47 of the Planning Act 2008 we are sending this document to you for a formal 28-day period and ask for your feedback on its content.

We have set the 28 day period for your formal review as **4th July 2022 to the 1st August 2022.**

We are sending you this document now, in advance of the 28 day period, so that the document can be shared internally with anyone in the council that should review it, for example communications, engagement, community, or equality teams.

We would appreciate a combined response from these teams, if possible, before or by close of business on 1st August.

If there will be any issues meeting this deadline please let me know.

[REDACTED] is arranging a meeting with you on 8 July where the content of this document will be discussed. Some key questions that we will ask during this meeting include:

- Are you aware of any hard to reach / seldom heard groups which we should be targeting, along with advice on how best to approach them?
- Are there any specific language or format requirements which we need to consider for the community?
- Are there any existing community communication channels that we could use to promote our consultation?

- Are you content with our proposed distribution area for the consultation materials?
- Can we use your offices as a document deposit location? And where are you using as deposit points for your own consultations currently?
- Is there any other insight or advice you're able to provide specific to the local demographic which will help us engage more effectively?

Thank you in advance for your assistance in this process.

We'd also appreciate you confirming receipt of this email for our records.

Many thanks,

[Redacted]

Subject: Statement of Community Consultation - amendment

Hi [REDACTED]

Thank you for confirming your comments on our original Statement of Community Consultation document a few weeks ago.

Since then we have reviewed which documents will be available at deposit locations, as legislation has changed so we can put much more online during statutory consultation. We have also removed reference to the report on public consultation (in section 7.1 below) to avoid confusion – as this was from the previous consultation.

Please could you confirm, as part of our consultation with you on this document, that you approve of this new proposed wording by COP tomorrow. Please accept my apologies for the short notice.

Please find the amendments listed below (crossed out original wording and added wording in blue):

3.6 The purpose of the PEI Report and the associated NTS is to help consultees to develop an informed view of the project as part of the statutory pre-application consultation by providing sufficient information about the likely environmental effects of the project. The PEI Report and NTS of the PEI Report will be available to view online. ~~and also at the deposit locations listed in Section 6 of this document.~~

7.1 We will make the following **public consultation** documents available to help inform public consultation responses:

- Public consultation brochure and response form
- Scheme map
- Preliminary Environmental Information (PEI) Report and Non-Technical Summary (NTS) of the PEI Report
- Section 48 Notice
- Statement of Community Consultation
- ~~Report on Public Consultation – April 2021~~

~~7.2 Public consultation documents will be available at deposit locations within the area of the proposed scheme during the public consultation period.~~ **Printed copies of the public consultation brochure and response form will be available free of charge at deposit locations and consultation events within the area of the proposed scheme during the public consultation period. Copies of other consultation documents and plans will be available online and for inspection only at consultation events, printed copies can also be supplied on request, but there may be a charge applied in certain cases to cover the cost of printing and postage.**

If you are able to get back to me before COP tomorrow I would be really grateful.

Best wishes,

[REDACTED]

Subject: A46 Newark Bypass - Statement of Community Consultation

Hi [Redacted]

Thank you for your time earlier this week.

Rather than call you again, I just wanted to outline that we are intending on sending you the Statement of Community Consultation document early next week, ahead of our meeting on 8th July, so that you and your team have some time to review it (if possible).

Don't worry if you do not have time before the meeting as we will run through it with you then. However, the 28-day consultation will begin from 4th July, so that we avoid slipping into the summer holiday period.

I look forward to catching up properly during our call on 8th July.

Best wishes,

Senior Stakeholder & Community Engagement Manager

Subject: Statement of Community Consultation - amendment

[CAUTION: This email originated from outside of the organisation. Do not click on links or open attachments unless you recognise the sender and know the content is safe]

Hi [REDACTED]

Thank you for confirming your comments on our original Statement of Community Consultation document a few weeks ago.

Since then we have reviewed which documents will be available at deposit locations, as legislation has changed so we can put much more online during statutory consultation. We have also removed reference to the report on public consultation (in section 7.1 below) to avoid confusion – as this was from the previous consultation.

Please could you confirm, as part of our consultation with you on this document, that you approve of this new proposed wording by COP tomorrow. Please accept my apologies for the short notice.

Please find the amendments listed below (crossed out original wording and added wording in blue):

3.6 The purpose of the PEI Report and the associated NTS is to help consultees to develop an informed view of the project as part of the statutory pre-application consultation by providing sufficient information about the likely environmental effects of the project. The PEI Report and NTS of the PEI Report will be available to view online. ~~and also at the deposit locations listed in Section 6 of this document.~~

7.1 We will make the following **public consultation** documents available to help inform public consultation responses:

- Public consultation brochure and response form
- Scheme map
- Preliminary Environmental Information (PEI) Report and Non-Technical Summary (NTS) of the PEI Report
- Section 48 Notice
- Statement of Community Consultation
- ~~Report on Public Consultation – April 2021~~

7.2 ~~Public consultation documents will be available at deposit locations within the area of the proposed scheme during the public consultation period.~~ **Printed copies of the public consultation brochure and response form will be available free of charge at deposit locations and consultation events within the area of the proposed scheme during the public consultation period. Copies of other consultation documents and plans will be available online and for inspection only at consultation events, printed copies can also be supplied on request, but there may be a charge applied in certain cases to cover the cost of printing and postage.**

If you are able to get back to me before COP tomorrow I would be really grateful.

