Dear Team

My sincere apologies but I will not now be able to attend and speak at the planning inspectorate open meeting for Luton Airport tomorrow due to family illness.

I would like to place on record the support of NOAH Enterprise for the proposed expansion. Our organisation deals with homelessness and poverty affliction in the area and our service demand has doubled in the last 12 months. We are clear that what is needed in the town is economic growth coupled with a responsible attitude to the community and the environment. I believe that the Airport team has demonstrated that responsible approach and the creation of up to 11 000 new jobs will make a very serious positive difference to our community and provide opportunities that are currently not there for some of the poorest people in the area. It also needs to be said that charities like ours need voluntary donations and that is often dependent on the prosperity of the town. More people in work means more people spending and in turn giving to charities like ours. We believe that the expansion will be managed and delivered responsibly for the benefit of the community and the town and therefore it has our full support.

Kind regards

Andy
