1 Introduction

1.1 General

- 1.1.1 These Works Plans (these “Plans”) relate to an application made by National Highways (the “Applicant”) to the Secretary of State for Transport via the Planning Inspectorate (the “Inspectorate”) under the Planning Act 2008 (the “2008 Act”) for a Development Consent Order (DCO). If made, the DCO would grant consent for the A46 Newark Bypass (the “Scheme”). A detailed description of the Scheme can be found in Chapter 2 (The Scheme) of the Environmental Statement (ES) (TR010065/APP/6.1).
- 1.1.2 These Plans forms part of a suite of application documents and is included in the application in compliance with Regulation 5(2)(j) of the Infrastructure Planning (Prescribed Forms and Procedure) Regulations 2009 (the “2009 Regulations”) which requires:
a works plan showing, in relation to existing features:
- (i) *the proposed location or (for a linear scheme) the proposed route and alignment of the development and works; and*
 - (ii) *the limits within which the development and works may be carried out and any limits of deviation provided for in the draft order’.*
- 1.1.3 As these Plans are part of the application documentation they should be read alongside and are informed by the other application documents, in particular Schedule 1 of the draft DCO (TR010065/APP/3.1).
