

I wish to expand briefly some of the points raised in our RR including:

- the timing of this application and the process which has led up to it
- the noise impacts of the Airport on local communities
- the challenges of surface transport in the area around the Airport
- the lack of balance in the expansion of the Airport since 2014
- the particular sensitivity over additional night flights
- concerns about noise measurement and modelling
- concerns about governance and finance
- concerns regarding the proposed development of Wigmore Park
- concerns about a lack of justification or examination of alternatives
