

As requested in the Rule 8 Letter issued by the ExA as the freehold owner of Langford Hall and its surrounding land and property, I would request to be heard at the Compulsory Acquisition Hearings scheduled for w/c 2 December. Negotiations by my advisors with the applicant and the VOA are continuing but critical issues remain outstanding owing to a lack of detailed design. In the absence of an agreement with the applicant at the time of writing, these matters need to be brought to the attention of the ExA.
