Announcements - Public Notices

LONDON LUTON AIRPORT LIMITED **SECTIONS 42, 47 AND 48 OF THE PLANNING** ACT 2008 ("THE 2008 ACT")

REGULATION 4. INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS **AND PROCEDURE) REGULATIONS 2009** ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- the SoCC
- Guide to Statutory Consultation document
- Information booklet Feedback Form
- · Scheme Development and
- Construction Report Surface Access Strategy
- Outline Need Case
- Explanatory Note on Airspace

- Draft Land Assembly Plans

The consultation runs from Wednesday 16 October 2019 to Monday The Consultation runs from Wednesday 16 October 2019 to Monday 16 December 2019 and during this period you can view and download the consultation documents via LLAL's project website at www.futureluton.llal.org.uk. Hard copies of the documents will also be available to inspect free of charge at the locations and times listed in the table below. The SoCC will be available to view on the project website and at the document inspection venues from Wednesday 9 October 2019.

Rock star joins bid to save historic arcade

Kinks guitarist Dave Davies (Image: Al Pereira)

ROCK legend Dave Davies has backed a campaign to save a historic shopping arcade from demolition.

The Kinks guitarist, who grew up in Fortis Green Road, Muswell Hill, called for the Grand Arcade in High Road, North Finchley to be preserved.

Built in the 1930s in the thenpopular Art Deco style, the arcade is home to a range of small shops, including a jeweller's and a photo studio.

But it could be torn down to make

way for new flats and shops under regeneration proposals drawn up by Barnet Council.

Mr Davies tweeted his support for the arcade on October 8. He said: "The Grand Arcade is definitely of historical value. We need to preserve places like this in England and in London. It's only going to benefit the area in the long term."

Mr Davies, who co-founded The Kinks in 1964 with brother Ray, used to buy guitar strings from a shop in the arcade as a youngster. reundtree real estate

Fresh fears that pet killer has struck again

Owners warned as cat's head found

By Nathan Louis

A CAT'S head has been found, sparking fears the UK animal killer has struck again.

The body of pet Dory was found in the Arkley area on Saturday and two days later, her head was found nearby.

South Norwood Animal Rescue and Liberty (SNARL) says a vet has carried out an examination and stated the injuries were inflicted by a person using a bladed weapon.

SNARL has launched an investigation and is linking Dory's death to the infamous UK animal killer.

There have been reports all over the country of cats and rabbits in particular being mutilated over the past few years and SNARL is committed to finding the person or people it believes is responsible for the killings.

The Metropolitan Police initially launched an investigation in December 2015 under the name Operation Takahe after SNARL raised concerns about the number of cats found dead and missing their heads and tails.

But SNARL continues to dispute findings by the Met in September last year that suggested that foxes were to blame for the mutilation.

After Dory's death in Arkley, SNARL said: "Do you know anyone who came to the Barnet EN5 area to carry out some work around the dates of Monday October 7 to October 14?

"We are leafleting, making enguiries and looking for CCTV.

quiries and looking for CCTV.

"If you live or work in the Mays Road or Quinta Road area and have CCTV or know anyone who does, please contact SNARL as soon as possible and we will let you know if it is of interest.

you know if it is of interest.
"Our advice remains to keep cats in at night if you can and ensure hutches are securely locked.

"RIP Dory and our condolences to her family"

Announcements - Public Notices

LONDON LUTON AIRPORT LIMITED SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4. INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS **AND PROCEDURE) REGULATIONS 2009** ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

Plans to ease traffic problems revealed

By Simon Allin

A range of measures to help ease traffic and parking problems will be rolled out in one of the busiest parts of the borough.

Extensions to permit parking schemes and a new one-way system were among the measures agreed by councillors at Finchley and Golders Green Area Committee on Thursday (October 17).

Finchley Church End controlled parking zone (CPZ) will be extended to cover Templars Crescent, Cavendish Avenue, Stanhope Avenue, St Mary's Avenue and Lynd-

A new CPZ will also be created

to cover Leslie Road and Leopold Road in East Finchley.

CPZs help to prevent commuter parking close to tube stations and other transport hubs by issuing residents with a permit allowing them to park in streets close to their homes.

At Castle Road, North Finchley - where residents raised fears that speeding motorists are putting their children's safety at risk - council officers will carry out a speed survey to gauge the extent of the problem.

Slow signs will be installed on Arden Road, Finchley Church End, in response to a request from residents fearing speeding and dangerous driving could lead to a tragic accident".

A width restriction and parking changes proposed for Somerton Road, Childs Hill, will not go ahead, after 88 per cent of resi-dents who responded to a consultation objected to them.

But the council will investigate other ways of stopping the road from being used as a cut-through by heavy goods vehicles

A one-way system will be in-troduced in Churchfield Avenue, North Finchley, in a bid to ease congestion.

Councillors also discussed concerns raised by neighbours on Eversleigh Road, Finchley Central, about their parking spaces being taken up by businesses and commuters

Residents had called for a CPZ to tackle the problem.

Cllr Ross Houston (Labour), West Finchley, told the committee residential developments such as the one proposed by Transport for London (TfL) at Finchley Central Underground Station were likely to make the problems worse

TfL wants to build more than 600 flats on the site - and the station's existing car park could be lost.

Councillors agreed to defer the matter until a meeting in June next year, when the committee will have more funding

PUBLIC NOTICES

LONDON LUTON AIRPORT LIMITED

SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Linsted ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing narway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- · the SoCC
- Guide to Statutory Consultation document
- · Information booklet
- Fordback Form
- Scheme Development and Construction Report
 Surface Access Strategy Report
- Outline Need Case
 - · Explanatory Note on Airspace
 - Compensation Proposals

The consultation documents will be made available free of charge on LLAL's the consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Stantory Consultation and Foodback Form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per household or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing fatureluton@llal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday between 0900 and 1700.

Comments on the proposals can be made in the following ways-

- · Online: complete or download the Feedback Form at the project website www.futurelaton.flal.org.uk
- At the Consultation Events: Feedback Forms can be completed and left at
- · By email or post: completed Feedback Forms, and any other comments, can be iled to futurelaton@llal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY 16 DECEMBER 2019.

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon ashmission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application development consent under the 2008 Act or at connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of Station for the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested.

How to contact us; If you have any questions about this consultation please contact the project team by:

'Worst child abuse ever'

Police say case is vile and shocking

by News Reporter

07860 531504

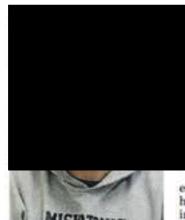

A vile 46-year-old predator will spend more than 20 years in prison after subjecting young children to sexual abuse on numerous occasions spanning a number of years.

Craig Howe, of Luffenham Place, Chicksands, pleaded guilty to a number of child sex offences at an earlier court appearance in May and was handed his prison sentence on Wednesdayat Luton Crown Court.

Officers arrested Howe on March 19 after receiving information that he had been communicating with people on a social media platform and talking specifically about children in a sexual nature.

Hisphone and laptop were seized and a number of indecent images of children were discovered.

Howe was jailed for a

Craig Howe

number of child sexual offences, including the rape and assault of a child, sexually exploiting a child and making and distributing indecent images of children.

He was given a sentence of 29 years - 21 years in prison and an extended licence period of eight years.

let Con Kerry Smith from Internet Child Abuse Inigation Team (ICAIT), investigated the case, "This man is probably vorst child sex offender ave ever come across. was an extremely vile shocking case involving el of offending rarely en-

ntered by our team. From looking at his devices, the sadistic conversations he was having with other sick individuals contained some extremely graphic descriptions and when we saw the images, it confirmed that the chat wasn't all fantasy.

"This man appeared to be a respectable man and held down a good job with a lot of authority. It goes to show that people aren't always as they seem and that there are a lot of individuals out there with a dark side and horrifying se-

"Although this jail sentence

Howe has done to his victims, at least he no longer poses a danger to children.

The full list of charges

One count of the rape of a child under 13

- Five counts of assault by penetration of a child under 13

- One count of causing a child under 13 to engage in a sexualactivity

- Two counts of causing sexual exploitation of a child

- One count of possession of a paedophile manual One count of distributing

indecent images of children Three counts of making

indecent images of children An NSPCC spokesperson said: "Howe is a deprayed sexual predator who subjected young children to sickening sexual abuse and then shared images of his crimes with other vile offenders.

"This case shows starkly

PUBLIC NOTICES

PUBLIC NOTICES

LONDON LUTON AIRPORT LIMITED

SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Laton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LUZ 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in nce with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing narway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

modate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment development ("ElA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include-

- + the SoCC
- Guide to Statutory Consultation
- · Information booklet
- · Foodback Form
- · Scheme Development and Construction Report · Surface Access Strategy Report
- . Outline Need Case
 - · Explanatory Note on Airspace
 - Compensation Proposals
 - · PEIR (including non-technical summary of the PEIR)
 - Outline Employment and Training Strategy

Thrilled by role Disney's Maleficent

Luke and Oliver star alongside Angelina Jolie in blockbuster

by News Reporter

07803506183

Identical twin boys from Chronicle country have a key role in the new Disney blockbuster Maleficent: Mistress of Evil, which opens in cinemas today (Friday).

Last year, nine-year-olds Harry and Oliver Newman, from Potton, filmed for seven weeks at Pinewood Studios, rubbing shoulders with Hollywood stars such as Angelina Jolie, Elle Fanning, Sam Riley, Chiwetel Ejiofor and Ed

Harry and Oliver play one part and although it's a guarded secret as to the role, it is a significant character in the storyline.

Most TV and film produc-tions use identical children, as child actors are strictly limited to the amount of hours they can work by law.

Movie shoots often have long days, longer than a single child actor is legally allowed to be on the set. So to use identical children means they can share the role and share the time on set.

Maleficent: Mistress of Evil is directed by Joachim Rønning. It is a sequel to the 2014 film Maleficent, with Angelina Jolie returning to portray the title role.

Elle Fanning, Sam Riley, Imelda Staunton, Juno Temple and Lesley Manville also return to their previous roles, with Harris Dickinson replacing Brenton Thwaites from the first film and Chiwetel Ejiofor, Ed Skrein and Michelle Pfeiffer joining the cast as new characters.

"We loved every minute filming Maleficent 2. We had an exciting time learning from others," said Oliver.

We were looked after so well by everyone and enjoyed wearing the costumes," added Harry.

From meeting her on set, Harry and Oliver were invited by Angelina to audition for her next film, Come Away, which

she also stars in with Da id Oyelowo and Sir Micha

Theywon the part and ha already filmed playing twin in a retelling of the Peter P. and Alice in Wonderland st ries. It will be released in 202

The story will see that b fore Alice went to Wonde land, and before Peter becan Pan, they were brother ar sister.

When their eldest broth dies in a tragic accident, the each seek to save their parer from their downward spira of despair until finally the are forced to choose between home and imagination, se ting the stage for their icon journeys into Wonderlandar Neverland.

Earlier this year, the bo also starred in their very fir music video, Hiding Bottle by Bear's Den. It's a powerful video inspired by a family member's battle against alcohol addiction, using split

Announcements - Public Notices

LONDON LUTON AIRPORT LIMITED SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL")

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 OLA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed

documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would

capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

• the Socc

- the SoCC
- Guide to Statutory Consultation document
- Information booklet
- Feedback Form
- Scheme Development and Construction Report Surface Access Strategy
- Outline Need Case
- Explanatory Note on Airspace
- Compensation Proposals
- PEIR (including non-technical summary of the PEIR)
- Outline Employn Training Strategy
- Draft Land Asse
- The consultation runs from Wednesday 16 October 2019 to Monday 16 December 2019 and during this period you can view and download the consultation documents via LLAL's project website at www.futureluton.llal.org.uk. Hard copies of the documents will also be available to inspect free of charge at the locations and times listed in the table below. The SoCC will be available to view on the project website and at the document inspection venues from Wednesday 9 October 2019.

Announcements - Public Notices

LONDON LUTON AIRPORT LIMITED **SECTIONS 42, 47 AND 48 OF THE PLANNING** ACT 2008 ("THE 2008 ACT")

REGULATION 4. INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS **AND PROCEDURE) REGULATIONS 2009** ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- the SoCC
- Guide to Statutory Consultation document
- Information booklet
- Feedback Form · Scheme Development and
- Construction Report
- Surface Access Strategy
- Outline Need Case

The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per bousehold or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futureluton@llal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday

Comments on the proposals can be made in the following ways-

- Online: complete or download the Feedback Form at the project website www.futurelaton.llul.org.uk
- · At the Consultation Events: Feedback Forms can be completed and left at
- By email or post: completed Feedback Forms, and any other comments, can be emailed to futureluton@llalorg.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL. in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested.

If you have any questions about this consultation please contact the project team by:

- · Email: futureluton@flal.org.uk
- Post: write to us (no stamp required) at FREEPOST FUTURE LUTON LLAL
- Telephone: 01582 548782 Monday to Friday 0900–1700

Aylesbury Vale District Council ROAD TRAFFIC REGULATION ACT 1984 THE AYLESBURY VALE

OFF-STREET PARKING PLACE (WATERSIDE, AYLESBURY), ORDER 2019

Notice is hereby given that on 3 October 2019 Aylesbury Vale District Council has made The Aylesbury Valle Off-Street Parking Place (Waterside, Aylesbury), Order 2019 under sections 32 - 35, 35A, 39, 44, 63A, 99, 100, 116 and Schedules 4 and 9 of the Road Traffic Regulation Act 1984, and Sections 72 - 93 and Schedules 7 - 12 of the Traffic Management Act 2004 and of all other enabling powers, and having regard to Section 122 of the Road Traffic Regulation Act 1984, and with the consent of Buckinghamshire County Council given under Section 39(3) of the said Act, and after consultation with the relevant Chief Officer of Police in accordance with Part III of Schedule 9 of the said Act.

