Subject: Deadline 3 - Statements of Common Ground between the applicant and host authorities

Sian,

The host authorities have been engaging with the applicant to move forward on a range of areas within their statements of common ground and have a programme of continued engagement. However, at this stage, the SoCG have negligible changes within them and as a consequence the parties are of the view that submitting them at D3 will be of little assistance to the ExA. The parties would prefer to focus their efforts on submission of updated SoCG for Deadline 6, particularly given the scale of further material and engagement discussed at this week's Hearings.

Grateful for your guidance.

Paul
