Dear Inspector

I write expressing My disappointment the local planning authority Huntingdonshire District Council have chosen not to become involved in each stage of the examination. The district council is neighbour of the application it may seem to be remote from the application. The recent change in stacking arrangements has resulted in additional noise many complaints have been made by Huntingdonshire District Council residents.

In the long term with present flight movements is having adverse effect on local residents noise being a factor leading to health concerns with long term pollution.

I deeply concerned Huntingdonshire District residents are not being represented evidence correct terms used during the application will be lost and local residents been failed at all stages of order granting development.

I have raised the issue with Chief Planning Officer and the Cabinet Member at Huntingdonshire District Council without appreciation of My concerns the local ward member for Great Paxton.

Hope you can give consideration at all stages the effect on Huntingdonshire District residents.

Kind Regards

Richard West