The effect of the Order that comes into effect on 9 October 2019 is to revoke The Aylesbury Vale Off-Street Parking Place (Waterside, Aylesbury), Order 2013 and amend the use of the Parkings Bays on Floors 2 and 3 of the Car park as detailed in the Schedule of this notice. Floor 1 will now be controlled and monitored by Waitrose. All other existing provisions will remain in force.

A copy of the Order together with a copy of the Council's Statement of Reasons for making the Order can be inspected during normal office hours at The Gateway, Gatehouse Road, Aylesbury. Further details are also available on the Council website under https://www.aylesburyvaledc.gov.uk/section/car-

If any person wishes to question the validity of the Order or of any of its provisions on the grounds that it or they are not within the powers conferred by the Act or that any requirement of the Act or of any instrument made under them has not been complied with, that person may, within 6 weeks from the date on which the Order is made, apply to the High Court for that purpose.

SCHEDULE OPERATION OF PARKING PLACE (PART III) PASSENGER VEHICLES AND GOODS VEHICLES NOT EXCEEDING 2500 KILOGRAMS UNLADEN

Goods Vehicle Operator's Licence

a Qualifying Resident's Pass

Callum Green trading as Connect Scaffolding Services Ltd of The Old Pump House, Kingsey Road, Thame, OX9 3.ft. is applying to change an existing licence as follows: To keep an extra 2 goods vehicle and 0 trailers at the operating centre at The Old Pump House, Kingsey Road, Thame, OX9 3JL. Owners or occupiers of land (including buildings) near the operating centre(s) who believe that their use or enjoyment of that land would be affected, should make written representations to the Traffic Commissioner at Hillcrest House, 386 Harehills Lane, Leeds, LS9 6NF stating their reasons within 21 days of this notice. Representors must at the same time send a copy of their representations to the applicant at the address given at the top of this notice. A Guide to Making Representations is available from the Traffic Commissioner's office.

THE BUCKINGHAMSHIRE COUNTY COUNCIL

The Council has made The Buckinghamshire County Council (Bushmead Road, Whitchurch in the Parish of Hardwick CP) (Temporary Prohibition of Through Traffic) Order, 2019 which will temporarily prohibit any vehicle from proceeding, except for access, in Bushmead Road from junction of A413 for 300 metres. Alternative route: Whitchurch Road, High Street, Aston Abbotts Road, Cublington Road, The Green, Moat Lane, Lines Hill, Weedon Road, Stockaway, New Road, Buckingham Road. The closure is required whilst foul drain connection to opposite number 28 works take place commencing on 24 October 2019 between 00:00 and 23:59. The proposed Order will come into operation on 24 October 2019, as signed, with maximum 18 months duration. Dated 16 October 2019

The Council intends to make The Buckinghamshire County Council (84032 High Street North, Stewkley in the Parish of Stewkley CP) (Temporary Prohibition of Through Traffic) Order, 2019 which will temporarily prohibit any vehicle from proceeding, except for access, in 84032 High Street North for a distance of approximately 75 metres. Alternative route: Bletchley Road, Stewkley Road, Drayton Road, Stoke Hammond Bypass, Newton Road, Linslade Western Bypass, Leighton Road, High Road, Southury Road, Parsons Walk. The closure is required whilst water connection in the carriageway works take place commencing on 29 October 2019 between 00:00 and 23:59. The proposed Order will come into operation on 29 October 2019, as signed, with maximum 18 months duration. Dated 16 October 2019

The Council intends to make The Buckinghamshire County Council (Hollingdon Road, Soulbury in the Parish of Soulbury CP) (Temporary Prohibition of Through Traffic) Order, 2019 which will temporarily prohibit any vehicle from proceeding, except for access, in Hollingdon Road for a distance of approximately 140 metres. Alternative route: Bletchley Road, Stewkley Road, Dayston Road, Stoke Hammond Bypass, Newton Road, Linslade Western Bypass, Leighton Road, High Road. The closure is required whilst new cable installation works take place commencing on 28 October 2019 between 00:00 and 23:59. The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details below the full saite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per household or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futurelutorigillal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday between 0900 and 1700.

Comments on the proposals can be made in the following ways-

- Online: complete or download the Feedback Form at the project website www.futureluton.llul.org.uk
- At the Consultation Events: Feedback Forms can be completed and left at the Event
- By email or post: completed Feedback Forms, and any other comments, can be emailed to future. (a) to returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL.

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY 16 DECEMBER 2019.

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested. How to contact us:

If you have any questions about this consultation please contact the project team by:

- Email: futureluton@llul.org.uk
- · Post: write to us (no stamp required) at FREEPOST FUTURE LUTON LLAL
- Telephone: 01582 548782 Monday to Friday 0900–1700

8 October 2019

Aylesbury Vale District Council

has received the following applications, which can be viewed via the internet or online at our offices during normal office hours. Comments can be made online at

www.aylesburyvaledc.gov.uk within 21 days. We publish every comment we receive on our website.

LB within a CA and Affects a Public ROW - 19/03602/APP & 19/03603/ALB - THE COTTAGE GIBRALTAR DINTON - Single storey rear extension (part retrospective)

The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per bousehold or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futureluton@llal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday

Comments on the proposals can be made in the following ways-

- Online: complete or download the Feedback Form at the project website www.futureluton.llul.org.uk
- · At the Consultation Events: Feedback Forms can be completed and left at
- · By email or post: completed Feedback Forms, and any other comments, can be siglal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and hundled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAU's connected companies, agents, contractors and advisors who provide services to LLAI. in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested. How to contact us:

If you have any questions about this consultation please contact the project team by:

- · Email: futureluton@flal.org.uk
- Post: write to us (no stamp required) at FREEPOST FUTURE LUTON LLAL.

LONDON LUTON AIRPORT LIMITED SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a). Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

nmary of Proposed Works

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would

capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- · the SoCC
- Guide to Statutory
 Consultation document Information booklet
- Feedback Form
- Scheme Development and Construction Report
- Surface Access Strategy Report
- Outline Need Case
- Explanatory Note on Airspace
- Compensation Proposals
- PEIR (including non-technical summary of the PEIR)
 Outline Employment and
- Training Strategy
- Draft Land Assembly Plans

LAL's project website at www.futureluton.llal.org.uk, and on USB nemony stick by request. Those without computer access can request printed copy of the Guide to Statutory Consultation and Feedback orm using LLAL's contact details below. The full suite of printed onsultation documents will be made available for purchase at the cost f £260 plus postage. All document requests are limited to one per ousehold or organisation. Copies of the printed documents or USB nemory stick can be obtained by emailing futureluton@llal.org.uk, by virting to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 48782 Monday to Friday between 0900 and 1700. Comments on the proposals can be made in the following ways—

- Online: complete or download the Feedback Form at the project website www.futureluton.llal.org.uk
 At the Consultation Events: Feedback Forms can be completed and left at the Event
- By email or post: completed Feedback Forms, and any other comments, can be emailed to future luton @lal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY 16 DECEMBER 2019.

esponses should state the ground of representation, the nature of your terest in the proposed project, indicate who is making it, and provide in address to which any correspondence relating to the representation hay be sent.

may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, ingents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the esponses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under he 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or he Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a egal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of heir response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested.

you have any questions about this consultation please contact the roject team by:

- Émail: futuréluton@llal.org.uk

Public Notices

Public Notices

LONDON LUTON AIRPORT LIMITED SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required. also be required.

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- the SoCC.
- Guide to Statutory Consultation document Information booklet
- Feedback Form
- Scheme Development and Construction Report
- Surface Access Strategy Report
- Outline Need Case
- Explanatory Note on Airspace
- Compensation Proposals PEIR (including non-technical summary of the PEIR)
- Outline Employment and Training Strategy
- Draft Land Assembly Plans

PUBLIC NOTICES

LONDON LUTON AIRPORT LIMITED

SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Laton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LUZ 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in ance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing narway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

modate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment development ("ElA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constituted evelopment for which Environmental Impact Assessment is required an Environmental Statement will therefore be submitted as part of the proposes. application containing information about the environmental effects of the propose development. Preliminary environmental information can be found in the Preliminar Environmental Information Report ("PEIR"), which forms part of the consultation

Details of the proposed application and copies of the consultation documents (whic include plans and maps) include-

- + the SoCC
- Guide to Statutory Consultation
- · Information booklet
- · Foodback Form
- Scheme Development and Construction Report
- Surface Access Strategy Report
- . Outline Need Case
- Explanatory Note on Airspace
- Compensation Proposals
- · PEIR (including non-technical summary of the PEIR)
- Outline Employment and Training Strategy
- . Druft Land Assembly Plans

The consultation runs from Wednesday 16 October 2019 to Monday 16 Decembe 2019 and during this period you can view and download the consultation document via LLAL's project website at www.futureluton.llal.org.uk. Hand copies of th documents will also be available to inspect free of charge at the locations and time Hard copies of th listed in the table below. The SoCC will be available to view on the project websit and at the document inspection venues from Wednesday 9 October 2019.

The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per bousehold or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futureluton@Hall.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday between 0900 and 1700.

Comments on the proposals can be made in the following ways-

- · Online: complete or download the Feedback Form at the project website www.futureluton.llul.org.uk
- · At the Consultation Events: Foodback Forms can be completed and left at
- · By email or post: completed Feedback Forms, and any other comments, can be emailed to futurelation@lial.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL.

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY 16 DECEMBER 2019.

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested.

LUTON HALF MARATHON & 10k

THE BOROUGH OF LUTON (HALF MARATHON AND 10k) (TEMPORARY ROAD CLOSURES) ORDER 2019

NOTICE is hereby given that Luton Borough Council, the Highway Authority for the said Borough, on 7th October 2019 made the above Order under the relevant provisions of the Road Traffic Regulation Act 1984 (as amended).

The Order will come into operation at 8am on 27th October 2019 and cease operation at 2pm on 27th October 2019 or when the half marathon and 10k has finished. The Order will therefore be in operation during such time and to such extent as indicated by traffic signs, marshals, barriers or cones. The roads will be opened as soon as runners have passed by and it is safe to do so.

The effect of the Order will allow the Council to temporarily close to vehicular traffic the event roads including roads adjoining the event roads listed in the Schedule below. The Order is intended to create a safe window for the staging of the half marathon and 10k.

Access will be maintained as best as possible to properties where this may be done safely.

A copy of this notice and a map showing the route of the half marathon and 10k may be inspected at the Town Hall, Luton. Please telephone Highway Services on 01582 547168 to arrange for an appointment to view. Routes and further information regarding the event may be found at www.loveluton.org.uk/halfmarathon.ort.elephone.01582.546265.

Campaign aims to save shop

Petition has hundreds of signatures

By Jo Gravett

joanna gravett@jpimedia.co.uk 07803 506183

Customers are rallying round to save Martin's newsagents and Post Office, thanks to a determined Dunstable street trader who has started a petition.

Harvey Blake, who runs a menswear stall, created the campaign last Monday after hearing that the Ashton Square shop, which is run by McColl's, was planning to close early next year.

Upset at the thought of another shop going, Mr Blake handed the petition to staff at the newsagents and post office, and it has already attracted around 300 signatures

from customers.

Mr Blake claimed: "Another shop closing is not good for the town. It's struggling any-

"What about the staff who will be made redundant? And what about the elderly? It's not

going to help.
"Why should people lose
their jobs for all the service they have given to the com-

"The elderly rely on the shop, as they can't walk very

far.
"It will also be a devastating blow to the street traders in the area.

McColl's has the franchise for its Dunstable Post Office and also employs the staff who A source alleged that five or six jobs would be lost at Martin's newsagents and Post Office, claiming the closure was due to high rent and rates.

There is another Post Office at Queensway, near Asda, but Mr Blake claimed that this is too far for residents towalk, and could make them a vulnerable target of crime if they have to travel a longer distance by themselves.

He said: "Going down towards Asda is so dangerous, going over that main road.

"There is a crossing but it's too long for the elderly; they can't walk fast. Lotsofpeople have been hit there.

"There's a crossing at the

PUBLIC NOTICES

LONDON LUTON AIRPORT LIMITED

SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Laton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LUZ 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in ance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing narway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

smodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment development ("ElA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include-

- + the SoCC
- Guide to Statutory Consultation
- · Foodback Form
- · Scheme Development and
- · Information booklet
- Construction Report · Surface Access Strategy Report
- . Outline Need Case
- · Explanatory Note on Airspace
- Compensation Proposals
- · PEIR (including non-technical summary of the PEIR)
- · Outline Employment and Training Strategy
- . Draft Land Assembly Plans

The consultation runs from Wednesday 16 October 2019 to Monday 16 December 2019 and during this period you can view and download the consultation documents via LLAL's project website at www.fubareluton.llal.org.uk. The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llai.org.uk., and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per household or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing flatarelation@lflat.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday between 0900 and 1700.

Comments on the proposals can be made in the following ways-

- · Online: complete or download the Fordback Form at the project website www.futureluton.llal.org.uk
- · At the Consultation Events: Feedback Forms can be completed and left at the Event
- . By email or post: completed Feedback Forms, and any other comments, can be emailed to futurelation (illaLorg.uk or returned by post (so stamp required) to FREEPOST FUTURE LUTON LLAL.

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY 16 DECEMBER 2019.

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Impectorate if required to do so, or to the Civil Aviation Authority if requested. How to contact us:

If you have any questions about this consultation please contact the project team by:

- · Email: futureluton@llal.org.uk
- Post: write to us (no stamp required) at FREEPOST FUTURE LUTON LLAL.
- Telephone: 01582 548782 Monday to Friday 0900-1700

THE TOWN AND COUNTRY PLANNING (GENERAL PERMITTED DEVELOPMENT) (ENGLAND) ORDER 2015 (AS AMENDED) **DIRECTION MADE UNDER ARTICLE 4(1)**

CONFIRMATION NOTICE

Notice is hereby given that Luton Borough Council confirmed the above-mentioned direction on 9 October 2019, which will come into force on 1 March 2020.

