Development Consent Order 202[x]

APPLICATION FORM

Regulation Number:	Regulation 5(1)
Planning Inspectorate Scheme Reference	TR010065
Application Document Reference	TR010065/APP/1.2
Author:	A46 Newark Bypass Project Team, National Highways

Version	Date	Status of Version
Rev 1	March 2024	DCO Application

Application for Development Consent for Nationally Significant Infrastructure Projects under the Planning Act 2008

* required information

Application Form

Please read guidance documents relating to the submission of applications prior to completing this form including [government guidance](#) and the Planning Inspectorate's [Advice Note Six: Preparation and submission of application documents](#).

* Do you have a reference number?

Yes No

* Reference number

1. Applicant

* Organisation

Address

* Building number or name

* Street

* City or town

County or administrative area

* Postcode

* Country

* Name of contact

* Telephone number

Fax number

* Email

2. Agent

* Are you an agent acting on behalf of the Applicant?

Yes No

3. Fee

* State the arrangement for the application fee payment:

BACS CHAPS Cheque

Continued from previous page...

* Please provide payment reference details

Reference PWI-CO/534451955
Transaction ID: 10146409

4. Confirming why the Planning Inspectorate should receive the application

* Brief statement to explain why this application is, or is to be treated as, a development for which development consent is required under the Planning Act 2008

The Scheme is classified as a Nationally Significant Infrastructure Project (NSIP) as defined under sections 14(1)(h) and 22(1)(b) of the 2008 Act as it comprises the alteration of a highway:
The highway to be altered is wholly within England.
National Highways Company Limited is the Strategic Highway Authority for the highway.
The speed limit will be greater than 50mph and the area of development at 211 hectares exceeds the 12.5 hectares threshold.

5. Non-technical description of the Proposed Development

* Brief non-technical description of the Proposed Development

The Scheme will provide a dual carriageway on the A46 between Farndon and Winthorpe. The section of the A46 that is to be upgraded is approximately 6.5km in length. The Scheme comprises on-line widening for much of its length between Farndon roundabout and the A1. A new section of offline dual carriageway is proposed between the western and eastern sides of the A1 before the new dual carriageway ties into the existing A46 to the west of Winthorpe roundabout. The widening works include earthwork widening along the existing embankments, and new structures where the route crosses the railway lines, River Trent and the A1. A new grade separated junction will be provided at Cattle Market roundabout with improvements proposed at both the Farndon and Winthorpe roundabouts.

6. Location or route of the Proposed Development

* Description of location of application site(s), or route of development (reference to appropriate plans)

The Farndon roundabout is located at the western extent of the Scheme where the B6166 Farndon Road joins the A46. The Winthorpe junction is located at the eastern extent where the A1133 joins the A46. Along its route, it crosses the A617 and the B6326, at the Cattle Market junction, and the A1 between the Friendly Farmer and Brownhills roundabouts. A Scheme route is presented in the Location Plan (TR010065/APP/2.1).

* Is the site a single site or a linear site?

Single site Linear site

22. Additional information for specific types of infrastructure

* Additional information is required to be submitted in accordance with Regulation 6 of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009:

Yes No

* Provide a brief description

The Project is highway related development under section 22 of the Planning Act 2008. It therefore falls within the requirements of Regulation 6(2) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009. The application is therefore accompanied by:

- Engineering Plans and Sections (TR010065/APP/2.6) which include details of the levels of proposed works, including structures and drainage, and also the General Arrangement Plans (TR010065/APP/2.5).

* Document reference

Regulation 6 of the Infrastructure Planning (Applications: Prescribed Forms and Procedures) Regulations 2009 requires additional information to be submitted with the following types of development.

* Please check any of the following boxes that apply:

- Construction or extension of a non offshore generating station (Reg. 6 (1a))
- Construction or extension of an offshore generating station (Reg. 6 (1b))
- Highway related development (Reg. 6 (2) (part 1))
- Construction or alteration of a railway (Reg. 6 (2) (part 2))
- Construction or alteration of harbour facilities (Reg. 6 (3))
- Construction of a pipeline (Reg. 6 (4))
- Construction or alteration of a hazardous waste facility (Reg. 6 (5))
- Construction of a dam or reservoir (Reg. 6 (6))

Highway related development (Reg. 6 (2) (part 1))

Ensure section drawings have been included as part of this application, with suitable horizontal and vertical scales, which show the levels, proposed works including in particular and where relevant by reference to Ordnance Survey or Chart datum

* Document reference

TR010065/APP/2.6 - Engineering Plans and Sections

Add another reference

Provide the levels of the proposed works, in particular and where relevant:

* Ground levels

TR010065/APP/2.6 - Engineering Plans and Sections

* The height of every proposed bridge, viaduct, aqueduct, embankment and elevated guide way

TR010065/APP/2.6 - Engineering Plans and Sections

* The depth of every proposed cutting and tunnel

TR010065/APP/2.6 - Engineering Plans and Sections

* The levels of the bed of any tidal waters or inland waterway in which it is proposed that any works should be situated

Not applicable

* The height of every structure or device intended to be erected above, on or below the surface of, or on or beneath the bed of tidal waters or inland waterway

Set out within the Structures plans which can be found in the Engineering Plans and Sections (TR010065/APP/2.6)

* Drainage outfall details for highways

Please see:
General Arrangement Plans (TR010065/APP/2.5)
Engineering Plans and Sections (TR010065/APP/2.6)

Provide a cross section of every intended tunnel and any altered gradient of a carriageway or a way forming part of a guided transport system on either side of every level crossing, bridge tunnel or underpass which would carry the carriageway or way or through which it would pass