Best wishes,

[REDACTED]

ement Manager

FAO: Lincolnshire County Council Network Compliance and Development teams,

Good afternoon,

I am working alongside [REDACTED] at Skanska on behalf of National Highways on the A46 Newark Bypass scheme. [REDACTED] mentioned in her email to you last week that we would be sharing our Statement of Community Consultation with you for a formal review.

I've attached it to this email for your attention.

Our Statement of Community Consultation sets out how we will consult with local communities and stakeholders during our upcoming consultation for the A46 Newark Bypass scheme.

As outlined in Section 47 of the Planning Act 2008 we are sending this document to you for a formal 28-day period and ask for your feedback on its content.

We have set the 28 day period for your formal review as 4th July 2022 to the 1st August 2022.

We are sending you this document now, in advance of the 28 day period, so that the document can be shared internally with anyone in the council that should review it, for example communications, engagement, community, or equality teams.

This document has been shared with the host authorities for the scheme, Newark & Sherwood District Council and Nottinghamshire County Council.

As a neighboring authority we are also offering you the opportunity to review the document as well respond to the following questions if possible:

- Are you aware of any hard to reach / seldom heard groups which we should be targeting, along with advice on how best to approach them?
- Are there any specific language or format requirements which we need to consider for the community?
- Are there any existing community communication channels that we could use to promote our consultation?
- Are you content with our proposed distribution area for the consultation materials?
- Is there any other insight or advice you're able to provide specific to the local demographic which will help us engage more effectively?

Thank you in advance for your assistance in this process.

We'd also appreciate you confirming receipt of this email for our records.

Many thanks,

[REDACTED]

Good afternoon [REDACTED]

I have just tried calling but you must be out and about.

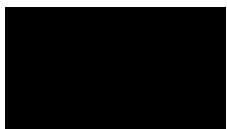

Thank you for responding on behalf of Nottingham City Council on our proposed route for the A46 Newark Bypass previously. I have read through your comments and look forward to presenting our revised designs in the coming weeks.

In the meantime, I'm getting in touch to let you know that we will be sending you the Statement of Community Consultation for the scheme early next week.

The standard 28-day consultation will begin on 4th July, to give you time to send it to anyone else in your team who will need to review it. During this time we would welcome your feedback and comments.

I'll check in with you again during this period, but if you would like to have a discussion either via Teams or in-person, please do let me know and we'll set up a meeting at a time convenient to you.

Best wishes,

FAO: Transport and planning teams

Good morning

This is a polite reminder that the 28-day statutory consultation on our *Statement of Community Consultation* document for the National Highways A46 Newark Bypass scheme finishes next week on 1st August.

This document was sent to you on 28 June, I've reattached for your information.

We welcome any feedback that you have on the content on this document as well as any other information you may be able to provide us to make our consultation as inclusive and effective as possible.

If you have any further questions about this process please contact me on the telephone number below.

Kind regards

[REDACTED]

Senior Stakeholder and Public Liaison Consultant

Subject: RE: A46 Newark Bypass - Statement of Community Consultation - alert

FAO: Transport and planning teams

Good afternoon,

I am working alongside [REDACTED] at Skanska on behalf of National Highways on the A46 Newark Bypass scheme. [REDACTED] mentioned in her email to you last week that we would be sharing our Statement of Community Consultation with you for a formal review.

I've attached it to this email for your attention.

Our Statement of Community Consultation sets out how we will consult with local communities and stakeholders during our upcoming consultation for the A46 Newark Bypass scheme.

As outlined in Section 47 of the Planning Act 2008 we are sending this document to you for a formal 28-day period and ask for your feedback on its content.

We have set the 28 day period for your formal review as 4th July 2022 to the 1st August 2022.

We are sending you this document now, in advance of the 28 day period, so that the document can be shared internally with anyone in the council that should review it, for example communications, engagement, community, or equality teams.

This document has been shared with the host authorities for the scheme, Newark & Sherwood District Council and Nottinghamshire County Council.

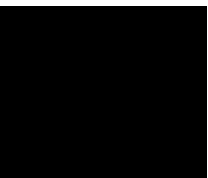

As a neighboring authority we are also offering you the opportunity to review the document as well respond to the following questions if possible:

- Are you aware of any hard to reach / seldom heard groups which we should be targeting, along with advice on how best to approach them?
- Are there any specific language or format requirements which we need to consider for the community?
- Are there any existing community communication channels that we could use to promote our consultation?
- Are you content with our proposed distribution area for the consultation materials?
- Is there any other insight or advice you're able to provide specific to the local demographic which will help us engage more effectively?

Thank you in advance for your assistance in this process.

We'd also appreciate you confirming receipt of this email for our records.

Many thanks,

Senior Stakeholder and Public Liaison Consultant

Subject: A46 Newark Bypass - Statement of Community Consultation - alert

FAO: Transport and planning teams

I'm getting in touch to let you know that we will be sending you the Statement of Community Consultation for the A46 Newark Bypass scheme early next week.

We are sending this document to Nottinghamshire County Council, but as a close neighbour to the scheme we wanted to keep you up to date with the consultation details.

The standard 28-day consultation will begin on 4th July, to give you time to send it to anyone else in your team who will need to review it. During this time we would welcome your feedback and comments. If any of your teams,

particularly communications and EDI, would like to arrange a call, please do let me know. I am happy to listen to and address any queries.

Best wishes,

er & Community Engagement Manager