The direction applies to the following locations within Luton, Bedfordshire:

- 1. Land at Kingsway (including Portland Road, Laporte Way and Kingsway Industrial Estate)
- 2. Land to the north-west of Osborne Road
- 3. Land at the junction of Putteridge Road and Hitchin Road
- Premier Business Park, Dencora Way
- 5. Luton town centre and surrounds (including areas of Bury Park, High Town, Rothesay, New Town and Park Town)
- 6. Land at Percival Way and President Way (including side roads)
- 7. Land to the north of the junction between Wigmore Lane and Eaton Green Road

as shown edged red on the plans attached to the direction.

The direction removes the following permitted development rights:

"Development consisting of a change of use of a building and any land within its curtilage from a use falling within Class B1(a) (offices) of the Schedule to the Town and Country Planning (Use Classes) Order 1987 (as amended), to a use falling within Class C3 (dwellinghouses) of that Schedule*

Consequently, as from 1 March 2020, conversion from office to residential use as set out above shall not be carried out within these areas unless planning permission is granted by the Council.

A copy of the confirmed direction and plans showing the areas concerned may be viewed on line at www.luton.gov.uk/Article4. They can also inspected free of charge during normal office hours at the town hall, Luton, LU1 2BQ (notice boards on the ground floor, to the left of the lift).

If you have any queries, please contact the Local Plans team at the address above or via email to LocalPlan@tuton.gov.uk.

THE CENTRAL BEDFORDSHIRE (51 KIRBY ROAD DUNSTABLE LU6 3JH) COMPULSORY **PURCHASE ORDER 2019**

COMPULSORY PURCHASE OF LAND AND NEW RIGHTS IN DUNSTABLE. BEDFORDSHIRE

Under Section 17 Housing Act 1985 and the Acquisition of Land Act 1981 and Section 13 Local Government (Miscellane Act 1976

. THE BOROUGH OF LUTON (TEMPORARY TRAFFIC ORDER) (FOOTPATH CLOSURES) (DART) 2019

NOTICE is hereby given that Luton Borough Council, the Highway Authority for the said Borough, intends not less than 7 days from this Notice to make an Order under the relevant provisions of the Road Traffic Regulation Act 1984 the effect of which will be to prohibit any person proceeding on foot or cycle on the footpaths specified below.

The Order is expected to come into operation on 1º November 2019 for 6 months or when the proposed works have been completed. whichever is the earlier. If the works are not completed within 6 months the Order may be extended for a longer period with the consent of the Secretary of State for Transport.

The effect of the Order will allow the Council to dose to pedestrians the footpaths on:

- northbound side of New Airport Way from the bridge over the train line up to Kimpton
- southbound side of New Airport Way length that crosses the bridge over the railway line up to the Holiday Inn Express roundabout.

The temporary closures are required to facilitate the construction of the Direct Air to Rail Transit (DART) link from Luton Airport Parkway to London Luton Airport terminals. The Order will be in operation when signs are displayed and is intended to create a window for works associated with the Direct Air to Rail Transit (DART) link to be carried out. Details of dosures and diversions can be found at http://www.luton.gov.uk/roadworks.

TRUSTED NEWS SINCE 1865

Magical father and son ready for Blackpool final!

Having a ball for Keech

MP seeks answers on academy 'disruption'

by Stewart Carr & Euan Duncan

editorial@lutonnews.co.uk

South West Beds MP Andrew Selous has voiced concern over reported disruption to lessons at a troubled secondary school in Houghton Regis.

Last month Greenwood Academies Trust announced it had sought permission from the Department for Education to shut down Houghton Regis Academy.

The school was said to be undersubscribed with falling pupil numbers due to slow progress in the housing expansion of the town, as well

as a financial deficit of £1.1m. Mr Selous says he has spo-

ken to Greenwood Academies

Trust chief executive officer

Wayne Norrie at length about the future of the secondary

Mr Selous said: "I am very concerned by reports I have had from parents about lessons being disrupted and children not being able to learn.

Wayne Norrie has told me that he will be visiting the school again himself next week and will report back to me on what action the headteacher, deputy head and the senior leadership team are taking to make sure that no lessons are disrupted and that children are able to learn well in lessons.

"I understand that specialist subject teachers are being provided to the school through the Redborne Teaching School Alliance and Greenwood Academies Trust is

making a further IT investment in the school to benefit the children's learning.

"I will continue to keep a very close eye on the quality of education throughout the period up to the creation of the new secondary school in Houghton Regis which was unanimously approved for funding by Central Bedfordshire Council on Tuesday evening and is excellent news.

"I am also working to try to make sure that there is a seamless transition from the closure of Houghton Regis Academy to the new secondary school."

Moves are underway to secure backers for the new 1,500-place secondary school

Shop punished for illegal tobacco

A Dunstable shop owner has been convicted and fined for selling illegal tobacco products.

In a case brought by Central Bedfordshire Council Trading Standards officers Dunstable Mini Market owner Ali Abdullah appeared at Luton Magistrates'

Court and received £2,190 in fines and

penalties. It followed a complaint received from a member of the public about the sale of foreign labelled cigarettes at Dunstable Mini Market.

Announcements - Public Notices

LONDON LUTON AIRPORT LIMITED **SECTIONS 42, 47 AND 48 OF THE PLANNING** ACT 2008 ("THE 2008 ACT")

REGULATION 4. INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS **AND PROCEDURE) REGULATIONS 2009** ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- the SoCC
- Guide to Statutory Consultation document
- Information booklet Feedback Form
- · Scheme Development and Construction Report
- Surface Access Strategy
- Outline Need Case • Explanatory Note on
- Airspace
- Compensation Proposals
- PEIR (including non-technical summary of the PEIR)
 Outline Employment and Training Strategy

 PEIR (including non-technical summary of the PEIR)

 Training Strategy
- Draft Land Assembly Plans

The consultation runs from Wednesday 16 October 2019 to Monda ne consultation runs from Wednesday 16 October 2019 to Monday 16 December 2019 and during this period you can view and download the consultation documents via LLAL's project website at www.futureluton.llal.org.uk. Hard copies of the documents will also be available to inspect free of charge at the locations and times listed in the table below. The SoCC will be available to view on the project website and at the document inspection venues from Wednesday 9 October 2019.

Car park to be transformed into public square with street food stalls

Murderer targeted 'vulnerable' shopkeeper

By Nathan Louis

A BURGLAR has been found guilty of killing a shopkeeper in his own shop during a "one-man crimewave'

Alex Gunn, 31, was caught on CCTV fatally stabbing 64-year-old Ravi Katharkamar at Marsh Food and Wine in Pinner, early on March 24, shortly after the trader

had opened up.
Gunn could be seen on camera
holding a knife to Mr Katharkamar's throat and grappling with him before stabbing him in the

A jogger discovered the victim collapsed and alerted emergency services, who pronounced him dead at the scene.

The shopkeeper, who lived in

Watford, had suffered two knife wounds, one of which fractured a rib and punctured his lung and

The masked assailant made off with the till and drove away in a stolen black Vauxhall Astra.

The Old Bailey heard that Gunn had visited Marsh Food and Wine twice in the stolen car before the fatal robbery, including one visit a week earlier, almost to the minute.

He was driving the Astra when he was arrested five days later, having changed the number plates to evade detection, jurors were

Prosecutor Bill Emlyn Jones QC said Gunn was "sufficiently savvy" to cover himself with a balaclava and gloves during the attack on Mr Katharkamar, but his build, movements and other CCTV footage gave him away.

Describing Gunn as a "one-man crimewave", he told jurors he was also responsible for a string of

his drug habit.

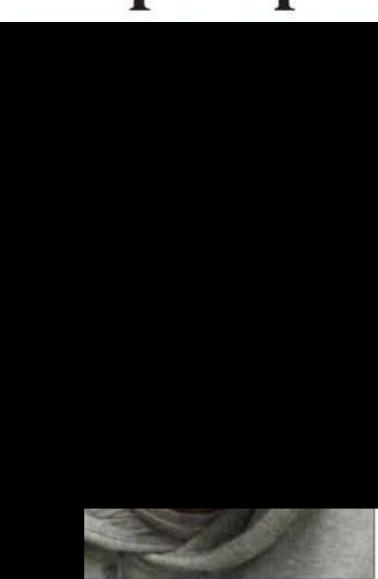

Gunn, of Pinner Grove, ner, denied being responsible the killing but the jury found l guilty of murder, robbery, i burglaries, three thefts, and counts of possession of a bla article.

He was remanded into cust to be sentenced on Friday.

Devi Kharran, senior cro prosecutor within the CPS Lone homicide team, said: "This wa pattern of offending that escala in March 2019 which tragically sulted in the death of an innoc family man.

'Gunn targeted Mr Katl kamar, who was alone and vuli able inside his shop. The mur was caught on CCTV, and althou Gunn used every effort to conc his identity, the police were abluse reports of local burglaries: CCTV footage to piece together movements and eventually tr and arrest him.

This case has had a real imp on the local community - part larly those who knew Ravi Katl kamar and were regular cust ers to his shop. I hope toda

Announcements - Public Notices

LONDON LUTON AIRPORT LIMITED **SECTIONS 42, 47 AND 48 OF THE PLANNING** ACT 2008 ("THE 2008 ACT")

REGULATION 4. INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS **AND PROCEDURE) REGULATIONS 2009** ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Cinema developer has grand designs

By Adam Shaw

THE man behind the redevelopment of a Bollywood cinema believes it will help restore a sense of community.

Cinema group ArtHouse wants to revive the Safari Cinema site, in Station Road, Harrow.

A planning application has been submitted to Harrow Council to build 78 flats in a block up to 11 storeys high, retaining a cinema.

The developer also plans to restore the building's 1936 art deco facade, which has been covered by metal cladding for decades.

Sam Neophytou, who founded ArtHouse cinema in Crouch End, believes the project is the perfect opportunity to breathe new life into Harrow town centre.

'We've convinced the developer that it would be a brilliant fit," he

There's this sense that the high street is dying and it's important to have places that everyone can go to.

"And there's a desperate need to invest in our creative industries particularly in London.

We want to encourage people to start making things and putting them out there

This will include a series of workshops for budding filmmakers. Sam believes this is at the heart of ArtHouse, giving people a chance to tell their stories.

The cinema will house four screens, each one accommodating around 100 people

As well as offering mainstream

A computer generated image of how the redeveloped cinema might look

pictures, he plans to show inde-pendent films and National Theatre productions.

Things are changing in cinema the things coming out are more about humanity and the struggles people have," Sam said.

"It's not as if people don't want

to hear these minority stories. They are some of our most popular screenings and have won loads of awards,"

The concept of affordability is a criticism that is often levelled at cinemas, but Sam sees the cost of around £10 during peak hours as

reasonable and pointed out that there are regular discounts for students and seniors.

"It's important to have somewhere that appeals to everyone, somewhere where they can go to, feel safe and comfortable and enjoy themselves," he said.

PUBLIC NOTICES

LONDON LUTON AIRPORT LIMITED

SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Laton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sats out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction the proposed IXO appacation would, amongst oner things, sumorise the construction and operation of a new second terminal and associated facilities, including new increal stands, apeon and taxiways, predominantly on the north side of the existing new inway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 12 million passengers per annum ("mppa"). The current permitted capacity of the aircraft is 18 mpress. of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

off-site junctions would also be required.

The proposed project is Environmental Impact Assessment development ("ElA development"), as defined by the Infinistructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation motorial.

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- · the SoCC
- · Guide to Statutory Consultation
- · Information booklet
- · Feedback Form
- · Scheme Development and Construction Report
- Surface Access Strategy Report
- · Outline Need Case
- · Explanatory Note on Airspace
- · Compensation Proposals
- PEIR (including non-technical summary of the PEIR)
- · Outline Employment and Training Strategy
- . Draft Land Assembly Plans

The comultation runs from Wednesday 16 October 2019 to Monday 16 December The commutation runs from wednesday to October 2019 to Stonday to December 2019 and during this period you can view and download the consultation documents via LLAL's project website at waw futurelation filal org.uk. Hard copies of the documents will also be available to inspect free of charge at the locations and times listed in the table below. The SoCC will be available to view on the project website and at the document inspection venues from Wednesday 9 October 2019.

The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per household or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futurelinougillal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday between 0900 and 1700.

Comments on the proposals can be made in the following ways-

- · Online: complete or download the Feedback Form at the project website www.futurelaton.llal.org.uk
- · At the Consultation Events: Feedback Forms can be completed and left at
- · By email or post: completed Feedback Forms, and any other comments, can be emailed to futurelator@llat.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY 16 DECEMBER 2019.

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's nnected companies, agents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested. How to contact us:

If you have any questions about this consultation please contact the project team by:

- · Email: futureluton@fillal.org.uk
- Post: write to us (no stamp required) at FREEPOST FUTURE LUTON LLAI.

CONMAN FAKED TICKET TO CLAIM £2.5 MILLION JACKPOT

Lottery fraudster jailed for nine years

By Harry Cheesewright Reporter herry.cheesewright.gipimeda.co.uk

A conman from Kings Langley has been jailed after cashing in a fake Lottery ticket to claim a £2.5 million jackpot.

Edward Putman, 54, from Station Road, conspired with a Camelot insider to cheat the system and present a counterfeit slip to claim the outstanding top prize in 2009.

The builder hatched the plot with friend Giles Knibbs - who then worked in the securities department at the Lottery operator - with the pair submitting a deliberately damaged forgery just before the 180-day limit to stake claims expired.

But the fraud unravelled after Mr Knibbs confessed to friends that he had "conned" the Lottery before taking his own life after an angry row about how the winnings were divided.

