Hi in one of the correspondences I received from you I remember you invited suggestions for a site visit Can I suggest you consider the bottom of Hargon Lane for a site visit? I have raised concerns formerly through the representation of interest process and I await a response from NH.

However, you would get a better appreciation of the general concerns raised regarding light and noise pollution, the impact on residents at this end of Hargon Lane and the concerns over landscaping and restricting access if you visited.

Many thanks

Andy Leary
