## **LAND RIGHTS TRACKER**

Regulation Number:	Regulation 5(2)(a)
Planning Inspectorate Scheme	TR010065
Reference	
Application Document Reference	TR010065/7.16
Author:	A46 Newark Bypass Project Team, National Highways

Version	Date	Status of Version
Rev 2	November 2024	Deadline 2 submission

### 1. Introduction

The Examining Authority has requested the submission of a Land Rights Tracker in a simple table format.

This tracker adopts the example provided by the Examining Authority, with minor amendments to the layout, headings and restricted inputs in certain columns to provide further clarity and functionality making the data more accessible.

Section 3 below explains the purpose and content of each of the columns of this tracker. The row that is titled "Notes to the ExA" explains the function of each column.

### 2. Description of Rights Requested

The Land Plans (Document Reference 2.1.2) show land and rights over which compulsory acquisition and temporary possession powers are sought and the powers being sought are also listed in the BoR (Document Reference 4.3).

On the Land Plans the plots are coloured to show the type of power that is required over each plot of land to deliver the Project. These same colours have

Colour on Land Plans	Type of Acquisition
Pink	Land to be Acquired
Blue	Acquisition of Rights by the Creation of New Rights or the Imposition of Restrictive Covenants
Green	Land to be Used Temporarily
Yellow	Land not subject to Powers of Compulsory Acquisition or Temporary Use

For the avoidence of doubt, land shaded grey on the Land Plans is Land Outside of Land to be Acquired or Used and is there for is not refered to in the Land Rights Tracker.

### 3. Explanation of Tracker Headings

Categories	Tracking	Agreements	Status Update	Details of the Land	(1) 10 11 11	Examination References