Putman appeared at St Al-

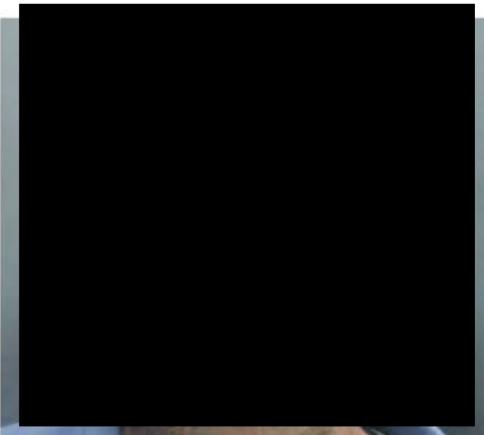

bans Crown Courtafter being found guilty of fraud by false representation and was sentenced to nine years in prison.

Detective chief inspector Sam Khanna, from Hertfordshire Constabulary's Serious Fraud and Cyber Unit, said: "This has been a very complex investigation, which only came to light after new information was received in 2015.

"Until that point the claim was assessed to be valid. The original ticket that was submitted was badly damaged but the defendant was able to provide sufficient information around the purchase of the ticket to enable the prize to be paid.

"In 2015 new information was received that the ticket had been faked and at this stage it was reported to Hertfordshire Constabulary. The investigation was long and complicated and opportunities to obtain evidence were minimal.

"The case hinged upon whether the ticket was genuine or not."

Edward Putman, aged 54, has been jailed for nine years after trying to cheat Camelot out of £2.5 million

PUBLIC NOTICES

PUBLIC NOTICES

LONDON LUTON AIRPORT LIMITED

SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Laton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LUZ 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in nce with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing narway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

modate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment development ("ElA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include-

- + the SoCC
- · Guide to Statutory Consultation
- · Foodback Form
- Construction Report
- . Outline Need Case
- · Information booklet
- · Scheme Development and
- · Surface Access Strategy Report
- · Explanatory Note on Airspace
- Compensation Proposals
- · PEIR (including non-technical summary of the PEIR)
- · Outline Employment and Training Strategy
- . Draft Land Assembly Plans

The consultation runs from Wednesday 16 October 2019 to Monday 16 December 2019 and during this period you can view and download the consultation documents via LLAL's project website at www.futureluton.llal.org.uk. Hard copies of documents will also be available to inspect free of charge at the locations and tir Hard copies of the listed in the table below. The SoCC will be available to view on the project website and at the document inspection venues from Wednesday 9 October 2019.

The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per household or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futureluton@llal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday between 0900 and 1700.

Comments on the proposals can be made in the following ways-

- Online: complete or download the Feedback Form at the project website www.futureluton.llal.org.uk
- At the Consultation Events: Feedback Forms can be completed and left at the Event
- By email or post: completed Feedback Forms, and any other comments, can be emailed to futureluton@flal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL.

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY 16 DECEMBER 2019.

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested.

If you have any questions about this consultation please contact the project team by:

- Email: futureluton@flal.org.uk
- Post: write to us (no stamp required) at FREEPOST FUTURE LUTON LLAI.
- Telephone: 01582 548782 Monday to Friday 0900–1700

GO-AHEAD FOR JUDICIAL REVIEW HEARING

Judge backs New Hospital Campaign's legal battle

BY BEN RAZA Content Editor ben razagipimedia.co.uk

The battle to have a brand new ilt in West Hertas reached a major

Hospital Campaign granted permission Court judge for a juw. This means that there is a case to answer by local health bosses.

The challenge surrounds the calls for a new hospital to be built on greenbelt land and the decision by health

bosses to instead refurbish the existing hospitals at Watford, Hemel Hempstead and St Albans, with the bulk of the investment at Watford Gener-

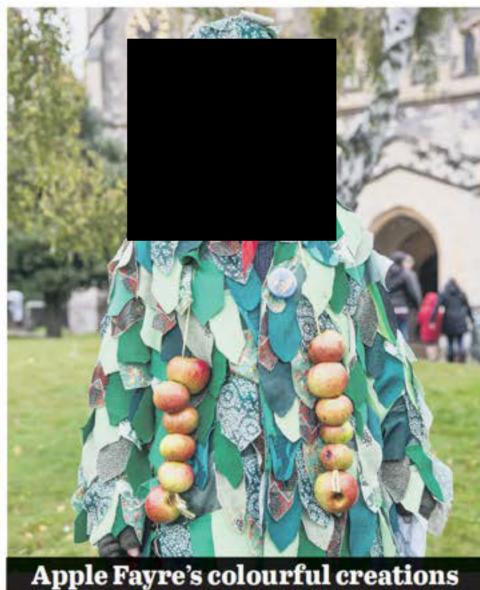

It is not a challenge to the conclusion by health bosses, but the way in which a decision has been made and the procedures followed.

Now they need to raise cash to support the legal fight.

Spokesperson Edie Glat-ter said: "We are appealing to local residents, businesses and other organisations to support the campaign to help fund the legal case.

PUBLIC NOTICES

PUBLIC NOTICES

LONDON LUTON AIRPORT LIMITED

SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Laton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LUZ 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in nce with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing narway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

modate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment development ("ElA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include-

- + the SoCC
- Guide to Statutory Consultation
- · Information booklet
- · Foodback Form
- · Scheme Development and Construction Report Surface Access Strategy Report

- · Explanatory Note on Airspace

'Come on guys, let's do this!' Joe Dempsie-aka Gendry from Game of Thrones-has been named as the first-ever ambas-

sador for the homeless charity DENS. Joe – who starred in the show from the first season through to the last – has also signed up to take part next month's 'sleepout' to raise funds for DENS and raise awareness of the issues of people facing homelessness, poverty and social inclusion. "For one night only, on November 15, let's swap our cosy beds and put ourselves in the shoes of those who have to face sleeping rough every night," he said. The sleepout will take place at The Hemel Hempstead School, sponsored by Imagine Estate Agents.

medal now replaced

A former matron whose British Empire Medal was stolen by heartless burglars has been given a new one, thanks to the combined efforts of local police officers and Hemel MP Sir Mike Penning.

PUBLIC NOTICES

Date and Time	Area	Consultation Event Venue
Monday 18 November 1400–2000	Markyate, Herts	Markyate Village Hall, 39 Cavendish Road, Markyate AL3 8PS
Tuesday 19 November 1400–2000	Luton	Stockwood Discovery Centre, London Road, Luton LU1 4LX
Thursday 21 November 1600-2000	Nash Mills, Herts	Nash Mills Village Hall, Lower Road, Nash Mills HP3 SRT
Saturday 23 November 1100–1500	Watford	Holywell Community Centre, Chaffirch Lane, Watford WD18 9QD
Monday 25 November 1400-2000	Breachwood Green, Herts	Breachwood Green Village Hall, Chapel Road, Breachwood Green, Hitchin, SG4 8NX
Tuesday 26 November 1600–2000	Letchworth	The Broadway Hotel, Broadway, Letchworth SG6 3NZ
Wednesday 27 November 1400–2000	Redboum	Redbourn Village Hall, 63 High Street, Redbourn AL3 7LW
Thursday 28 November 1600–2000	Luton	Ramridge Primary School, Tumers Road North, Luton LU2 9AH
Friday 29 November 1400–2000	St Albuns	Jubilee Centre, Catherine Street, St Albans AL3 5BU
Saturday 30 November 1100–1500	Royston, Herts	Market Hill Rooms, Fish Hill, Royston SG8 9JL
Monday 2 December 1600-2000	Luton	Marsh Farm Futures, The Moukes, Luton LU3 3QB
Tuesday 3 December 1600–2000	Dunstable	Dunstable Conference Centre, 51 High Street North, Dunstable LU6 IJF
Wednesday 4 December 1400–2000	Tring	Nora Grace Hall, Favenham Close, Tring HP23 5BA
Thursday 5 December 1600–2000	Stevenage	Arts and Leisure Centre, Lytton Way, Stevenage SGI 1LZ
Friday 6 December 1600–2000	Eaton Bmy, Beds	Eaton Bray Village Hall, Church Luse, Eaton Bray LU6 2DJ
Saturday 7 December 1100–1500	Slip End, Beds	Slip End Village Hall, The Cross Roads, Markyute Road, Slip End, Luton LU1 4BJ

The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per bousehold or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futureluton@llal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday between 0900 and 1700.

Comments on the proposals can be made in the following ways—

- Online: complete or download the Feedback Form at the project website www.futureluton.llal.ore.uk
- At the Consultation Events: Feedback Forms can be completed and left at the Event
- By email or post: completed Feedback Forms, and any other comments, can be emailed to futureluton@flal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTION LLAL

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and hundled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL's connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested.

If you have any questions about this consultation please contact the project team by:

THE BOROUGH OF LUTON (VARIOUS ROADS) (TEMPORARY ROAD CLOSURES) (FIREWORK DISPLAYS) ORDER 2019

NOTICE is hereby given that Luton Borough Council, the Highway Authority for the said Borough, intends to make the above Order under the relevant provisions of the Road Traffic Regulation Act 1984 (as amended).

FIREWORK DISPLAY POPES MEADOW

The Order will come into operation on Saturday 2nd November 2019 at 4pm, and will cease to be in operation after 10pm on Saturday 2nd November 2019 or when the proposed fireworks display event has finished, whichever is earlier. The Order will therefore be in operation when signs are displayed. The effect of the Order will allow the Council to close to vehicular traffic various lengths of the following roads Alwyn. Close, Bowling Green Lane, Earls Meade, Greenside Park, Havelock Road, Havelock Rise, Knights Field, Old Bedford Road, The Trowbridge Gardens, Warden Crescent and Wensleydale. Diversion via Stockingstone Road, New Bedford Road and Cromwell Hill. Parking bays on Old Bedford Road will be suspended and a no left turn ban from Frederick Street into Havelock Road will be in place for the duration of the Order

FIREWORK DISPLAY MARSH FARM

The Order will come into operation at 4pm on Tuesday 5th November 2019, and will cease to be in operation after 10pm on Tuesday 5th November 2019 or when the proposed fireworks display event has finished, whichever is earlier. The Order will therefore be in operation when signs are displayed. The effect of the Order will allow the Council to close to vehicular traffic various lengths of the following roads Denham Close, Morris Close, Northwell Drive and Wexham Close. Diversion via Stockholm Way, Wauluds Bank Drive and The Moakes. Parking bays on Northwell Drive will be suspended for the duration of the Order.

The Order is intended to create a window for the firework display events to take place and it is anticipated that the events will take place within the dates and times described as above. The purpose of the Order is to enhance the safety of the public attending Luton events. Access will be maintained as best as possible to properties where this may be done safety and diversions for traffic will be marked by signs. Details of road closures and diversions can be found at http://www.luton.gov.uk/toadworks

THE BOROUGH OF LUTON (NEW AIRPORT WAY) (DART) (TEMPORARY ROAD CLOSURE)

NOTICE is hereby given that Luton Borough Council, the Highway Authority for the said Borough, on 7th October 2019 made the above Order under the relevant provisions of the Road Traffic Regulation Act 1984 (as amended).

The Order will come into operation on 1**
November 2019 and cease to be in operation after 27** January 2020 or when the proposed works have been completed, whichever is the earlier. Specific times and dates will be signed locally. The Order will therefore be in operation when signs are displayed.

The effect of the Order will allow the Council to close to vehicular traffic New Airport Way from its junction with Airport Way (both carriageways) to its junction with B653 (both carriageways). Diversion via Airport Way, Kimpton Road, Windmill Road, Gipsy Lane.

The Order is intended to create a window for the works to be done and it is anticipated that the works will be completed over a period within the dates described as above. The purpose of the Order is to enable the moving and installation of the Gateway Bridge associated with the Direct Air-Rail Transit scheme.

Access will be maintained as best as possible to properties where this may be done safely whilst such works are being carried out and diversions for traffic will be marked by signs.

ADLY NO PASSION PEOPLE POWER

BY EUAN DUNCAN ecan.duncangip 07393 754749 nedia couk

The legacy of Luton Borough Council's poorly attended People Power Passion events has been questioned amid claims the money could have been better spent.

A one-off cost of £450,000 was invested in staging several events for 'People, Power, Passion'throughout 2019, as part of Luton's pilot year of culture.

The initiative was designed to commemorate 100 years since the Peace Day riots - when the town hall was burnt down - by showcasing local artists and performers reflecting Luton's fascinating history of people power. The £450,000 is on top of

the £235,000 currently spent on six annual popular events in the town, including St Patrick's Day and St George's Day celebrations, Luton International Carnival, Luton Mela,

the town's fireworks display and Lighting up Luton for Christmas.

These six annual events are funded through London Luton Airport contributions, and will include a Windrush event from next year.

Of the £450,000 spent on People Power Passion, £350,000 came from Luton Borough Council, £80,000 from Arts Council England and£20,000 from the People's Postcode Trust.

"I think that money could be better spent," Liberal Democrat Wigmore councillor PeterChapman told the council's overview and scrutiny board.

"We've now got someone employed to assess how successful the event was," he said.

"It happens to be that person is the one who put the event on, so I can guess what they'regoing to come up with."

That person, the council's cultural enabler Michaela Nutt replied: "I directed and delivered the programme.

"We commissioned a national outside agency to evaluate it. The consultancy fees were £15,000. Their work will continue for many more months.

"Theywill be working with our skills development programme and looking at audiences, and really looking at what we can learn in terms of our low audience numbers, which have definitely been disappointing this year.* Councillor Chapman add-

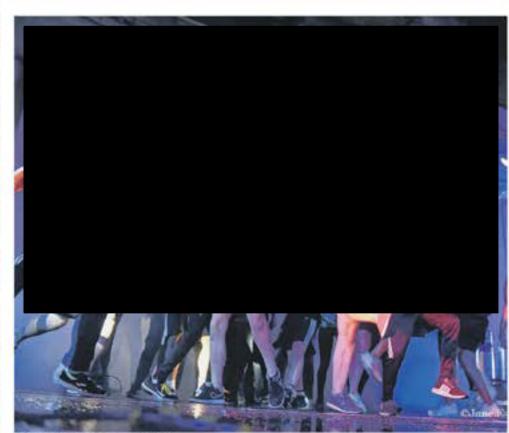

ed: "That's the thing we need to take on board. My view is no way did that £450,000 have the impact that your £235,000

"As an efficiency of spending money to get people involved, I think we've got something to learn from it.

