Hi

we have lived at this address for a good number of years and in that time the plane take offs/landings/noise etc have increased dramatically We cannot hold a conversation, hear the radio or television when planes are going over Night flights have also increased disturbing our sleep on a great number of nights especially in the summer Why is it this airport allows night flights on a continuing basis when they should be banned and time limits be put in place as with Heathrow, Gatwick, stansted etc obviously emergencies must take priority We understand the reasons for the expansion creating jobs etc but this must be set aside with the many negative effects to the environment it will bring increased traffic to/from the airport, parking spaces at the airport and off site parking causing more disruption As a family we very strongly object to these expansion plans

Regards

John McKenna
