

## **LATE SCOPING CONSULTATION RESPONSES**

Consultation bodies have 28 days to respond with any comments, stating either the information that they consider should be included in the ES or that they do not have any comments.

Any responses received after the deadline will not be considered within the scoping opinion but are forwarded to the applicant for consideration in accordance with the policy set out in Advice Note 7: Environmental Impact Assessment, Screening and Scoping.

The following EIA scoping consultation responses were received after the consultation deadline specified under legislation and therefore did not form part of the Secretary of State's scoping opinion.

Dear Sir / Madam

**Environmental Impact Assessment Scoping consultation (Regulation 15 (4) of the EIA Regulations 2017): Application by London Luton Airport Limited for an Order granting Development Consent for the Expansion of London Luton Airport.**

Thank you for consulting us on the scope of the Environmental Statement.

We have seen the response to the Scoping Report dated 29 April 2019 and submitted by Vincent & Gorbing, on behalf of Hertfordshire County Council, North Hertfordshire District Council, Central Bedfordshire Council and Luton Borough Council, and are supportive of the points and comments made within it.

Please continue to include Dacorum Borough Council in the proposals as they emerge. Our main concerns and issues will be focused around the management of aircraft noise, impact on the traffic network and the wider impacts of the development on the wider economy of the area, including the Borough of Dacorum.

Yours faithfully

**James Doe**  
**Assistant Director (Planning, Development & Regeneration)**