'I would rather you add an extra £100,000 for the next four years and do something lessambitious short-term, but more ambitious long-term."

Cultural enabler Ms Nutt responded: "It's the only place I have worked in the world which has such a socially

The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per household or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futureluton@llal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday between 0900 and 1700.

Comments on the proposals can be made in the following ways-

- Online: complete or download the Feedback Form at the project website www.futurelaton.llal.org.uk
- At the Consultation Events: Feedback Forms can be completed and left at the Event
- By email or post: completed Feedback Forms, and any other comments, can be emailed to futureluton@llal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAI.

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY 16 DECEMBER 2019.

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of Stote or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested. How to contact us:

If you have any questions about this consultation please contact the project team by:

- · Email: futureluton@flal.org.uk
- Post: write to us (no stamp required) at FREEPOST FUTURE LUTON LLAL
- Telephone: 01582 548782 Monday to Friday 0900–1700
- 8 October 2019

ANTI-KNIFE CRIME MUM WINS AWARD

BY STEWART CARR stewart.campigimedia.co.uk 07860 531504

A mother whose son was brutally killed in a gang knife attack in Luton won the top prize at an emotion-filled awards night in the town.

Roseann Taylor turned her unimaginable grief, after the incident which took her son Azaan Kaleem's life in March 2018, into action by turning her energy into combating knife crime.

Roseann, who has spoken out at a national and local level, received the Winner of Winners Award, and Parent in a Million Award in recognition ofher bravery at the Tenth Annual Community Awards.

Event host Sufian Sadiq spoke for the audience of 600 people at Venue Central, in Leagrave Road, on Friday, when he said: "Roseann is the most impressive person I have ever met.

"There is nothing more

powerful than hearing from a mother who has lost a son through knife crime."

Roseann was given a standingovation by the crowd which included Lord Lieutenant Helen Nellis, the town's two MPs, and new Bedfordshire Police Chief Constable, Garry Forsyth.

The awards created by Mostaque Koyes, director of Community Interest Luton, a decade ago are headline sponsored by Pictons Solicitors.

They are the public face of an organisation that is changing lives in Luton.

The LETS Hub has helped more than 150 people into employment; the Curry Kitchen has served 22,800 hot meals in 228 weeks.

The awards themselves have seen more than £350,000 handed over to various charities.

This year's charity is the Luton and Dunstable Hospital Charitable Fund Helipad appeal, and they received not only a cheque for £15,000 from the awards, but also had it topped up by another £5,000 from the faith-based Human Appeal.

The full list of winners this year is:

> Concern/Improving Lives Award (sponsored by Muslim Aid) - Sam Willis

> Young Hero (sponsored by Luton Sixth Form College) - Kelsey Hughes-Francis

>Charity of the Year (sponsored by Pictons) - Kids in Ac-

> Service with a Smile (sponsored by Basepoint & Bedfordshire Police) - Donna

> Role Model of the Year (sponsored by VolkerFitzpatrick-Kier) - Adeel Bashir

> Community Business of the Year (sponsored by Bedfordshire Chamber of Commerce)-Irmak BBQ Dunstable

> Community Project of the Year (sponsored by Safer Luton Partnership & London

LONDON LUTON AIRPORT LIMITED SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Airport ("LTN"), located to the south-east of Luton.
Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).
Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would

capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- · the SoCC
- Guide to Statutory Consultation document Information booklet
- Feedback Form
- Scheme Development and Construction Report
- Surface Access Strategy Report
- Outline Need Case
- Explanatory Note on Airspace Compensation Proposals
- PEIR (including non-technical summary of the PEIR)
 Outline Employment and
- Training Strategy
- Draft Land Assembly Plans

REPORT

• Draft Land Assembly Plans
The consultation runs from Wednesday 16 October 2019 to Monday
16 December 2019 and during this period you can view and download
the consultation documents via LLAL's project website at
www.futureluton.llal.org.uk. Hard copies of the documents will also
be available to inspect free of charge at the locations and times listed
in the table below. The SoCC will be available to view on the project
website and at the document inspection venues from Wednesday
9 October 2019.

			made available free of charge on reluton.llal.org.uk, and on USB

LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per household or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futureluton@llal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday between 0900 and 1700.

Comments on the proposals can be made in the following ways—

Online: complete or download the Feedback form at the project

- Online: complete or download the Feedback Form at the project website www.futureluton.llal.org.uk
 At the Consultation Events: Feedback Forms can be completed and left at the Event
- By email or post: completed Feedback Forms, and any other comments, can be emailed to future luton@llal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY 16 DECEMBER 2019.

Responses should state the ground of representation, the nature of you nterest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested. NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would

capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

LONDON LUTON AIRPORT LIMITED SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

nmary of Proposed Works

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would

capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- · the SoCC
- Guide to Statutory
 Consultation document Information booklet
- Feedback Form
- Scheme Development and Construction Report
- Surface Access Strategy Report
- Outline Need Case
- Explanatory Note on Airspace
- Compensation Proposals
- PEIR (including non-technical summary of the PEIR)
 Outline Employment and
- Training Strategy
- Draft Land Assembly Plans

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Aimort Limited (*LLAL*) NOTICE IS PRESENT CIVEN that London Luttin Asport Limited ("LLAC") of Hat House Business Centre, Kimpton Road, Luton, LU2 OLA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2006 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

Summary of Proposed Works

The proposed DCD application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runsary at LTN. This would allow LTN to make best use of the existing single nurway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with gowing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major partirworks operation would

capacity or the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- · the SoCC
- Guide to Statutory Consultation document
- Information booklet Feedback form
- Scheme Development and
- Construction Report Surface Access Strategy
- . Outline Need Case
- . Explanatory Note on Airspace.
- Compensation Proposals PEIR (including non-technical summary of the PEIR)

The consultation documents will be made available free of charge on LAL's project website at www.futurelation.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per rousehold or organisation. Copies of the printed documents or USB memory stick can be obtained by enrailing futurelution@flal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 H8762 Monday to friday between 0900 and 1700.

Comments on the proposals can be made in the following ways—
Online: consolete or download the Feedback form at the present

- Online: complete or download the Feedback Form at the project website www.futureluton.llul.org.uk
- At the Consultation Events: Feedback Forms can be completed and left at the Event
- By enail or post: completed Feedback Forms, and any other comments, can be emailed to futureluton@flal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON BONDAY 16 DECEMBER 2019. responses should state the ground of representation, the nature of your sterest in the proposed project, indicate who is making it, and provide in address to which any correspondence relating to the representation

ray be sent.

Versonal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, gents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development onsent under the 2008 Act. This will allow LLAL to fully consider the consent under the 2008 Act. This will allow UAL to fully consider the responses and use them in the preparation of application materials. Jpon submission of LLAC's application for development consent under the 2008 Act or in connection with LLAC's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a reporter to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if equired to do so, or to the Civil Aviation Authority if requested.

low to contact us: you have any questions about this consultation please contact the oject team by:

- Email: futureluton@llal.org.uk
- Post: write to us (no stamp required) at FREEPOST FUTURE LUTON HAL
- Telephone: 01582 548782 Monday to Friday 0900-1700 October 2019

PM fails to give support to new hospital campaign

The Prime Minister has snubbed a campaign for a new west Herts hospital by backing plans to spend millions renovating Watford General.

During a tour of Watford on Monday, Boris Johnson announced his support for plans to maximise investment in the hospital, saying it would result in "world class facilities".

West Herts Hospitals Trust (WHHT) and Herts Valleys Clinical Commissioning Group (HVCCG) have been given a £350 million budget to spend on hospital services, the bulk of which would go towards Watford General, with some renovations at St Albans City and Hemel Hempstead.

But the New Hospital Campaign has long maintained that a new, central A&E hospital is the best ANNE SUSLAK

Anne Suslak@archant.comk

option for west Herts, and hired building consultant Robert Scott to prove that the trust's plans are not workable.

Campaigner Edie Glatter said:
"It seems the Prime Minister has
only listened to one side – he has
not had the chance to take note of
the massive opposition to the
Watford scheme.

"There needs to be fresh thinking, public consultation, and a new hospital on a central, accessible site. Surely the Prime Minister wouldn't want to condemn the people of west Herts to sub-standard, inaccessible hospital provision for generations to come, while at the same time approving the plans for Princess Alexandra Hospital in Harlow to use their funding to build a brand new state-of-the-art hospital?"

Fellow campaigner, Andy Love has written a letter to the PM arguing that the hosital's site in Vicarage Road, Watford is unsuitable for further development.

He said: "Watford General Hospital is in the back streets of Watford, right next door to a Premier League football ground and built on a very steep gradient.

"Not the best location to be undertaking a major redevelopment of an A&E hospital over the next five to 10 years."

WHHT recently received additional government funding to renovate buildings and improve mental health care at local hospitals over the next five years.

Prime Minister Boris Johnson speaks to medical staff during his visit to Watford General Hospital this week Picture: PETER SUMMERS/PA WIRE

LONDON LUTON AIRPORT LIMITED SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance, with a Statement of Community

community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works
The proposed DCO application would, amongst other things, authorise The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Inis means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- the SoCC
- Guide to Statutory Consultation document
- Information booklet Feedback Form
- · Scheme Development and Construction Report
- Surface Access Strategy
- Outline Need Case · Explanatory Note on
- Airspace

- Outline Employment and Training Strategy
- · Draft Land Assembly Plans

• Draft Land Assembly Plans
The consultation runs from Wednesday 16 October 2019 to Monday
16 December 2019 and during this period you can view and download
the consultation documents via LLAL's project website at
www.futureluton.llal.org.uk. Hard copies of the documents will also
be available to inspect free of charge at the locations and times listed
in the table below. The SoCC will be available to view on the project
website and at the document inspection venues from Wednesday
9 October 2019.

Airport consultation reaches final phase

ANNE SUSLAK

Anne Suslak@archant.couk

Time is running out for the district's residents to have their say on Luton Airport's expansion plans to accommodate more passengers.

Luton Borough Council's airport company London Luton Airport Ltd (LLAL) started its latest consultation yesterday, with a series of 34 consultation events taking place across the

The events will take place between October 25 and December 7, and members of the public will have the opportunity to look at the plans, speak with members of the project team and provide their views, before the consultation closes on December 16.

Following feedback received during the first consultation in summer 2018, LLAL is proposing sustainable, phased growth of the airport to 32 million passengers per annum (mppa)

This will involve providing a second terminal north of the runway and extensive new airfield infrastructure.

Also proposed are a third station and extension for the Luton DART fast transit from Luton Airport Parkway station to the new terminal, plus on and off-site highway improvements,

An Easyjet plane takes off from Luton Airport

LLAL is also proposing a new incremental funding package, which would provide up to an prosperity in the region. additional £14 million a year at

32 mppa for the local communities most impacted by airport operations.

They are not proposing any changes to the existing single runway, or any increase in the number of night flights currently permitted between 11.30pm and 6am.

Chief executive of Luton Borough Council Robin Porter

said the airport is a key driver for economic growth and

He said: "The proposed development would deliver enormous benefits, including an estimated 16,000 new jobs, with around a third of those directly employed at the

St Albans MP Anne Main opposes the expansion plan. describing the situation as "intolerable"

She said: "The judge and jury

arrangement between Luton Borough Council and the airport has meant that residents feel they have no voice and whatever they do doesn't make a difference.

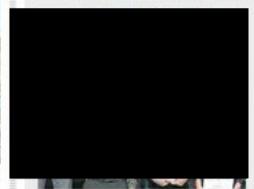

"Luton has quickly exceeded their previous passenger number estimates and they will no doubt do that again if this expansion is granted."

Full details on the consultation are available at www. futureluton.llal.org.uk

LONDON LUTON AIRPORT LIMITED SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community

community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works
The proposed DCO application would, amongst other things, authorise The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Body found in woodland could be murdered Jo

The family of a murdered student have been contacted after a body was found in woodland near Stevenage at the weekend.

Police were called by a member of the public at 7.43am on Saturday, who found what they believed to be a body in woodland off of Chadwell Road, in the Norton Green area just outside Stevenage.

Formal identification is likely to take place tomorrow, but Herts police are pursuing a line of inquiry that it could be the body of murdered University of Hertfordshire student Joy Morgan.

The 20-year-old - who had been studying midwifery at the Hatfield uni - was last seen alive at a church event in Ilford, East London, on Boxing Day 2018, and was reported missing by her

nick.gil@archant.couk

mother on February 7.

Two weeks later, on February 22. the Comet accompanied a group of police officers with sniffer dogs who scoured grassland and woodland in the Norton Green area in the search for Joy.

Despite the absence of a body, Shofah El-Israel - of Cricklewood, North London - was found guilty of Joy's murder and sentenced to a minimum of 17 years in prison on August 5 this year, when Judge Michael Soole referred to the 40-year-old's "cruel and cowardly silence about Joy Morgan's final resting place"

El-Israel had met Joy at the

Israel United in Christ Church in Ilford, where they were both worshippers.

Following the new line of inquiry, police have confirmed that Joy's family is being supported by specially-trained officers and have asked for their privacy to be respected at this difficult time.

A post-mortem took place on Tuesday in which it was established the body is a female, and police expect to be able to confirm the identity tomorrow.

Police are still seeking information online at herts.police. uk/report, at the communications room via their online web chat at herts.police.uk/contact, on the non-emergency number 101, and either with Crimestoppers anonymously on 0800 555 111 or crimestoppers-uk.org.

