1 AIRPORT BOUNDARY PLAN

1.1 Purpose of this document

- 1.1.1 Luton Rising (a trading name of London Luton Airport Limited), owners of London Luton Airport (the Applicant) has submitted an application under section 37 of the Planning Act 2008 for an order to grant development consent for the expansion of London Luton Airport (the Proposed Development).
- 1.1.2 This document is part of a suite of documents which forms part of the application for development consent. A full description of all the application documents is provided in the **Introduction to the Application [TR020001/APP/1.03]** which also forms part of the suite of application documents.
- 1.1.3 This document is included in the application to comply with Regulation 5(2)(q) of the Infrastructure Planning (Applications: Prescribed Forms and Procedures) Regulations 2009 ("the 2009 Regulations"), which requires:
- a. 5(2)(q) 'any other documents considered necessary to support the application'
- 1.1.4 The plan has been included to identify the boundary of the London Luton Airport as at the point the DCO application was submitted, for the purposes of the definition of "airport" in article 2 of the **draft Development Consent Order [TR020001/APP/2.01]**. The Order limits are wider than the existing airport boundary and do not form part of this plan. Please see the Land Plans [TR020001/APP/4.03] for the Order limits.
- 1.1.5 In order to enable the airport boundary to be represented on a single sheet the plan uses a smaller scale than that prescribed in Regulation 5(3) of the 2009 Regulations.
- 1.1.6 As this document is part of the application documentation, it should be read alongside, and is informed by, the other application documents.
