

Hi,

I'm a local citizen and former member of Newark Cricket club.

I have previously contacted yourselves re the affects of the road on the cricket ground and surrounding area, with local knowledge of the drainage around the Kelham road area, having has to deal with the increased flooding of the club as groundsmaneger for the last 15 years.

A gentleman did contact myself by phone, and passed on details on furthf correspondence that || could undertake.

However his email has never arrived.

Could you please contact myself on [REDACTED] and resend to the email address. As this has failed previously, it may be best to resort to mail, addressing it to myself [REDACTED].

Many thanks.

Mr Nick Townley.

P.S can you please acknowledge receipt of this communication.