Police put up a cordon around an area of Norton Green woodland after a body was discovered at the weekend Picture: MATT MARGESSON

LONDON LUTON AIRPORT LIMITED SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works
The proposed DCO application would, amongst other things, authorise The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- the SoCC
- Guide to Statutory Consultation document
- Information booklet Feedback Form
- Scheme Development and Construction Report
- Surface Access Strategy
- Outline Need Case · Explanatory Note on
 - Airspace · Compensation Proposals
 - PEIR (including non-technical summary of the PEIR)
 - Outline Employment and Training Strategy
 - Draft Land Assembly Plans

• Draft Land Assembly Plans
The consultation runs from Wednesday 16 October 2019 to Monday
16 December 2019 and during this period you can view and download
the consultation documents via LLAL's project website at
www.futureluton.llal.org.uk. Hard copies of the documents will also
be available to inspect free of charge at the locations and times listed
in the table below. The SoCC will be available to view on the project
website and at the document inspection venues from Wednesday
9 October 2019.

Hockey club in tribute to Luke after training traged

GEORGIA BARROW georgia.barrow@archarst.co.uk

A memorial event for teenager Luke Hobson who sadly died following an accident during a training session at a Hitchin hockey club was held at the

Blueharts Hockey Club, together with Luke's family and friends, dedicated the new Lucas Lane astro turf pitch to Luke - who was a junior member - naming it the Luke Hobson Memorial Pitch.

After Saturday's dedication there was an exhibition match, where a lot of Luke's Blueharts teammates played.

As well as the opportunity to

come together to remember Luke, the event was focused on raising funds for the East Anglian Air Ambulance Charity (EAAA), which played an important role in getting Luke to hospital the night of the accident in March this year

Luke was taken to Addenbrooke's Hospital in a critical condition, where he died.

EAAA representatives were in attendance at the memorial event and supported various fundraising activities throughout the day, including a charity raffle and

The current total raised is just over £10,000, with more expected over the coming days.

Blueharts Hockey Club president Carol Lamey said: "On Saturday we welcomed Luke's family, friends, Blueharts

raffle and hockey matches in memory of Luke Hobson

members, the wider hockey community and also the East Anglian Air Ambulance, as we came together to remember our fellow young Bluehart.

"As a hockey club, it is our intention to always remember Luke and by dedicating the new pitch in Luke's name we will ensure his memory lives on within

Picture: SHANE FRANCE

our community. We would like to thank the businesses who supported us on Saturday, including those who generously donated items to the raffle and auction which raised almost £5,000. Our hockey family also made a significant contribution to our reaching a fundraising total of over £10,000, with opposition teams donating Saturday's match fees to the EAAA.

"As part of our Blueharts purpose, going forward we will adopt EAAA as our regular charity, with fundraising and donations being part of our annual activities

If you would like to support the ongoing work of the East Anglian Air Ambulance charity, text 'Luke' to 70085 to donate £5 - this will cost £5 plus standard rate message.

LONDON LUTON AIRPORT LIMITED SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance, with a Statement of Community.

community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works
The proposed DCO application would, amongst other things, authorise The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Inis means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- the SoCC
- Guide to Statutory Consultation document
- Information booklet Feedback Form
- · Scheme Development and Construction Report
- Surface Access Strategy
- Outline Need Case · Explanatory Note on
 - Airspace
 - Compensation Proposals PEIR (including non-technical summary of the PEIR)
 - Outline Employment and Training Strategy
 - · Draft Land Assembly Plans

The consultation runs from Wednesday 16 October 2019 to Monday 16 December 2019 and during this period you can view and download the consultation documents via LLAL's project website at www.futureluton.llal.org.uk. Hard copies of the documents will also be available to inspect free of charge at the locations and times listed in the table below. The SoCC will be available to view on the project website and at the document inspection venues from Wednesday 9 October 2019.

Doctor service is 'inadequate'

An out-of-hours doctor service operating from surgeries in Huntingdonshire has been branded "inadequate" by the Care Quality Commission and put in special measures.

Alconbury Weald-based West Cambs Federation Community Interest Company, which offers services from local surgeries, has been told to take action to put matters right by the watchdog.

The CQC rated services it offered from premises at the Acorn Surgery, Huntingdon, Cromwell Place Surgery, St Ives, and Buckden Surgery, as inadequate overall, together with a fourth premises in March.

All three, which are separate from the surgeries they are based at, were given individual inadequate ratings for safety of services, effectiveness of services and being well-led. They were all given "good" ratings over

JULIAN MAKEY news@huntspost.co.uk

whether services were caring and responsive to people's needs.

The federation, an independent provider, offers evening and weekend services to around 200,000 patients from 28 GP practices. It was founded in 2015 and started offering routine GP services from surgeries it uses, last September.

Dr Rosie Benneyworth, chief inspector of primary medical services, said in her CQC report: "I am placing this service in special measures. Services placed in special measures will be inspected again within six

"If insufficient improvements have been made such that there remains a rating of inadequate for any key question or overall,

we will take action in line with our enforcement procedures to begin the process of preventing the provider from operating the

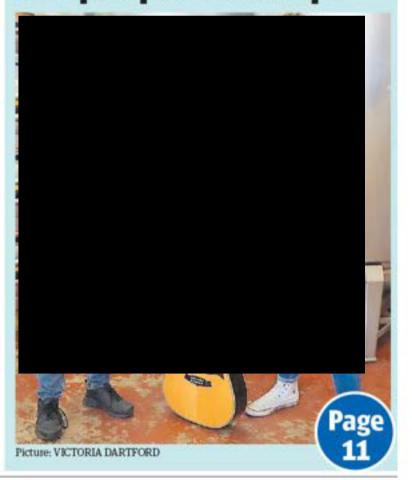

The CQC said there had been "multiple breaches" of the regulations and that the service had not ensured care and treatment was always provided in a safe way to patients and that patients were not adequately protected from avoidable harm and abuse.

It said the provider must make improvements to ensure patients received safe care, to establish effective governance systems, to ensure staff were suitably

A spokesman for the federation said they delivered the improved access service for evening and weekend, non-urgent clinical appointments from four hubs.

Sixth Form Open Evening

We would like to invite you to visit our Sixth Form, which is part of Hinchingbrooke School just outside of Huntingdon, and meet our wonderful staff and students.

The whole evening will take place in our sixth form centre, the beautiful grade 1 listed Hinchingbrooke House between 6pm and 8.15pm. There will be a main talk repeated at 6pm, 6.30pm, 7pm and 7.30pm, and a carousel of subject based talks. There will also be departmental stalls giving information on courses.

We welcome all students in the catchment area and surrounding areas seeking to progress to post-16 education. Come alone and find out first-hand what we have to offer

All information on our website: www.hinchingbrookeschool.net. Any enquiries please telephone 01480 375700 and ask for the Sixth Form. Wed October 30th

LONDON LUTON AIRPORT LIMITED SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local

community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake it consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2008 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment

The proposed project is Environmental Impact Assessmen development ("EIA development"), as defined by the Infrastructur Planning (Environmental Impact Assessment) Regulations 2017 This means that the proposed works constitute development for which This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- the SoCC
- Guide to Statutory Consultation document
- Information booklet Feedback Form
- Scheme Development and Construction Report
- Surface Access Strategy
- Outline Need Case · Explanatory Note on
- Airspace • Compensation Proposals
- PEIR (including non-technical summary of the PEIR)
 Outline Employment and
- Draft Land Assembly Plans

The consultation runs from Wednesday 16 October 2019 to Monday 16 December 2019 and during this period you can view and download the consultation documents via LLAL's project website at www.futureluton.llal.org.uk. Hard copies of the documents will also be available to inspect free of charge at the locations and times listed in the table below. The SoCC will be available to view on the project website and at the document inspection venues from Wednesday 9 October 2019.

The consultation documents will be made available free of charge or The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per household or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futureluton@llal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday between 0900 and 1700. 548782 Monday to Friday between 0900 and 1700.

Comments on the proposals can be made in the following ways—

Slip End, Beds

Slip End Village Hall, The Cross Roads, Markyate Road, Slip End, Luton LU1 4BJ

- Online: complete or download the Feedback Form at the project website www.futureluton.llal.org.uk
- At the Consultation Events: Feedback Forms can be completed and left at the Event
- By email or post: completed Feedback Forms, and any other comments, can be emailed to futureluton@llal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY 16 DECEMBER 2019.

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation

may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested. Murder investigation is launched after stabbing

Police have launched a murder investigation after a man was stabbed in St Neots.

A man in his 30s was arrested on suspicion of murder on Sunday and was taken to Colindale police station, in London, before being transferred to custody at Thorpe Wood police station, in Peterborough, while questioning continued.

Four people were also arrested on suspicion of assisting an offender on Sunday but have since been released.

A 68-year-old man and a 64-yearold woman from Eaton Socon were released under investigation while a man and a woman from London were released with no further action.

Emergency services were called at about 5.25pm on Sunday with reports that a man, aged in his 30s, had received serious injuries following an incident in Prince

KATIE RIDLEY

katteridley@archant.couk

Close, Eaton Socon.

Despite efforts from paramedics to save him, the man died at the scene and a murder investigation was launched.

Detective Chief Inspector Mike Branston, who is investigating, said the death was being treated as an isolated incident.

He said: "We will be continuing enquiries in and around the Eaton Socon area while our investigation into the death

Witnesses reported seeing six police cars alongside paramedics at around 6pm on Sunday with a police cordon in place in Prince

On Sunday, police were also seen at an address on Darrington Close, just under a mile away, in

connection with the incident.

A spokesman for the East of England Ambulance Service said: "We were called at 5.23pm on October 13 with reports that a man had been stabbed in Eaton

"We sent one ambulance, two ambulance officers and the Magpas Air Ambulance.

"Despite our best efforts, the man died at the scene."

A spokesman for the Magpas Air Ambulance said: 'The Magpas Air Ambulance advanced medical team were called to the incident, they landed via the Magpas Air Ambulance at 5.45pm.

Anyone with information regarding this incident should call police on 101 quoting incident 367 of October 13 or visit www. cambs.police.uk/report. Alternatively, contact Crimestoppers, anonymously, on 0800 555111 or via www. crimestoppers-uk.org.

Police at the scene of the incident in Eaton Socon

PUBLIC NOTICES

LONDON LUTON AIRPORT LIMITED SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton. Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing ranway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mpps"). The current permitted capacity of the airport is 18 mpps.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental minigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated provements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

off-site junctions would also be required.

The proposed project is Environmental Impact Assessment development ("ElA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Environmental Environ development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation

Details of the proposed application and copies of the consultation documents (which include plans and maps) include-

- · the SoCC
- Guide to Statutory Consultation
- Information booklet
- Feedback Form
- Scheme Development and Construction Report
- Surface Access Strategy Report
- · Outline Need Case
- · Explanatory Note on Airspace
- Compensation Proposals
- PEIR (including non-technical aummary of the PEIR)
- · Outline Employment and Training Strategy
- · Draft Land Assembly Plans

The consultation runs from Wednesday 16 October 2019 to Monday 16 December and during this period you can view and download the consultation docur via LLAL's project website at www.futureluton.llal.org.uk. Hard copies of the documents will also be available to impact free of charge at the locations and times listed in the table below. The SoCC will be available to view on the project website and at the document inspection venues from Wednesday 9 October 2019.

The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.ak, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per bousehold or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futurelation@llal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday

Comments on the proposals can be made in the following ways-

- Online: complete or download the Feedback Form at the project website www.futurelaton.llul.org.uk
- · At the Consultation Events: Feedback Forms can be completed and left at
- By email or post: completed Feedback Forms, and any other comments, can be emailed to futureluton@illal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL. in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested.

If you have any questions about this consultation please contact the project team by:

- · Email: futureluton@flal.org.uk
- Post: write to us (no stamp required) at FREEPOST FUTURE LUTON LLAL

aza ia imitedas to diapus your meda degree contact

- Telephone: 01582 548782 Monday to Friday 0900-1700

Victorian Britain returns to Leighton

CCTV released after food donations theft

By Stewart Carr

07860 531504 stewart.carr@jpimedia.co.uk

Volunteers at Leighton Linslade Food Bank were left dumbstruck after a devious impostor stole two trolley loads of food donations from Tesco.

The brazen theft took place last Thursday (September 26), when two volunteers from Leighton Linslade Community Food Bank arrived at the Vimy Road store, only to be told that the donations had already been taken.

Now, Beds Police has released CCTV stills of a woman they believe can assist with their enquiries.

"For somebody to do this is appalling," said the food bank's co-ordinator, Paul Latimer, who runs Leighton Linslade Homeless Service..

"Whoever was behind it knew what time we usually come to pick up the donations, and they had phoned the shop

to say they were coming early.

We have a mum and daughter who usually go on a Thursday lunchtime to unload the trolleys, and they were dumbstruck.

They couldn't imagine why anybody would do this, especially at this time and in this economy when we're feeding more and more families."

MrLatimersaid heand vol-

reshocked to learn that the alleged thief eek to return to the ontinue shopping ig their car with the

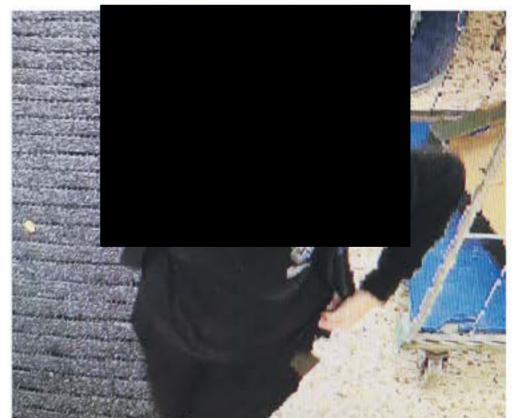

e the theft, Mr Lahe was grateful to ts ongoing support e town's homeless. "We're very graten for allowing us to leave those trolleys there.

We feed an average of ten families with two to five children each and every week, but we've lost a lot of donations as

a result of this theft. "Anything that anyone can do to help us will always be greatly appreciated."

PC Jim Maden, from the Leighton Buzzard communitypolicing team, said: "We believe the woman pictured can help us with our enquiries.

'If anyone knows who this is, or has any other information which might be relevant to our investigation, please contact us on 101, quoting reference 40/55975/19."

Beds Police want to speak to this woman in relation to the incident

The consultation documents will be made available free of charge on LLAU's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details below. full suite of printed consultation documents will be made available for purchas the cost of £250 plus postage. All document requests are limited to one bousehold or organisation. Copies of the printed documents or USB memory s can be obtained by emailing faturelaton@Hal.org.uk, by writing to FREEPC FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Fri between 0900 and 1700.

Comments on the proposals can be made in the following ways-

- Online: complete or download the Feedback Form at the project website www.futurelaton.llal.org.uk
- · At the Consultation Events: Feedback Forms can be completed and left at the Event
- By email or post: completed Foetback Forms, and any other comments, can be emailed to futurelation dillial orgask or returned by post (no stamp required) to Illal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL. in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Ariation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested.

If you have any questions about this consultation please contact the project team by:

- · Email: futureluton@fllal.org.uk

Showdown over police numbers

By Stewart Carr

07860 S31504 stewart.carr@jp.media.co.uk

Leighton-Linslade Town Council is ramping up its challenge to Beds Police over the "thinly scattered" number of police officers keeping people safe in the south west of the county.

Last month, the town council wrote to Chief Constable Garry Forsyth to air its concerns over the perceived lack of local policing.

In response, the force has announced Detective Chief Superintendant David Boyle will attend the next full town council meeting on January 27, 2020, to discuss the police model for the town.

News of the visit comes amid rumours Police and Crime Commissioner (PCC) Kathryn Holloway plans to step down from her role at next year's election, with the local Conservative Party already said to be profiling potential candidates.

The LBO has been given a summary of the town council's letter.

The town council commended the community policing team for its "outstanding" work.

Residents have lost confidence in the police service given the perceived lack of visibility of officers.

The community policing team are expected to cover a huge geographical area from Barton-Le-Clay to Caddington and over to Leighton-Linslade. Overstretched resources are to the public so "thinly scattered to the point of being ineffective", with "a significant proportion of a shift having to go to custody in Luton".

In the opinion of the parish, policing numbers are not enough for an ever-expanding population which has increased by over a third in the past 10 years and will continue to grow as more houses are built. The parish shares the same concerns as the outlying parishes regarding rural crime issues.

The town council will continue to do what it can to lobby for additional policing resources

Accessing a point of police presence – currently housed in the fire station – is not acceptable and does little to foster public confidence.

In response, Beds Police stated that the policing model they currently operate works within the financial constraints they have to operate.

The force said it remained committed to community policing and it is expected that policing resources will increase over the coming three to four years as more officers are recruited and subsequently trained.

Last week, the commissioner announced the force had been given government funding to recruit an extra 54 officers in Bedfordshire.

The shared premises with the fire service in Lake Street has been criticised by councillors in the past as being little more than a tearoom for the police

The recruits will join during 2020-21, and are in addition to the 40 new officers which will be funded by an increase in council tax, as well as those being hired to fill existing vacancies.

eighton Linslade Foodbank CCTV: Clarification

We recently reported the theft of food donations at Tesco which were intended for the Leighton Linslade Foodbank. Bedfordshire Police provided us with a CCTV image of a woman they thought could help with their enquiries. In fact, the image is of a woman who is entirely innocent and was at the supermarket to pick up items for a toddlers' group, which she has done on many occasions. We are happy to clarify the situation for the benefit of the woman pictured and our readers.

Nominate for lights duties!

Nominations have been flooding in since we launched our search last week for a worthy community champion to turn on Leighton Buzzard's Christmas lights.

There's still plenty of time to put forward the deserving person you think the judging panel should be considering.

[Monday 14 October 2019]

Dear Sir / Madam

Statutory Consultation – Proposed Expansion of London Luton Airport
Section 42, Planning Act 2008
Regulation 13, Infrastructure Planning (Environmental Impact Assessment) Regulations 2017

London Luton Airport Limited (LLAL) is writing to consult you on its proposals to expand London Luton Airport (LTN). This is a statutory pre-application consultation under the Planning Act 2008 (the 2008 Act).

The proposals include a new terminal and supporting facilities and infrastructure predominantly on the north side of the existing runway. Alongside adjustments to the existing terminal, this would allow expansion to be phased over time in line with demand, increasing capacity from the current permitted cap of 18 million passengers per annum (mppa) up to 32 mppa. The proposals also include: new public open space to compensate for the loss of part of Wigmore Valley Park; earthworks to the east of LTN to create the platform for expansion; and improvements to highway infrastructure serving LTN.

LLAL's expansion proposals are classified as a 'Nationally Significant Infrastructure Project' (NSIP). This means that an application for a Development Consent Order (DCO) is required to authorise our proposals. The application would be submitted to the Planning Inspectorate, which is responsible for examining DCO applications and making a recommendation to the Secretary of State, who then takes the decision on whether the proposals are approved.

Prior to making an application, LLAL is required under section 42 of the 2008 Act to consult certain specific people and organisations about our proposals. You are receiving this letter because we believe you fall into one of the categories of people or organisations that we are required to consult before submitting an application.

Included with this letter is a copy of the statutory notice of consultation which LLAL has published under sections 42, 47 and 48 of the 2008 Act. Please read this notice, which contains:

- a list of the consultation documents, including our Guide to Statutory Consultation;
- how you can access the full suite of consultation documents, including in electronic format via our project website www.futureluton.llal.org.uk and in hard copy formats;
- a list of the consultation events we are holding, and their dates and timings; and
- information about how you can respond to the consultation, including via our Feedback
 Form.

Consultation on our proposals commences on Wednesday 16 October 2019 and the deadline for receiving responses to the consultation is 11:59 pm on Monday 16 December 2019.

All feedback received during the consultation will be considered alongside ongoing technical work, and used to help develop our proposals. We are proposing to submit a DCO application in mid-2020.

Should you have any further questions at this stage, please do not hesitate to contact LLAL using the details set out at the end of the enclosed statutory notice of consultation, or at one of our consultation events.

Yours faithfully

Programme Director

LONDON LUTON AIRPORT LIMITED

SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- · the SoCC
- · Guide to Statutory Consultation document
- Information booklet
- Feedback Form
- Scheme Development and Construction Report
- · Surface Access Strategy Report

- Outline Need Case
- · Explanatory Note on Airspace
- · Compensation Proposals
- PEIR (including non-technical summary of the PEIR)
- · Outline Employment and Training Strategy
- Draft Land Assembly Plans

The consultation runs from Wednesday 16 October 2019 to Monday 16 December 2019 and during this period you can view and download the consultation documents via LLAL's project website at www.futureluton.llal.org.uk. Hard copies of the documents will also be available to inspect free of charge at the locations and times listed in the table below. The SoCC will be available to view on the project website and at the document inspection venues from Wednesday 9 October 2019.

The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details

below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per household or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futureluton@llal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday between 0900 and 1700.

Comments on the proposals can be made in the following ways-

- Online: complete or download the Feedback Form at the project website www.futureluton.llal.org.uk/
- . At the Consultation Events: Feedback Forms can be completed and left at the Event
- By email or post: completed Feedback Forms, and any other comments, can be emailed to futureluton@llal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY 16 DECEMBER 2019.

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested.

How to contact us:

If you have any questions about this consultation please contact the project team by:

- · Email: futureluton@llal.org.uk
- Post: write to us (no stamp required) at FREEPOST FUTURE LUTON LLAL
- Telephone: 01582 548782 Monday to Friday 0900–1700

Dear «Dear».

London Luton Airport Expansion

Request for information regarding interests in land in connection with proposed development

In December 2017, London Luton Airport Limited (LLAL) launched our 'Vision for Sustainable Growth 2020 – 2050' and in 2018 and 2019 we carried out public consultations on our proposals to increase the capacity of London Luton Airport. The proposals consulted on are set out in our scoping report, which can be found on the Planning Inspectorate's website:

https://infrastructure.planninginspectorate.gov.uk/projects/eastern/expansion-of-london-luton-airport/?ipcsection=docs.

LLAL plans to make an application for a Development Consent Order (DCO) under the Planning Act 2008 to obtain permission for the proposed expansion of London Luton Airport (the "proposed development"). As part of this application, we have a duty to identify all parties with a legal interest in land which is not required for the development itself, but is in area which may be affected by the proposed development. Examples of this may include land being within certain noise contours or being in close proximity to highway works associated with the development.

The purpose of this exercise, known as 'Land Referencing', is to identify those parties who will be statutory consultees on the proposed application before it is submitted. Those parties will also be notified when the DCO application is submitted. LLAL has engaged specialist firm WSP UK Limited (WSP) to conduct the Land Referencing exercise. A Land Referencing guidance sheet can be found at which provides further details on the Land Referencing process.

You may have received a similar letter to this one last year. We are getting in contact with you again to confirm that the information we have, including information you may have previously provided, is still correct. This is a statutory obligation required of us by the DCO process and it allows us to keep you informed as our plans progress. Importantly, it also means that you are able to continue to help

us shape our vision for an expanded London Luton Airport. It is likely that we will need to contact you again before we submit our application.

Enclosed with this letter is a Land Interest Questionnaire (LIQ) which sets out our understanding from information that you may have previously provided to us and publicly available information, such as HM Land Registry, your interest in land relevant to the proposed development. We wish to confirm that we have correctly identified your details, your interest and the details of other parties that you understand may also have an interest in the land.

I would be grateful if you would complete the LIQ to confirm the information that we currently hold is correct and to identify any other people who may have relevant interests in the land so that we may contact them regarding the proposals.

Once completed, please sign the document and return it to WSP in the stamped addressed envelope provided with this letter, or alternatively you may e-mail a scanned copy to good and the stamped addressed envelope provided with this letter, or alternatively you may e-mail a scanned copy to good and the scanned copy to good and good good and g

As part of our duty to identify those with an interest in the land, it is normal practice to visit land owners who have not returned the questionnaire, in order to seek information in person. If we do not receive a completed response we may therefore visit the property(ies) in the enclosed questionnaire, at a date later this year. Should we need to visit we will do so following any guidance applicable at the time relating to relevant Covid-19 safety precautions.

We are planning to hold a further consultation on our proposals for the proposed development, most likely early in 2021, and we will be notifying consultees about this at the commencement of the consultation process. In the meantime, for more information on the proposals please visit our website at and further information on the LLAL Vision for Sustainable Growth 2020-2050 can be found.

For more information on the stages of the process for obtaining a DCO, and your opportunity to participate, please visit the Planning Inspectorate's website: https://infrastructure.planninginspectorate.gov.uk/ where you will find a helpful short film via the link headed "How the application process works".

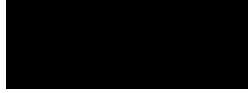

We take the handling of your personal data seriously. For more information on how we handle personal data, please see the privacy notice on our website at

I would like to thank you in advance for your assistance and look forward to receiving your response as soon as possible.

Yours faithfully,

Enclosures: Land Interest Ques ionnaire (LIQ)

C4 Section 47 and 48 Notice

LONDON LUTON AIRPORT LIMITED

SECTIONS 42, 47 AND 48 OF THE PLANNING ACT 2008 ("THE 2008 ACT")

REGULATION 4, INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 ("THE 2009 REGULATIONS")

NOTICE OF PUBLICATION OF A STATEMENT OF COMMUNITY CONSULTATION AND NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER FOR LONDON LUTON AIRPORT

NOTICE IS HEREBY GIVEN that London Luton Airport Limited ("LLAL") of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA intends to apply to the Secretary of State for a Development Consent Order ("DCO") under section 37 of the 2008 Act to expand London Luton Airport ("LTN"), located to the south-east of Luton.

Under section 47 of the 2008 Act, LLAL has a duty to consult the local community in accordance with a Statement of Community Consultation ("SoCC"), which sets out how LLAL will undertake its consultation. This notice publicises where and when the SoCC can be inspected, pursuant to section 47(6)(a).

Additionally, LLAL has a duty to publicise the proposed application under section 48 of the 2008 Act in line with Regulation 4 of the 2009 Regulations. In accordance with those provisions, this notice also summarises the main proposals and explains where the consultation documents can be viewed.

Summary of Proposed Works

The proposed DCO application would, amongst other things, authorise the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at LTN. This would allow LTN to make best use of the existing single runway, in accordance with government aviation policy. In addition to the new terminal, the DCO application would authorise adjustments to the existing terminal and its associated aircraft stands, to allow the expansion to be phased over time and in line with growing demand to 32 million passengers per annum ("mppa"). The current permitted capacity of the airport is 18 mppa.

To accommodate the expansion, a major earthworks operation would be required to the east of the existing airport to create the platform on which the new terminal and associated facilities would be located. The proposed DCO application would also include replacement open space to compensate for the area of Wigmore Valley Park into which the airport would expand, along with environmental mitigation works in the vicinity of the airport. To achieve this increase in passenger numbers, associated improvements to surface access transport infrastructure, including connecting roads and off-site junctions would also be required.

The proposed project is Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which Environmental Impact Assessment is required. An Environmental Statement will therefore be submitted as part of the proposed application containing information about the environmental effects of the proposed development. Preliminary environmental information can be found in the Preliminary Environmental Information Report ("PEIR"), which forms part of the consultation material.

Details of the proposed application and copies of the consultation documents (which include plans and maps) include—

- · the SoCC
- · Guide to Statutory Consultation document
- Information booklet
- Feedback Form
- Scheme Development and Construction Report
- · Surface Access Strategy Report

- Outline Need Case
- · Explanatory Note on Airspace
- · Compensation Proposals
- PEIR (including non-technical summary of the PEIR)
- · Outline Employment and Training Strategy
- Draft Land Assembly Plans

The consultation runs from Wednesday 16 October 2019 to Monday 16 December 2019 and during this period you can view and download the consultation documents via LLAL's project website at www.futureluton.llal.org.uk. Hard copies of the documents will also be available to inspect free of charge at the locations and times listed in the table below. The SoCC will be available to view on the project website and at the document inspection venues from Wednesday 9 October 2019.

The consultation documents will be made available free of charge on LLAL's project website at www.futureluton.llal.org.uk, and on USB memory stick by request. Those without computer access can request a printed copy of the Guide to Statutory Consultation and Feedback Form using LLAL's contact details

below. The full suite of printed consultation documents will be made available for purchase at the cost of £260 plus postage. All document requests are limited to one per household or organisation. Copies of the printed documents or USB memory stick can be obtained by emailing futureluton@llal.org.uk, by writing to FREEPOST FUTURE LUTON LLAL, or by telephoning 01582 548782 Monday to Friday between 0900 and 1700.

Comments on the proposals can be made in the following ways-

- Online: complete or download the Feedback Form at the project website www.futureluton.llal.org.uk/
- . At the Consultation Events: Feedback Forms can be completed and left at the Event
- By email or post: completed Feedback Forms, and any other comments, can be emailed to futureluton@llal.org.uk or returned by post (no stamp required) to FREEPOST FUTURE LUTON LLAL

COMMENTS MUST BE RECEIVED NO LATER THAN 2359 ON MONDAY 16 DECEMBER 2019.

Responses should state the ground of representation, the nature of your interest in the proposed project, indicate who is making it, and provide an address to which any correspondence relating to the representation may be sent.

Personal information that is supplied to LLAL in response to this consultation will be treated confidentially and processed and handled in accordance with the Data Protection Act 2018. The information may be disclosed to or shared with LLAL's connected companies, agents, contractors and advisors who provide services to LLAL in connection with the preparation of an application for development consent under the 2008 Act. This will allow LLAL to fully consider the responses and use them in the preparation of application materials. Upon submission of LLAL's application for development consent under the 2008 Act or in connection with LLAL's application for any consents or licences from the Civil Aviation Authority, the Secretary of State or the Civil Aviation Authority may require LLAL to supply copies of all consultation responses received. If a request is made, LLAL is under a legal obligation to supply such copies. By submitting a consultation response to LLAL, a respondent agrees that we may supply a copy of their response to the Secretary of State via the Planning Inspectorate if required to do so, or to the Civil Aviation Authority if requested.

Section 46 letter notifying Secretary of State **C5**

London Luton Airport Expansion Development Consent Order

The Secretary of State c/o The Planning Inspectorate Temple Quay House 2 The Square Bristol BS1 6PN

Your Ref

Our Ref 165993.0001 Date 14 October 2019

Dear Sirs

London Luton Airport Limited
Planning Act 2008 Section 46 Notification
Proposed Expansion of London Luton Airport Development Consent Order

We act for London Luton Airport Limited ('LLAL'), owners of London Luton Airport ('LTN').

We write to provide the Secretary of State with notification for the purposes of section 46 of the Planning Act 2008 ('the Act') that LLAL proposes to commence consultation pursuant to section 42 of the Act in regard to its proposed application for a Development Consent Order to authorise the expansion of LTN ('the LTN DCO'). The consultation will begin on **Wednesday 16 October 2019** and the deadline for receiving responses is **11:59 pm on Monday 16 December 2019**.

As you are already aware, LLAL proposes to apply to the Secretary of State under section 37 of the Act for the LTN DCO. The application would seek, amongst other things, authorisation for the construction and operation of a new second terminal and associated facilities, including new aircraft stands, apron and taxiways, predominantly on the north side of the existing runway at London Luton Airport.

LLAL's proposals include increasing LTN's capacity from the current permitted cap of 18 million passengers per annum ('mppa') up to 32 mppa, which means the project is classified as a 'Nationally Significant Infrastructure Project' by the Act.

In accordance with section 46 of the Act, LLAL hereby supplies the Secretary of State with the same information that is being supplied to all relevant consultees identified in accordance with section 42 of the Act, and encloses with this letter the following consultation documents on USB (in electronic copy):

- Guide to Statutory Consultation document
- Information booklet
- Feedback form
- Statement of Community Consultation
- Scheme Development and Construction Report
- Surface Access Strategy Report
- Outline Need Case
- Explanatory Note on Airspace
- · Compensation Proposals
- PEIR (including non-technical summary of the PEIR)
- Outline Employment and Training Strategy
- Draft Land Assembly Plans

We have also included with this letter a template of the letter being sent to statutory consultees under section 42 of the Act. A copy of LLAL's statutory notice, which discharges LLAL's notification obligations under sections 47 and 48 of the Act in a single notice, is appended to the section 42 letter. Inclusion with the letter discharges LLAL's obligations under Regulation 13 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017.

All of the consultation documents will also be made available via LLAL's project website at www.futureluton.llal.org.uk from **Wednesday 16 October 2019**. The SoCC has been made available to view on the project website from **Wednesday 9 October 2019**.

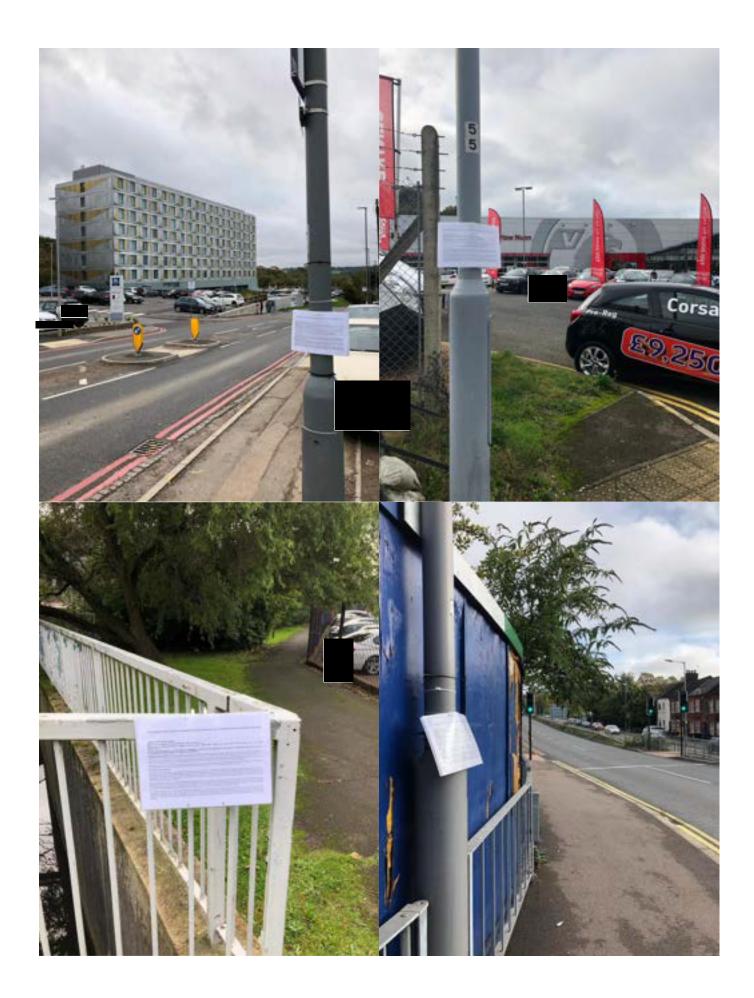

Following the receipt and consideration of responses to the statutory consultation it is expected that the LTN DCO application will be submitted to the Secretary of State in mid-2020.

We should be grateful if you would confirm safe receipt of this letter. In the meantime, should you have any further questions please do not hesitate to contact me on the details provided below.

Your Ref

Our Ref TGH/165993.0005 Date 28 March 2019

Dear Sir/Madam

Expansion of London Luton Airport Development Consent Order Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 ("the EIA Regulations")

We act for London Luton Airport Limited ("LLAL") which is seeking to increase the capacity of London Luton Airport ("LTN") to accommodate 32 million passengers per annum ("mppa") ("the Proposed Development") as part of their Vision for Sustainable Growth 2020 to 2050 published in 2017. LTN currently has planning permission for a capacity of 18mppa.

LLAL proposes to apply for a Development Consent Order ("**DCO**") under the Planning Act 2008 as the Proposed Development is a nationally significant infrastructure project under section 23 of that Act. This is because:

- under section 23(1)(b) the Proposed Development involves the alteration of an airport in England, the effect of which to increase by more than 10 million per year the number of passengers for whom the airport is capable of providing air passenger transport services; and
- under section 23(1)(c) the Proposed Development involves an increase in the permitted² use of an airport in England of more than 10 million per year in the number of passengers for whom the airport is currently permitted to provide air passenger transport services.

In accordance with regulations 8(1)(b) and 10(1) of the EIA Regulations, LLAL hereby:

Registered Office

BDB Pitmans is the trading name of BDB Pitmans LLP which is a limited liability partnership registered in England and Wales with registered number OC320798. ts registered office and principal place of business is 50 Broadway, London SW1H 0BL where a list of members' names is available for inspection. BDB Pitmans LLP is authorised and regulated by the Solicitors Regulation Authority. We use the word partner to refer exclusively to a member of BDB Pitmans LLP.

SRA ID Number 448617 18688791.1

¹ For the purposes of section 23(6), "alteration" is satisfied in this case because the Proposed Development includes (amongst other things) the construction of a new terminal building.

² "Permitted" means permitted by planning permission or development consent (section 23(7)). The current planning permission is capped at 18mppa.

- a) notifies the Secretary of State that it proposes to provide an environmental statement in respect of the Proposed Development with its application for a DCO; and
- b) requests the Secretary of State to state in writing their opinion as to the scope, and level of detail, of the information to be provided in the environmental statement (a scoping opinion).

The information required by regulations 8(3A) and 10(3) of the EIA Regulations and Advice Note Seven: Environmental Impact Assessment: Process, Preliminary Environmental Information and Environmental Statements is set out in the enclosed EIA Scoping Report.

We enclose with this letter a hard copy of the EIA Scoping Report. An electronic copy, as agreed, is provided via Sharefile, the login details to which have been provided to the Planning Inspectorate by email. Advance notice of the application and a GIS shapefile was submitted to the Planning Inspectorate by email on 15 March 2019.

The Applicant

As stated above, the applicant of the proposed DCO is London Luton Airport Limited of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA.

Plan to identify the land

In accordance with regulations 8(3A) and 10(3)(a) of the EIA Regulations, a plan sufficient to identify the land affected by the Proposed Development is set out at Figure 2.1 of the enclosed EIA Scoping Report.

Description of Proposed Development

The Proposed Development is described at section 3 of the EIA Scoping report. In summary, the Proposed Development includes the following:

- Creation of an airfield platform: earthworks from on-site excavation;
- New terminal with boarding piers;
- Additional taxiways and aprons (aircraft stands);
- Vehicle forecourt and multi-storey short-stay/mid-stay car parking adjacent to the terminal.
 Additional mid and long-stay surface parking, including replacement where the existing facilities are disturbed;
- Airfield facilities: Relocated engine run-up bay, compass swing bay and de-icing area, and fire training facilities;
- Landside facilities: Airport associated support buildings such as snow base, energy centre, logistics centre and service yard, and new fuel line connection and storage facilities;
- Surface access: Road and infrastructure provision and adjustments. Bus station, taxi ranks and extension of Luton DART to the new terminal;
- Surface water and foul management, including drainage, interceptors, surface water attenuation and treatment, foul water collection and treatment, effluent storage and discharge to ground; and
- Landscaping: Improvement or replacement of existing and planned public open space and amenities.

18688791.1 2

Likely significant effects of the Proposed Development on the Environment

The Applicant has explained the likely significant effects of the Proposed Development on the following areas, as set out in Chapters 6 – 21 of the EIA Scoping Report:

- Air Quality;
- Traffic and Transport;
- Climate Change;
- Greenhouse Gases;
- Noise and Vibration;
- Soils and Geology:
- Water Resources;
- Waste and Resources;
- Economics and Employment;
- Health and Community;
- Agricultural Land Quality and Farming Circumstances;
- Biodiversity;
- Landscape and Visual;
- Cultural Heritage;
- Major Accidents and Disasters; and
- In-Combination and Cumulative Effect.

The EIA Scoping Report also sets out any other information or representations LLAL wish to make at this stage.

Next steps

LLAL intends to consult in accordance with Sections 42, 47 and 48 of the 2008 Act in autumn 2019. It is expected that the application for a DCO will be submitted to the Planning Inspectorate in mid-2020.

Please let us know if you require any further information. We would be grateful if you could please confirm receipt of this letter.

Dear Mr

Planning Act 2008 (PA2008) - Section 46

Proposed application by London Luton Airport Limited for an Order Granting Development Consent for the Expansion of London Luton Airport

Acknowledgement of receipt of information concerning proposed application

Thank you for your letter of 14 October 2019 and the following documentation:

- Full suite of consultation documents.
- Example letter sent to persons consulted under s42 of the PA2008.
- A copy of the statutory notice providing notification under s47 and s48 of the PA2008.

I acknowledge that you have notified the Planning Inspectorate of the proposed application for an order granting development consent for the purposes of section 46 of the PA2008 and supplied the information for consultation under section 42. The following reference number has been given to the proposed application, which I would be grateful if you would use in subsequent communications:

TR020001

I will be your point of contact for this application – my contact details are at the end of this letter.

The role of the Planning Inspectorate in the application process is to provide independent and impartial advice about the procedures involved and to have open discussions with potential applicants, statutory bodies and others about the processes and requirements of the new regime. It is important that you keep us accurately informed of your timetable and any changes that occur.

We will publish advice we give to you or other Interested Parties on our website and, if relevant, direct parties to you as the Applicant. We are happy to meet at key

milestones and / or provide advice as the case progresses through the Pre-application stage.

Once you have prepared draft documents we are able to provide technical advice, in particular on the draft Development Consent Order, Explanatory Memorandum, the Consultation Report and any draft HRA. You may therefore wish to build this into your timetables.

In the meantime, you may wish to have regard to the guidance and legislation material provided on our website including the Infrastructure Planning (Fees) Regulations 2010 (as amended) and associated guidance, which you will need to observe closely in establishing the correct fee to be submitted at the successive stages of the application process.

When seeking to meet your Pre-application obligations you should also be aware of your obligation under the current data protection legislation to process personal data fairly and lawfully.

If you have any further queries, please do not hesitate to contact me.

Yours sincerely

Case Manager
